Director of Athletics Bill Byrne

On behalf of the Nebraska Athletic Department, and all the wonderful fans in the State of Nebraska, welcome to Memorial Stadium for today's game.

Marilyn and I continue to be impressed by our wonderful Husker fans. It is this unbelievable "Big Red" support that enables Nebraska to continue its NCAA-record sellout streak, which will extend to 239 at the end of this season.

The Athletic Department is proud of the sincere sportsmanship extended by our fans. One of the noted traditions that sets Nebraska apart from most institutions is the warm and courteous welcome visiting teams and their fans receive. Tough competition and outstanding sportsmanship are vital components of intercollegiate athletics and our goals at the University of Nebraska.

On behalf of all Nebraskans, I would like to welcome visiting teams, fans, their coaches and student-athletes who will meet the Huskers on the field today. We hope that you enjoy your visit and the competition.

## By Shamus McKnight

After one of the most exciting games in recent memory, the top-ranked Nebraska Cornhuskers return to Memorial Stadium to take on the Iowa Hawkeyes in a regionally televised game by ABC this afternoon.

In their last contest two weeks ago, the Huskers survived a tough battle with Notre Dame, pulling out a 27-24 overtime win in South Bend, to improve to 2-0 on the season. Quarterback **Eric Crouch** rushed for 80 yards and scored three touchdowns, including a seven-yard score in overtime, to give NU the win, its fifth straight over a ranked opponent.

The Huskers dominated the line of scrimmage, outgaining the Irish 377-224, but allowed the Irish two special teams touchdowns and 317 return yards. I-back **Dan Alexander** recorded his second straight 100-yard day, finishing with 112 yards on 24 carries, including a 28-yard TD run, while Crouch also threw for 105 yards in the win.

Defensively, the Blackshirts held Irish quarterback Arnaz Battle to 3-of-15 passing for just 40 yards. Linebacker **Carlos Polk** led the Huskers with a career-high 12 stops, two pass breakups (including one which led to an interception) and two quarterback hurries, as he was selected the Big 12 and national defensive player of the week for his efforts. Polk was one of several defensive standouts in the win over Notre Dame as fellow linebackers **Randy Stella** and **Scott Shanle** each set career highs with seven tackles, while defensive tackle **Jeremy Slechta**'s seven-yard sack in overtime forced the Irish to kick a field goal on their possession.

The Huskers have been able to establish the run in their first two contests, averaging a nation-leading 389.5 yards on the ground. Alexander ranks fifth nationally in rushing, averaging 160 yards per game, while reserve I-back **Correll Buckhalter** also ranks among the nation's top rushers, averaging 80 yards per game. Another reason for the success of the offensive line, which has helped NU average 6.5 yards per rush. Against Notre Dame, senior guard **Russ Hochstein** tied a school record with 23 pancakes and he leads NU with 33 on the season, one ahead of sophomore **Toniu Fonoti**.

Entering the season, one area of concern on defense was in the secondary, which had to replace a pair of All-Americans in Mike and Ralph Brown. After two games, the Husker pass defense has been outstanding, as opposing quarterbacks have completed just 17-of-52 passes for 193 yards. Cornerbacks **Erwin Swiney** and **DeJuan Groce** led NU with four breakups each, while **Keyuo Craver** has added three PBUs.

The Husker pass defense should be tested against Iowa this afternoon. The Hawkeyes are winless on the season, falling to 0-3 after a 24-14 loss against Iowa State last Saturday. Iowa's offense is led by quarterback Scott Mullen, who has thrown for 625 yards and four touchdowns in his first three games. His favorite targets have been Kevin Kasper, who has 21 receptions for 225 yards and two touchdowns, and Kahlii Hill, who has 12 receptions for 160 yards and two scores. Junior Ladell Betts is Iowa's top ground gainer, rushing for 200 yards and a score in the Hawkeye's first three contests.

Defensively, Iowa possesses a strong linebacking corps, as the three Hawkeye linebackers have combined for 70 tackles in just three games. Junior Mike Dolezal leads the Hawkeyes with 26 tackles, including 18 solos, while LeVar Woods has 23 stops, including a team-high six tackles for loss. Derrick Davison rounds out the linebackers with 21 stops, while defensive end Aaron Kampman leads the defensive line with 20 stops. The Hawkeyes have an aggressive defense that has forced five fumbles and four interceptions in the first three contests.

The Huskers lead the all-time series 25-12-3, including wins in four of the past five meetings. Last season, the Huskers led just 7-0 heading into halftime before scoring 35 straight points in the second half en route to a 42-7 win in Iowa City. Alexander and Crouch ran for 95 and 92 yards, respectively, while **Matt Davison** led all Huskers with four catches for 69 yards. The Blackshirts held Iowa off the scoreboard and allowed just 169 yards of total offense and eight first downs. Polk had seven tackles and a sack, while Mike Brown's eight stops earned him Big 12 Defensive Player-of-the-Week honors. Iowa's only score came late in the fourth quarter off a blocked punt.

**Husker-Hawkeye Tidbits**

► Nebraska and Iowa will be meeting for the first time at Memorial Stadium in Lincoln since Sept. 11, 1982, when the No. 3 Huskers defeated the unranked Hawkeyes, 42-7.

► In 32 of the 40 all-time meetings between the schools, one of the teams has been held to single digits in points, including 16 shutouts.

► Iowa has scored seven or fewer points in each of the last three meetings in Lincoln and has scored more than 13 points just once in 16 all-time meetings in Lincoln.

► Nebraska's 2000 roster includes eight players from Iowa, including starting right rush end Kyle Vanden Bosch (Sr., Larchwood) and starting punter Dan Hadenfeldt (Sr., Des Moines). Junior linebacker Jamie Burrow and freshman free safety Dan Burrow are both from Ames. Andrew Dunn (Fr., Glenwood), Kellen Huston (Fr., Ankeny), Jack Limbaugh (Fr., Algona) and DeWayne Long (Fr., West Des Moines) round out the list of Iowans at Nebraska. Iowa has no players on its 103-player fall roster from the Cornhusker State.

**Halftime Ceremonies**

This afternoon, Nebraska will honor its Big 12 Championship teams from the 1999-2000 season. The Huskers won Big 12 regular-season titles in seven sports: football, volleyball, soccer, men's indoor track, women's indoor track, men's outdoor track and women's outdoor track.

The seven titles were the most by any Big 12 institution, as NU claimed the Omaha World-Herald's Big 12 all-sports trophy. In addition to the seven regular-season titles, Husker teams also captured conference tournament titles in soccer, softball and baseball. Last season, Nebraska finished sixth in the final Sears Director's Cup standings, its fifth straight top-15 national finish.

# From the Desk of Harvey Perlman

**W**hen you think of Husker athletics, you think of a program that has aimed for excellence and by staying focused on that target, met with remarkable success. Husker athletes are winners, both on the field and in the classroom. Glance up at the balcony on the East Stadium and you will note that Nebraska leads the nation in Academic All-Americans.

Those student-athletes are true winners. The University of Nebraska-Lincoln produces winners in other areas as well. Our success on the field is but one area in which Nebraska excels. I'm here to champion our successes that occur everyday in the classrooms, the laboratories, the studios and the offices that make up the university. We know about these successes because we see them reflected in our students and alumni as they compete effectively for positions in graduate or professional schools and for jobs and careers.

We see faculty successes as they win grants, make discoveries, create new products and teach our students. The list of faculty

successes is endless. Let me tell you today about four recent successes.

Atorod Azizinamini, a professor of civil engineering, studies how to build better bridges at lower costs. He does this, in part, by building full-sized bridges in his lab in the Walter Scott Engineering Center, and then stressing those bridges until they break. This year, he won a \$655,080 grant from the Federal Highway Administration to study high-performance steel bridges. He and his colleagues are developing design specifications for high-performance bridges to update bridge design codes and facilitate the use of new, tougher steel. They also are developing guidelines for more economical construction procedures that allow a bridge to be replaced in phases, thus allowing the bridge to continue to be used during the construction process.

Food scientists Mindy Brashears and Shelly McKee and veterinary scientist Eva Wallner-Pendleton found that chickens processed using an air-chilled technique carried fewer harmful bacteria than those processed in the conventional water-chilled method. While other factors need to be considered, they see their findings as but one piece of the farm-to-table channel. Their studies, while preliminary and small in size, may lead to new guidelines and recommendations on handling broiler chickens.

Marjorie Lou, a biochemist in the Department of Veterinary and Biomedical Sciences, has applied for a patent for an enzyme, thioltransferase, that may provide a new drug-based alternative to surgery to relieve age-related cataracts. More than half of people over 65 are afflicted by sight-

robbing cataracts – a clouding of the lens in the eye. Surgery to remove and replace the lens accounts for 12 percent of Medicare's budget. A drug-based treatment could reduce surgical costs and help cataract sufferers avoid the pain and risk of surgery while improving and maintaining eyesight.

Nebraska is the home-base for the Encyclopedia of the Great Plains, an ambitious work in progress by the UNL Center for Great Plains Studies. David Wishart, a geographer, is editing the encyclopedia, which when finished in 2003 will have about 1,400 entries. Topics range from the expected – agriculture, weather and native peoples – to the unusual – gender, protests and icons. The project is funded by the National Endowment for the Humanities and will be the first and so far only comprehensive work of its kind on the Great Plains.

These projects and many others are examples of the winning tradition at Nebraska.

Kyle Vanden Bosch

By David Wilson

Kyle Vanden Bosch distinctly remembers a few things about All-America rush end Grant Wistrom.

He was intelligent. He studied the game. But most importantly, his motor was always running.

"He was always going 100 miles-an-hour to get to the ball," said Vanden Bosch, who played rush end for the Huskers as a true freshman in 1997 – Wistrom's senior season. "That's the main thing I took from him. He never took a play off. That made a big impression on me."

Now, as a senior himself, Vanden Bosch is still using the approach he learned as a freshman in an effort to help the Huskers back to a national title game – a contest Nebraska has not played in since Vanden Bosch was a freshman.

As a senior that year, Wistrom was a difference maker for the Husker Blackshirts--a role Vanden Bosch is anxious to assume this fall. A preseason honorable-mention All-American, he finished his junior year with 37 tackles, including 11 tackles for loss.

"I really want to come in this year and make a lot of plays," Vanden Bosch said. "I want to be the difference maker, the guy opposing

offenses kind of call their plays around. I want to make stuff happen and just wreak havoc out there."

So far during his senior season, opposing offenses have been calling plays to escape Vanden Bosch's explosive ability on the field.

In the first two games, San Jose State and Notre Dame kept Vanden Bosch at bay by utilizing quick, three-step drops by their quarterbacks and running draws up the middle to limit his impact.

For the most part, San Jose State and Notre Dame were successful, holding Vanden Bosch to just five total tackles.

But the Larchwood, Iowa, native is hoping to make a much bigger impact on Nebraska's fortunes as the season rolls on, beginning with today's game against Iowa.

Vanden Bosch has experience as an impact player for the Blackshirts and the Huskers since he first arrived on campus in August of 1997. One of six true freshmen to see playing time that year, Vanden Bosch totaled 21 tackles, recovered one fumble and forced another.

He also saw special teams action as Nebraska finished 13-0. The Huskers defeated Tennessee in the Orange Bowl to win a share of the national title.

"I was fresh out of high school, so I don't know if I fully grasped the significance of playing in the national championship game," said Vanden Bosch, who recorded one tackle in NU's win over Tennessee. "My

freshman year was kind of a whirlwind. I was a little wet behind the ears. I just got thrown in the action."

"Having Grant Wistrom here helped me out a lot. He was one of the reasons that I came here. After his junior year, he was one of the best, if not the best rush ends in the country, so I wanted to come here because I knew I would be able to learn from the best."

And Vanden Bosch has learned well, Nebraska Rush Ends Coach Nelson Barnes said.

"He's made tremendous strides," Barnes said. "Physically, he's always been big enough and strong enough to play the position, but his movement has improved drastically. Kyle is very competitive. He has tremendous work ethic both on and off the field."

As a sophomore in 1998, Vanden Bosch had a chance to back up senior Chad Kelsay at left rush end, where Vanden Bosch recorded the most tackles of any non-starter on the team with 28. He had four tackles for 36 yards lost, posted two sacks, three quarterback hurries and forced two fumbles.

He also served as a valuable member of the NU special teams, where he caused two fumbles against Kansas State. On the second, Husker cornerback Ralph Brown scored on a 74-yard fumble return

Kyle Vanden Bosch will try to cap his senior season with All-America honors both on the field and in the classroom while leading the Huskers to their second national championship during his four-year career.

to tie the score at 24 with 1:05 remaining in the third quarter.

In the classroom in 1998, Vanden Bosch also earned academic All-Big 12 honors--a feat he repeated in 1999, as he earned first-team academic All-America honors.

"You kind of have to stay focused and set your priorities," Vanden Bosch said of his work in the classroom. "I'd be lying if I said it was easy. I've always been raised to give 100 percent with whatever I do. I've always wanted to make sure that when I play my last down of football, I have something to fall back on. So, I've focused on my studies to ensure that I'll be successful no matter what I do."

Vanden Bosch has shown his determination in the weight room as well, being named Nebraska's Lifter of the Year in both 1999 and 2000. Vanden Bosch is just the third two-time honor winner in the 22-year history of the award, following in the footsteps of Rik Bonness (center), who won the award in 1974 and 1975, and Donta Jones (linebacker), a double winner in 1993 and 1994.

In winter testing in 1999, Vanden Bosch recorded the fifth-best Performance Index score in team history with 2,939 points. He set personal bests in the pro agility (3.97 seconds), scoring 977 points--the second most points ever scored on any performance test in Nebraska's history. The mark also set a position record for rush ends.

"In all his testing, he has improved every year, especially his agility and his ability to use his hands," Barnes said. "Those things are helping him to excel."

Last fall, Vanden Bosch helped the Husker defense finish in the top six nationally in all four major defensive categories. He started 11 of 12 games at right rush end, sitting out against Oklahoma State with a sprained ankle.

Along with his 37 tackles, Vanden Bosch forced two touchdowns, both of which were returned for touchdowns (Julius Jackson returned one for a touchdown against Southern Mississippi, and Eric Johnson returned the other for a score against Kansas State.)

As a junior, Vanden Bosch also set a school record against Texas A&M with two blocked field goals, preserving a 37-0 shutout for NU.

But Vanden Bosch is expecting bigger things out of his senior season.

"The main difference between this year and last year is my confidence level," Vanden Bosch said. "The biggest thing that you get as you mature through the program is confidence. That can help you more than anything--more than super athletic ability. It even makes up for poor technique sometimes, just knowing you're going to go out there and make a play."

Just as Vanden Bosch learned from Wistrom, this year's group of young rush ends just might take a thing or two from Vanden Bosch, who was named one of six senior captains for the Huskers before the season began.

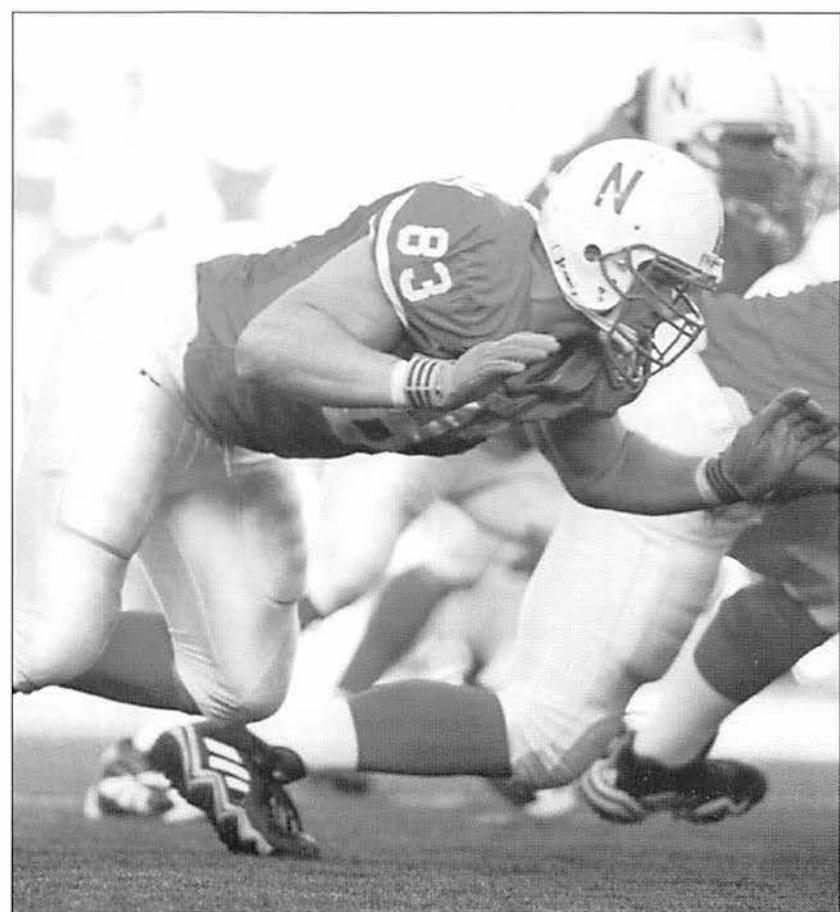

"All year round, he works hard," sophomore rush end Demoine Adams said. "That's something I've learned from him. Even when it

hurts, he still pushes himself knowing that in the end, it will make him better."

Vanden Bosch hopes the young Huskers take football seriously.

"I hope the younger guys look at the way I approach the game and take something from that," Vanden Bosch said. "I've never taken the game of football lightly. It means so much to me. I love the sport and I play it with a passion. I just hope they see that and take some of that into the game with them."

"If you don't love football, you might as well hang up the cleats. I hope they see how hard I've worked to get where I am."

## Bill Byrne

### Director of Athletics

### Eighth Year

When Director of Athletics Bill Byrne came to the University of Nebraska in 1992, he had a vision. His plan was to balance the budget, provide a stable financial base to build successful programs into the next millennium, provide complete and integrated services for Husker student-athletes, improve NU's aging facilities for the benefit of student-athletes and fans, and make Nebraska the best athletic program in the nation.

Now in his eighth year at NU, Byrne continues to passionately pursue his vision.

Improving facilities to pave the way to success has been a priority. Facility upgrades were not only needed to recruit the nation's top athletes, but to provide improved fan amenities and fan safety. The 1999 season unveiled NU's biggest project yet, the \$36.1 million Memorial Stadium Improvement Project, which includes much more than just 42 skyboxes and a press facility. Most impressively, the project provides a sound financial base for the future. Memorial Stadium improvements began with the addition of two HuskerVision replay boards in 1994, allowing Nebraska to become the first collegiate-owned venue to feature replay boards for its fans. Memorial Stadium was renovated to include an expanded training room, improved locker rooms, a new public address system, expanded restrooms, improved concession areas and improved seating for disabled fans. Complete waterproofing and concrete repair will continue throughout the stadium into the next decade.

Facility updates do not end with the football program. The University of Nebraska-Lincoln, the City of Lincoln and Lincoln Professional Baseball broke ground on a new \$32.1 million baseball/softball complex in April. Byrne led fund-raising efforts for the complex, which will house the NU baseball and softball teams as well as a new Northern League franchise. Opening in the spring of 2001, the baseball stadium will boast a capacity of 6,000 and will feature 16 skybox suites. The softball stadium, opening during the fall of 2001, will have a capacity of 2,500.

The Bob Devaney Sports Center has received more than \$7.9 million in improvements, including the addition of HuskerVision screens. The project also included improved fan amenities, better seating for disabled fans and a complete upper concourse renovation with a Hall of Honor, Husker Timeline and other exhibits commemorating a century of NU athletics.

The track and field program benefited from the \$2 million Ed Weir Outdoor Track Project completed before the 2000 outdoor season. Track and field will also receive a \$2.9 million indoor track renovation at the Devaney Center next year.

In 1998-99, the Abbott Sports Complex received a new press facility, which helped secure three home games in the NCAA Women's Soccer Championships in 1999. The women's rifle program also kicked off its first season with a new shooting range. In 1997-98, the NU Softball Complex received a new press box and exit plaza. The NU Coliseum received a new volleyball ready room, and new infield turf was installed at Buck Beltzer Baseball Stadium.

Over the past five years, the Athletic Ticket Office relocated to the Stadium Drive Parking Garage, along with the Huskers Authentic retail store, and the Athletic Marketing and Development offices moved to the South Stadium Office Building. Improvements and reorganization of the offices within the athletic department have helped make Nebraska more user-friendly and better utilizes Byrne's plan of "one-stop shopping" for fans and student-athletes. He also reorganized Nebraska's fund-raising efforts and started an integrated marketing and licensing program, which quickly took its place among the top five revenue-generating programs in the country. Byrne orchestrated these improvements while balancing the budget. NU had a \$2.5 million deficit when Byrne arrived in 1992. While operating on a \$39 million budget, the deficit is gone and the athletic program now provides more than \$40 million in economic impact to the Lincoln community each year.

He has made 10 coaching hires in the last seven years, and his knack for recognizing young, charismatic talent is evident. Byrne hired Dan Kendig in 1994 for women's gymnastics (advanced to the NCAA Championships in five of the last six seasons, including a school-best fourth-place finish in 2000); women's soccer coach John Walker in 1994 (advanced to the NCAA

Championships four straight seasons, including Elite Eight finishes in 1996 and 1999); Paul Sanderford for women's basketball in 1997 (earned NCAA tournament berths each of his first three seasons); Bill Straub for women's bowling in 1997 (won the national title in 1999); Dave Van Horn to lead the baseball program in 1998 (won back-to-back conference tournament titles in 1999 and 2000 and advanced to the NCAA Super Regionals in 2000); football coach Frank Solich in 1997 (guided Nebraska to a Big 12 title and No. 2 final ranking in 1999) and Karen Anthony for women's rifle in 1998 (finished third at NCAA Championships in program's second season). Volleyball coach John Cook, wrestling coach Mark Manning and men's basketball coach Barry Collier will all begin their first seasons at NU during 2000-2001.

During Byrne's tenure in Lincoln, Nebraska became only the second school in NCAA history to win three national football titles in a four-year span. NU has produced six national championships (women's bowling, volleyball, men's gymnastics and three football), 53 regular-season league titles, and 10 conference tournament titles under Byrne's leadership. He has helped increase Nebraska's conference-leading athletic program to 24 sports with the additions of women's soccer (1994), women's bowling (1997-98) and women's rifle (1998-99) and has been a strong supporter of complying with Title IX without hurting Nebraska's century-old men's programs. In the past six years, Byrne has promoted three women to senior administrative positions. Nebraska is the only school in the nation with a woman in charge of football operations and one of just a handful of Division I football schools to have a woman directing its sports information department.

Byrne has continued to make great strides in helping Nebraska improve its rank among the nation's elite, even though the Huskers entered the powerful Big 12 Conference in 1996. During the 1999-2000 season, Nebraska:

- finished in the top 20 nationally in 16 sports (football, volleyball, soccer, baseball, bowling, women's cross country, women's golf, men's gymnastics, women's gymnastics, women's indoor and outdoor track, rifle, men's and women's swimming, wrestling and softball).
- recorded its fifth consecutive top-15 finish in the Sears Directors' Cup standings with a sixth-place showing in Division I.
- won seven regular-season Big 12 championships (football, soccer, volleyball, men's indoor and outdoor track and women's indoor and outdoor track) and three Big 12 tournament championships (baseball, soccer, and softball).

Byrne was hired to replace legendary coach and athletic director Bob Devaney on June 26, 1992, becoming the 11th Nebraska Director of Athletics after 10 successful years at the University of Oregon. Highly respected among his peers, Byrne was named the Central Region NACDA/Continental Athletic Director of the Year along with being recognized by the American Football Coaches Association in 1999. Byrne was vice-president and secretary-treasurer of the College Football Association and has served on the NCAA Special Committee on Marketing and Licensing and the Committee on Special Events.

Byrne is recognized as a national leader in collegiate athletics and continues to make an aggressive effort to place conference officials on key NCAA committees to represent Big 12 institutions. In 1999, he served as the chairman of the Big 12 Conference Board of Athletic Directors and has had an active voice in conference planning.

Before coming to Nebraska, Byrne became one of the youngest directors of athletics in Division I, assuming the top job at Oregon in May 1984. He established fund-raising offices in Portland and southern Oregon and set up a full-time marketing and promotions operation, which blossomed to encompass the Oregon Sports Network for statewide in-house production of Ducks games on radio and television. Byrne led the \$19 million fund drive that resulted in new homes for Oregon's football team and athletic offices. He was responsible for the construction of a new press box, sky suites and total renovation of Autzen Stadium in 1991. Two years later, the facility's Hall of Champions was dedicated in Byrne's honor.

Byrne grew up in Idaho and attended Idaho State. He was the student body president and received bachelor's and master's degrees in business from Idaho State in 1967 and 1971. Before going to Oregon in 1982, he was assistant athletic director at San Diego State (1980-82), executive director of the New Mexico Lobo Club (1976-79) and director of alumni relations at Idaho State (1971-76).

Byrne's wife, Marilyn, is the dean of graduate studies in educational leadership at Doane College and earned her Ph.D. in higher education administration from NU. The Byrnes have two sons and two grandsons. Greg and Regina Byrne and their sons, Nicholas, 5, and Davis, 3, live in Junction City, Ore., where Greg is an associate athletic director at Oregon State. Bill is a vice president for Visa in its world-wide computer center located in San Mateo, Calif.

# Frank Solich

## Head Coach Third Year

Few college football coaches have faced a more daunting task than the one that greeted Frank Solich when he took over the Nebraska football program in 1998. After all, the Husker program had won three national titles in four seasons and posted an unprecedented 29 straight nine-win seasons.

But while his challenge was great, there was no other coach as prepared for the task as Solich, a veteran assistant in the Nebraska program. Solich is a product of the Nebraska football program that has been the model of stability, consistency and excellence in collegiate athletics for nearly 40 years. Those qualities were established by Coach Bob Devaney, then carried on for a quarter century by his successor, Tom Osborne.

That stability was the primary reason that on Dec. 10, 1997, just moments after Osborne announced his retirement, Solich was named the 26th head coach in Nebraska's 110 years of football tradition. Solich fits the Husker model for success. Just as Osborne was groomed by Devaney to be the head coach, Solich was Osborne's heir-apparent. He served on Osborne's staff for 19 seasons, first for four seasons as the head freshman coach and for 15 years as running backs coach. His last seven years as an assistant, Solich had the additional duties of assistant head coach.

Now entering his third season as head coach, he has proved to be the right choice to lead one of the nation's elite football programs. Solich has guided the Huskers to a 21-5 record in the past two years, the most wins by a Nebraska coach in his first two seasons at the helm. In fact, the 31-21 win over Tennessee in the 2000 Tostitos Fiesta Bowl tied Solich for third all time in victories in the first two seasons of a college coaching career.

The 2000 season is one of great anticipation for the Husker staff, players and fans as Solich's squad appears primed for a national title run. Nebraska returns 20 starters from last year's 12-1 campaign, including 11 on the offensive side of the ball.

Last year was a special one for Solich and his team. A midseason loss at Texas damaged Nebraska's national championship hopes, but Solich rallied his troops for an impressive stretch run. Nebraska faced possibly the nation's toughest five-game slate to end the season, but the Huskers answered with authority.

Nebraska shut out defending Big 12 champion Texas A&M, 37-0, then came back a week later to rout previously unbeaten Kansas State, 41-15. Against a dangerous Colorado team in Boulder, Solich led the Huskers to a gutsy overtime win, setting the stage for Nebraska's most impressive outing of the 1999 campaign.

The Huskers avenged their only loss of the season with a dominating 22-6 win against Texas in the Big 12 Championship game in San

Antonio. The win made Nebraska the first team to capture two Big 12 titles and gave Solich his first league crown in just his second season.

Solich's Huskers completed their late-season charge with a show of force against Tennessee in the Tostitos Fiesta Bowl. Nebraska manhandled the No. 6 Volunteers with a rushing attack that churned out 321 yards, including 238 after halftime and wore down a talented Tennessee defense. The Huskers finished the season ranked second nationally by the Associated Press and third in the USA Today/ESPN Coaches Poll.

The Huskers' 1999 team success was largely attributed to Solich's calm and confident direction. He confidently made tough on- and off-field personnel decisions early in the season, then watched as the Huskers responded by developing cohesive offensive and defensive units, as well as exceptional special teams forces. Solich's role in Nebraska's championship season was recognized. He was chosen as Big 12 Coach of the Year by both his coaching peers in the conference and the Associated Press.

The 1999 Huskers were dominant on defense, ranking in the nation's top six in all four major defensive statistical categories, including fourth in total defense. Nebraska wasn't far behind on offense. The Husker ground game captured the league rushing title for the 12th straight season and ranked fourth nationally, averaging 265.9 yards per game. And like Osborne's teams and Solich's first squad, the Huskers boasted a strong special teams unit, ranking 12th in the nation in net punting and recording 10 blocked kicks during the season.

Nebraska's 12-1 season marked the seventh season with 12 or more wins, its fourth in the 1990s and sixth in Solich's 21 seasons on the Husker coaching staff.

In Solich's first season as head coach, the Huskers posted a 9-4 record, the 30th straight season Nebraska had won nine or more games. In addition, Nebraska's appearance in the Culligan Holiday Bowl marked the 30th straight year the Huskers had played in a postseason contest. Solich's nine victories in 1998 equaled the totals of his two Hall-of-Fame predecessors, Devaney and Osborne, who each won nine games in their first season as Nebraska's head coach.

Nebraska's success in 1998 came in the face of a great deal of adversity that could have made a lesser program shake. The Huskers opened the season with one of their least experienced squads in many seasons. Throughout the year, Solich's leadership was tested by a rash of injuries that hit the 1998 team. In all, nine projected starters missed a total of 45 games, forcing Solich to put a different starting lineup on the field nearly every Saturday.

Despite the youth and injuries Nebraska's four losses were by a total of just 24 points and all against teams who finished the season ranked among the nation's top 15.

Nebraska's first-year transition from Osborne to Solich as head coach was very smooth. Like Osborne, Solich served as his own offensive coordinator and like all of Osborne's teams, the 1998 Huskers were among the 12-best, averaging 253.8 yards per game on the ground and

ranking sixth nationally in rushing.

Nebraska's defense was strong in 1998, ranking 22nd in total defense, 16th in rush defense and 11th in scoring defense. The Huskers also boasted a strong special teams unit, ranking seventh in the nation in net punting.

The most important aspect of Solich's promotion to head coach may be that it kept the veteran Husker coaching staff intact. All of Osborne's assistants remained on Solich's first staff. The current Husker coaching staff has a combined 132 years of experience at Nebraska and entering his third season, Solich has had to hire just two assistant coaches, including one to replace himself. That experience allowed Solich to begin his head coaching career surrounded by familiar faces and ideas.

The 55-year-old Solich can trace his ties to the Nebraska football program back to the beginning of the Devaney era and the turnaround of Nebraska football. Solich was part of Devaney's first recruiting class at Nebraska and became a standout fullback for the Huskers in the mid-1960s, lettering in 1963, 1964 and 1965. His playing career earned him induction into the Nebraska Football Hall of Fame in 1992.

While some remember Solich for his playing days, most Husker followers are more familiar with his work on Osborne's staff. Noted as one of the nation's top assistant coaches, Solich was tabbed Athlon Magazine's Assistant Coach of the Year before the start of the 1993 season.

Solich has been one of the primary factors in making Nebraska the model for the running game in college football. In nine of Solich's 15 seasons as running backs coach, Nebraska led the nation in rushing and finished in the top four every year. In the same period, the Huskers led the conference in rushing 13 times, including each of the last 10 seasons, and finished second in 1986 and 1987. In fact, NU churned out more than 350 yards per game while Solich guided the running backs.

Solich, who recruited and coached 1983 Heisman Trophy winner Mike Rozier, produced at least one all-conference running back in 13 of the 15 seasons he tutored that position.

In 1997, Solich's final season as running backs coach, Nebraska won its fifth NCAA rushing title in the 1990s, averaging 392.6 yards per game. Leading the way was junior I-back Ahman Green who earned All-Big 12 and second-team All-America honors. Green rushed for 1,877 yards, the second-best single-season total in NU history, and 22 touchdowns and capped his season with an Orange Bowl record 206 yards rushing against Tennessee. Green opted to turn pro after his junior year, but his 3,880 career yards rank him as the No. 2 rusher in NU history behind Rozier.

Green's 1997 season continued a run of excellent seasons by Husker I-backs. However, it is not just the I-back position that makes the Nebraska running game strong.

Husker fullbacks have been equally important to the ground game for the last three decades, dating back to Solich's playing days in the 1960s. NU's fullback play has never been stronger than in 1997 and 1998, when Joel Makovicka manned the position. Under Solich as a junior, Makovicka rushed for 685 yards and tied the Husker fullback record with nine touchdowns. In 1998, Makovicka broke the school record for career touchdowns by a fullback.

In 1996, Solich had a stable of running backs that combined for more than

2,000 yards, despite a series of injuries. Green was a third-team All-Big 12 selection as a sophomore, rushing for a team-high 917 yards. True freshman DeAngelo Evans chipped in 776 yards and scored 14 touchdowns. In 1995, Green broke the school's freshman rushing record with 1,086 yards and earned first-team All-Big Eight honors. He was also named the league's offensive newcomer of the year.

Green was the final addition in a long line of running backs who earned postseason honors and racked up record numbers under Solich. Green became the seventh Husker I-back to be a two-time all-conference selection under Solich, joining Rozier (1982-83), Doug DuBose (1984-85), Keith Jones (1986-87), Ken Clark (1988-89), Derek Brown (1991-92) and Calvin Jones (1992-93). In addition, Lawrence Phillips earned first-team All-Big Eight and second-team All-America honors in 1994, en route to the third-best single-season rushing total in school history. Solich-coached running backs own 20 of NU's 28 200-yard single-game rushing performances, while he accounted for one of the other eight himself. In addition, Solich tutored seven of the top eight performers on the school career rushing list, including each of the top four.

The dominant Husker running game has keyed an offense that has helped make Nebraska the most successful college football program in the last 30 years. Osborne won 255 games in his 25 years, with Solich on the staff for the last 200 of those victories. In fact, Nebraska teams that Solich has been a part of for the last 21 years have posted an amazing 221-38-1 record, for an .852 winning percentage.

In Solich's 19 years as an assistant on the NU staff, the Huskers captured three national championships, all while Solich was assistant head coach. In the same period, he was on the staff of 11 conference championship teams, 19 postseason bowl squads and 15 teams that finished the season ranked in the nation's top 10.

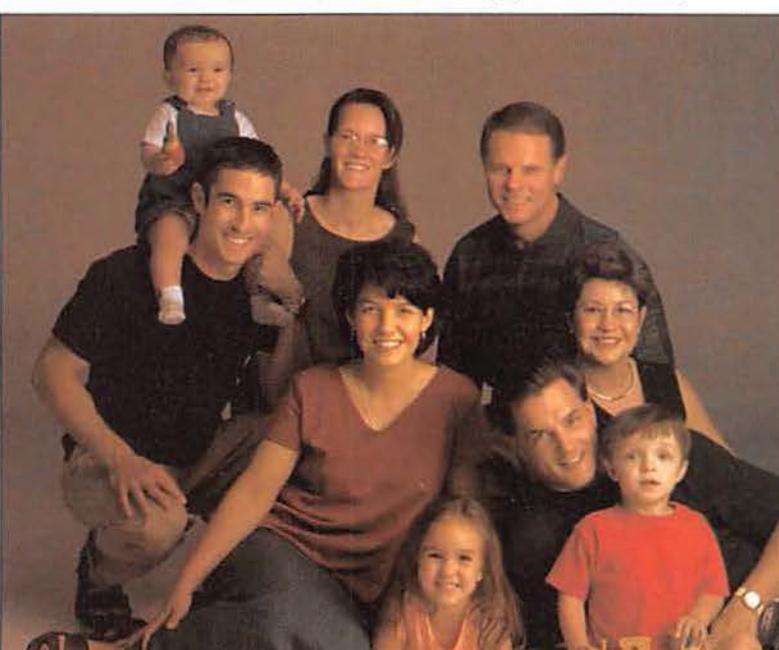

Nebraska running backs have succeeded by developing the same work ethic that made Solich a standout fullback. Despite weighing less than 160 pounds, Solich was an All-Big Eight fullback and co-captain of the Huskers' 1965 team.

Solich holds the NU single-game rushing record for a fullback with a 204-yard outing against Air Force in 1965. In fact, that performance stood as the NU game record by any player for 10 years, and Solich still ranks 48th on NU's career rushing chart with 1,010 yards. He rushed for 444 yards as a junior in 1964 and was second on the team in 1965 with 580 yards. Solich still holds the Orange Bowl record for return yards with 166 in 1966.

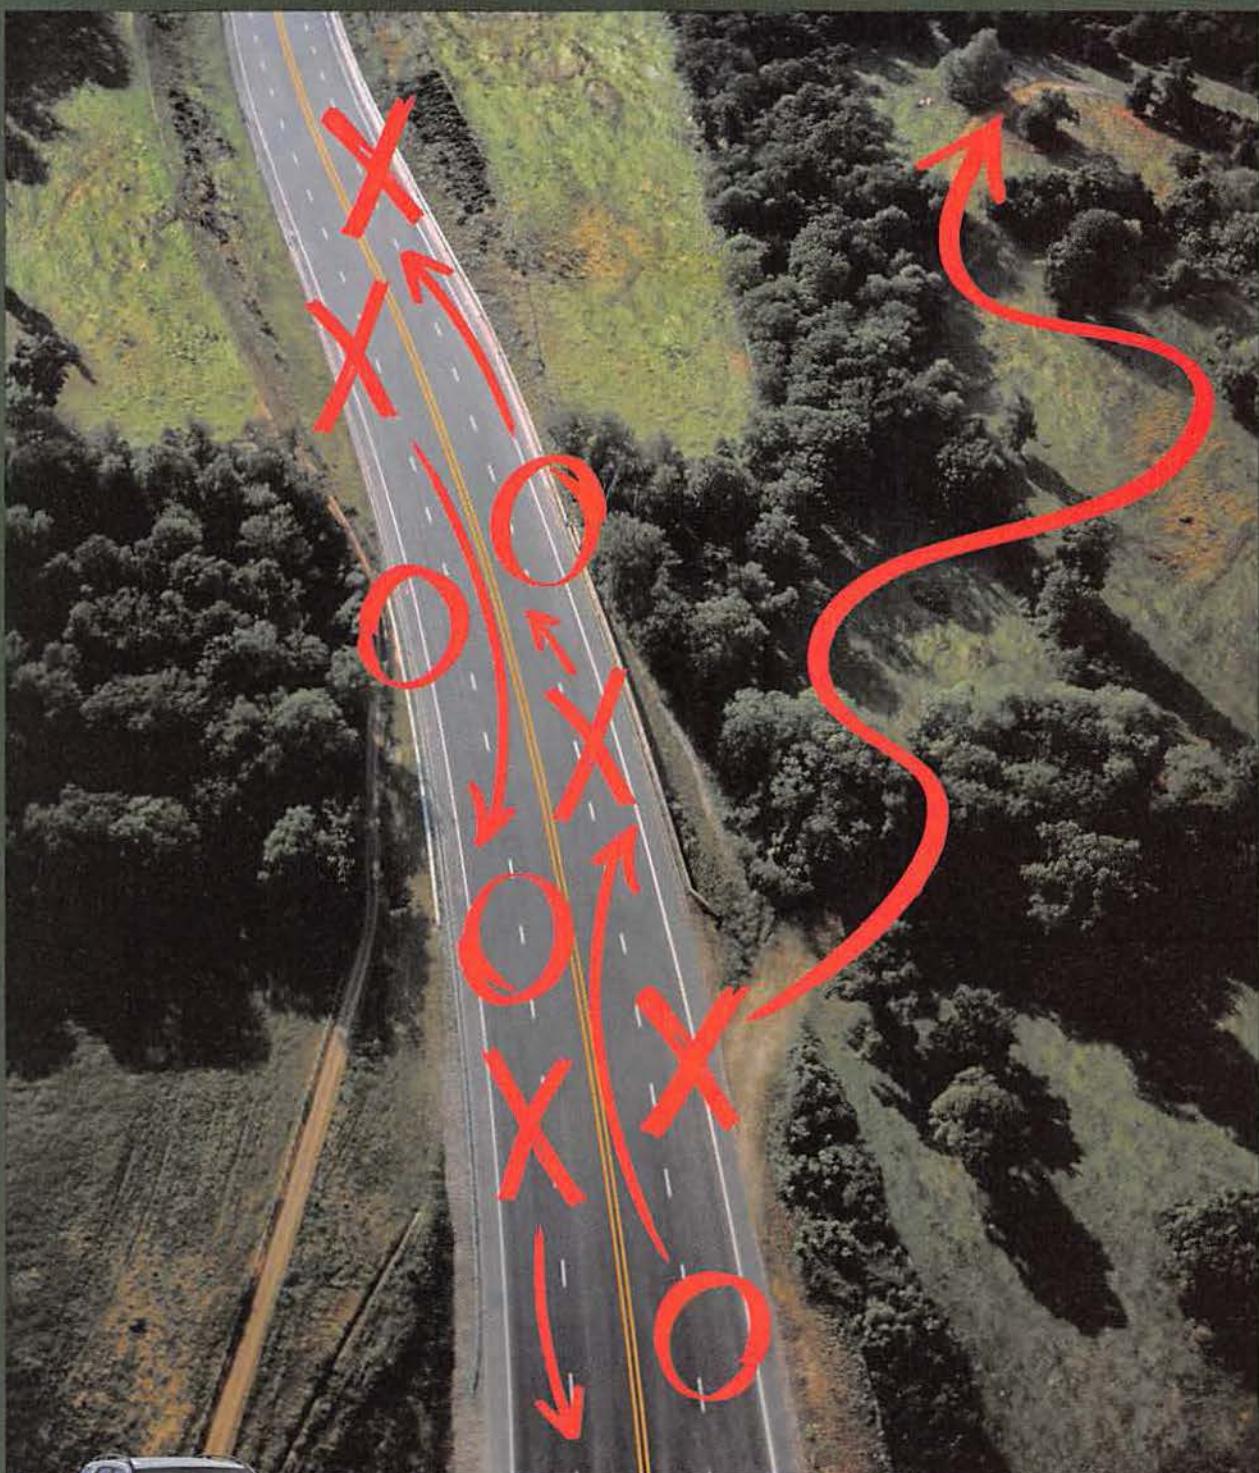

The teams Solich played on started the winning tradition Nebraska has enjoyed for the last 37 years. The Huskers posted records of 9-2, 10-1, 9-2 and 10-1 while Solich was on the roster, won three conference titles and played in four straight bowl games. The 1965 Husker team completed the regular season unbeaten and in position for a national championship, but lost 39-28 to Bear Bryant's Alabama team in the Orange Bowl.

Solich also lettered in baseball for the Huskers in 1965. A native of Cleveland, Solich prepped at Holy Name High School where he earned all-state, All-America and all-scholastic honors. He received his bachelor's (1966) and master's (1972) degrees from Nebraska.

After his playing days, Solich began his coaching career in the Nebraska prep ranks. He was the head coach at Holy Name High School in Omaha in 1966 and 1967. His Holy Name teams were

8-8 in two years and the 1967 team was state runner-up. After two seasons in Omaha, Solich moved to one of the top high school programs in the state at Lincoln Southeast. With Solich in charge of the Knight program, Southeast compiled a 66-33-5 record in 11 years. His Southeast teams captured back-to-back Class A state titles in 1976 and 1977. For his efforts, Solich was named the *Lincoln Journal Star* Nebraska boys prep coach of the year in 1978. A number of Solich's players at Southeast moved across town to play for Nebraska.

Solich himself made the move to Nebraska before the 1979 season. His first assignment on Osborne's staff was head freshman coach. In 1979, the young Huskers were 4-1, losing only at Missouri. Solich's 1979 team won its final game, beginning a 24-game winning streak for the freshmen that stretched to 1984. Solich finished his four years as freshman coach with a 19-1 record, before taking over as coach of the running backs in 1983.

With Solich coaching the backs, Nebraska's running attack had unparalleled success in college football. The biggest honor for a Solich-coached back came in the 1983 season when senior Mike Rozier captured the Heisman Trophy after rushing for 2,148 yards and 29 touchdowns. While no one has matched Rozier's season, Nebraska consistently produced some of the nation's top backs under Solich.

In 1984, Nebraska had two first-team All-Big Eight runners as sophomore

*"One of the things you look for in a head football coach is leadership. But the thing I think that sets Frank apart is not only the leadership he has, but the genuine respect that our coaches, our staff and our athletes have for him. Frank has maintained the continuity and stability of the program, which is exactly what every school in the country is striving to attain."*

Doug DuBose and senior Jeff Smith combined to rush for 1,975 yards and 15 touchdowns. As a junior, DuBose gained 1,161 yards to rank ninth nationally in rushing. His 1985 season earned him all-conference and second-team All-America honors. DuBose's backfield running mate in 1985, fullback Tom Rathman, was also an All-Big Eight selection, as he gained 881 yards, a single-season record for Husker fullbacks.

DuBose was primed for a run at the Heisman before a knee injury ended his Husker career in 1986 fall camp. In his absence, Keith Jones earned all-league honors by gaining 830 yards and scoring 14 touchdowns. Jones became Solich's second two-time All-Big Eight selection in 1987 by gaining 1,232 yards and 13 TDs and averaging a whopping 7.3 yards per carry.

Solich's I-back excellence continued in 1988 and 1989 with Ken Clark, who earned back-to-back first-team all-conference honors. Clark posted the then-third-best junior season in NU history in 1988, rushing for 1,497 yards and 12 touchdowns. In 1989, he added 1,196 yards and 14 touchdowns to rank fourth on the Husker career rushing list with 3,037 yards.

After one season without an all-league back, the Husker "we-backs" hit the scene in 1991. Sophomore Derek Brown ran through the opposition for 1,313 yards and 14 TDs to earn first-team All-Big Eight and third-team All-America honors. Also in 1991, Calvin Jones was named Big Eight Freshman of the Year after rushing for 900 yards, including an NU single-game record 294 yards and six touchdowns at Kansas.

In 1992, Brown and Jones shared time in the Husker backfield and both earned all-league honors. Brown rushed for 1,011 yards, while Jones had 1,210 yards and 14 touchdowns.

After Brown moved on to the NFL following his junior season, Jones was left to carry the load in 1993. Despite an early-season knee injury that ended his Heisman hopes, Jones earned all-league honors by rushing for 1,043 yards and 12 scores and helping the Huskers to within a missed field goal of a national title. Jones finished his career with 3,153 yards to rank

third in career rushing at Nebraska. He also captured the Big Eight rushing crown his final two seasons, the fourth player to earn that title under Solich, joining Rozier (1983), DuBose (1984) and Keith Jones (1986).

Calvin Jones' early departure to the NFL left the I-back duties in the hands of sophomore Lawrence Phillips in 1994. Phillips responded in record fashion, running for a Nebraska sophomore-record 1,722 yards and 16 touchdowns to earn All-Big Eight and second-team All-America honors. He also finished eighth in the Heisman trophy balloting, the highest for a Nebraska player in 10 seasons.

Solich's 21 wins in his first two seasons at Nebraska ranks ahead of NU Hall of Fame coaches Bob Devaney (19) and Tom Osborne (18).

In 1995, Solich started four different players at the I-back spot, including Ahman Green, who set the Husker frosh rushing record. Despite the unsettled situation at I-back, the Huskers didn't miss a beat, averaging just less than 400 yards per game and racking up an NCAA bowl-record 524 yards rushing in the Fiesta Bowl win over Florida.

In his 22 years on the Husker staff, Solich has been one of the nation's top recruiters. As an assistant, Solich primarily recruited the eastern part of the United States, but he also has recruiting experience in the Midwest. He has routinely brought prep All-America players to the Heartland. Several players Solich recruited to Nebraska have gone on to professional careers, including Irving Fryar, Brian Washington, Mike Croel, Tyrone Legette, Donta Jones and Doug Colman. Solich's ability to bring top talent to Lincoln has been evident in his first three recruiting classes as head coach. Solich's first three classes have included a combined 31 prep All-Americans and players from 18 different states, plus Canada. All three classes have been ranked in the nation's top 20, including the 2000 class, generally regarded as a top 10 class.

Solich's duties as an assistant coach under Osborne included several administrative roles. From 1983 to 1997, Solich was the director of the University of Nebraska Football Camp and the director of the University of Nebraska Football Coaches Clinic.

Since Solich took over the camp in 1983, the Husker camp numbers tripled to the current enrollment of 1,700 athletes per summer. Solich's work has also made the Nebraska coaches clinic one of the nation's largest events of its kind. When he took over the project in 1983 the average attendance was about 200 high school coaches. The 2000 clinic attracted more than 1,200 coaches from across the nation.

As Osborne's assistant head coach for seven seasons, Solich was the No. 2 spokesperson for the football team. He represented the Husker football teams in meetings with the NCAA, Big Eight and Big 12 conferences, as well as media gatherings.

Solich is married to the former Pamela Wieck of Beatrice, Neb., and they have two children, Cindy and Jeff (wife, Chara). Cindy and her husband, Jon Dalton, have a 5-year old daughter, Catherine, and a 3-year old son, Aaron. Jeff and Chara gave the coach and Pam their third grandchild with grandson Cade, who will celebrate his first birthday this October.

# Husker Football Assistant Coaches

## Craig Bohl Defensive Coordinator/ Linebackers

Craig Bohl enters his sixth season as a Nebraska assistant, prepared for added responsibility this fall. Bohl will continue to coach the Husker linebackers, as he has the past five years, but in 2000 he takes over for Charlie McBride as NU's defensive coordinator.

Bohl, a Lincoln native, rejoined the Nebraska football family in the spring of 1995. He played for Nebraska under Tom Osborne from 1977 through 1979 and served as a graduate assistant coach for the Huskers from 1981 through 1983. The 15-year collegiate coaching veteran is one of five former Husker players on staff.

In Bohl's five seasons on Nebraska's defensive staff, the Huskers have ranked no lower than 22nd nationally in total defense. During the 1999 season, Nebraska finished sixth or higher nationally in all four major defensive categories, including fourth in total defense at 252.3 yards per game.

A strong recruiter, Bohl recruits Houston, as well as much of the Pacific Northwest, both areas with ample talent.

Bohl spent the 1994 campaign as Duke's defensive coordinator and inside linebackers coach, and was instrumental in one of college football's biggest turnarounds. Bohl helped the Blue Devils to an 8-4 record (a five-game improvement from a 3-8 mark in 1993) and a berth in the Hall of Fame Bowl, the school's first postseason appearance since 1989.

Before moving to Duke with Coach Fred Goldsmith, Bohl spent five seasons as Goldsmith's defensive coordinator at Rice. During his Rice tenure, three of his linebackers earned All-Southwest Conference honors.

Before his stint at Rice, Bohl spent two seasons (1987-88) at Wisconsin as linebackers coach, a pair of campaigns (1985-86) as the linebacker mentor at Tulsa and a season (1984) as the secondary coach at North Dakota State.

Bohl is married to the former Deanna Hauptman of Nebraska City, and they have 9-year-old twin daughters, Mallory and Morgan, and a 6-year-old son, Aaron. Deanna graduated from Nebraska in 1983 with a marketing degree.

## Nelson Barnes Rush Ends

Nelson Barnes enters his fourth season as a Husker assistant coach, charged with continuing Nebraska's long tradition of outstanding defensive ends.

In his first three seasons on the Nebraska staff, Barnes has been a part of outstanding defenses that helped the Huskers to a Big 12 and national title in 1997 and a conference title last season.

Barnes, who came to Nebraska after three seasons at the University of Texas, is the only person in the Big 12 Conference with three league football championship rings. He collected his first ring when the Longhorns defeated Nebraska for the inaugural Big 12 title in 1996.

The 1996 title season was Barnes' third and final campaign on Coach John Makovic's Texas staff.

In 1999, Barnes' rush ends helped the Huskers to a school-record 53 sacks and 112 tackles for loss. The Husker defense ranked in the nation's top six in all four major defensive categories, including fourth in total defense.

Barnes plays an integral part in Nebraska's recruiting success. His

primary areas of recruiting responsibility include Houston, southern Louisiana, as well as other parts of the Southeast.

Barnes was familiar with Nebraska not only from his years at Texas, but from the 1993 season he spent at Kansas State. In Manhattan, he served as the defensive line coach for head coach Bill Snyder. In 1993, Kansas State posted a 9-2-1 record and recorded the school's first bowl victory at the Copper Bowl.

Before his one-year stay at K-State, Barnes spent the 1991 and 1992 seasons as the defensive line coach at Western Illinois and assisted the 1991 team to the I-AA playoffs. He also served in the same role at Missouri Western in 1990.

Barnes' college coaching experience began at North Texas. He served as the defensive line/linebackers coach at the Denton, Texas, school from 1983 to 1989 and was a graduate assistant at the school in 1981 and 1982.

Barnes played at North Texas under Coach Hayden Fry and was a three-year starter for UNT on the defensive line. He helped North Texas to back-to-back 9-2 records in 1977 and 1978. Barnes earned a bachelor's degree in industrial arts from North Texas in 1982.

A native of Alvin, Texas, Barnes married the former Cydney Young on July 1, 2000.

## Ron Brown Receivers

Ron Brown enters his 14th season as the Huskers' receivers coach. Although the Nebraska offense features a strong rushing attack, Brown's receivers have been an integral part to the Huskers' overall offensive success.

The Husker receiving corps has led the conference in touchdown receptions three times in his tenure.

Twenty-two of Brown's former pupils have gone on to professional careers, including tight end Johnny Mitchell, the New York Jets' 1992 first-round draft pick, Tyrone Hughes, who was a two-time NFL Pro Bowl selection with the New Orleans Saints and tight end Sheldon Jackson, who was a seventh-round pick of Buffalo in the 1999 NFL Draft.

Brown covers a key area for Nebraska's recruiting efforts, handling much of the western United States. In recent years, Nebraska secured a number of players from Arizona, Colorado, Utah and other western states, all Brown's areas of responsibility.

Brown joined Nebraska's staff after a four-year stint at Brown University in Providence, R.I. He spent one season as the Bears' head freshman coach in 1983, then moved up to the varsity staff and tutored the defensive backs for three seasons. He also served as the assistant to the athletic director in 1986.

A standout defensive back at Brown in the late 1970s and a member of the school's Sports Hall of Fame, Brown received his bachelor's degree from Brown in 1979, then earned his master's degree in health administration from Columbia University in 1982. He began his coaching career as defensive coordinator for the semi-pro New Jersey Rams in 1982, before moving to his alma mater in 1983.

Coach Brown hosts two statewide Christian radio shows. He has authored several books on Christian character and growth. His newest book "Miracle in Missouri" is scheduled to be released this fall.

Brown and former Husker Stan Parker are co-founders and co-directors of a statewide Christian ministry called "Mission Nebraska." The organization continues to run several Christian camps for lower income children throughout Nebraska.

Brown is married to Molvina Carter of San Diego, Calif., and they have two daughters, Sojourner Elaine, 5 and Bronwyn Pearl, 2.

## George Darlington Defensive Backs

George Darlington, the dean of the Nebraska football coaching staff, is the only remaining member of Tom Osborne's original Husker staff. Darlington is beginning his 28th season at Nebraska and his 15th as the Huskers' secondary coach after tutoring the defensive ends for 13 seasons.

Darlington was a recipient of a 1998 All-American Football Foundation "Top Assistant Award." This summer

the veteran assistant picked up another coaching honor, as his home state of West Virginia honored the Charleston native with the first-ever George Cafego Award for distinction in the coaching profession. Cafego was a West Virginia native who was a consensus All-America halfback at Tennessee and finished fourth in the 1939 Heisman voting.

Darlington's secondary had a banner season in 1999 as seniors Mike Brown and Ralph Brown both received first-team All-America honors. Husker opponents completed less than 43 percent of their passes and the NU defense intercepted 18 passes, while allowing just 11 passing touchdowns.

Darlington plays a major role in bringing top talent to the Nebraska campus. The veteran assistant has been vital to landing top players from the state of California for several years and recently, Darlington has started a pipeline from the Hawaiian islands to Lincoln.

Before joining Osborne's staff in 1973, Darlington spent four seasons as an assistant coach at San Jose State. He coached two years at Johnson Regional High School in Clark, N.J., then started his collegiate coaching career at Lebanon Valley (Pa.) College, followed by one year at Dartmouth before going to San Jose State.

A 1961 graduate of Rutgers University with a bachelor's degree in history and physical education, Darlington earned his master's degree from Stanford in 1962. While at Rutgers, Darlington lettered in football in 1959 and 1960, and lettered twice in lacrosse, earning third-team All-America honors in 1961. George and his wife, Susan, have three children, Lisa, David and Julia, and four grandchildren.

## Turner Gill Quarterbacks

Former All-Big Eight Husker signal caller Turner Gill enters his ninth season as Nebraska's quarterbacks coach.

In 1999, Gill tutored Eric Crouch to one of the top seasons ever by a Husker quarterback. Crouch compiled 2,158 yards of total offense, the fourth best in school history and tops by a Husker sophomore.

Gill's development of excellent quarterbacks is far from his only asset to the Husker staff. He is regarded as a strong recruiter, covering parts of Texas and Louisiana and all of Arkansas. Along with Dan Young, Gill also heads up the "Hire a Husker" program, which matches NU student-athletes with local businesses for summer employment.

As Nebraska's starting signal caller from 1981 through 1983, Gill led the Huskers to a 28-2 mark, including a 20-0 league record, and three conference titles.

A three-time All-Big Eight pick and a second-team All-American as a senior, Gill was the key to the Huskers' high-octane offense in 1983, a season in which NU I-back Mike Rozier won the Heisman Trophy and Gill finished fourth in the voting for collegiate football's top award. The 1983 team finished 12-1 and second in the final polls. In his four-year career (1980-83), Gill completed 231 of 428 passes for 3,317 yards, 34 touchdowns and a .540 completion percentage and rushed for 1,317 yards and 18 TDs. He is sixth on NU's all-time total offense chart with 4,634 yards.

A talented all-around athlete, Gill spent two seasons with the Canadian Football League's Montreal Concordes (1984-85) and three years (1986-88) in the Cleveland and Detroit minor league baseball systems. He left baseball and returned to his native state to the University of North Texas in 1989, where he was a volunteer assistant football coach and earned a B.A. in behavior analysis in 1990.

Gill returned to Nebraska in 1990 and served as a graduate assistant on the Husker staff, then moved to SMU as a graduate assistant for the 1991 campaign. He served as the Mustangs' receivers coach for that season and was elevated to a full-time coaching position, but returned to Nebraska in August of 1992. Gill has taken graduate courses at both Southern Methodist and Nebraska.

He is married to the former Gayle DeBrie, of Kearney, Neb., and they have two daughters, Jordan, 10 and Margaux, 6.

## Dave Gillespie Running Backs

Dave Gillespie is beginning his third season on the Husker coaching staff. While he is the newest member of the Husker offensive staff, Gillespie is certainly a familiar face in the Nebraska camp.

Gillespie was hired in the spring of 1998 to take Head Coach Frank Solich's position as the assistant coach in charge of running backs. In addition to his on-field duties, Gillespie also serves as

Nebraska's recruiting coordinator.

The Nebraska running game has not missed a beat with Gillespie. Nebraska has captured consecutive Big 12 rushing titles the past two seasons, including the 1999 team that gained 265.9 yards per game on the ground to finish fourth nationally.

Gillespie's Nebraska ties are strong. He was a running back for the Huskers early in Tom Osborne's coaching career from 1974 to 1976. Gillespie began his coaching career in the Nebraska high school ranks, serving as an assistant coach at Lincoln High School from 1978 to 1981 before moving to Hastings High as head coach from 1982 to 1984. Gillespie rejoined the Nebraska staff as a graduate assistant for Osborne in the 1985 season and served as the Huskers' administrative assistant and recruiting coordinator from 1986 to 1993.

He returned to Nebraska after four seasons on the staff at the University of Kansas. He served as a Jayhawk assistant for three seasons (1994-96) under Glen Mason. He worked with the tight ends in 1994, before serving as defensive line coach in 1995-96. In 1997, Gillespie served as an administrative assistant for first-year Jayhawk coach Terry Allen.

During his eight-year span as recruiting coordinator at Nebraska (1986-93), Gillespie assisted in the recruitment of 15 All-Americans, which included three Outland Trophy winners (Will Shields, Zach Wiegert and Aaron Taylor), one Butkus Award winner (Trev Alberts), one Heisman Trophy runner-up (Tommie Frazier) and one Lombardi Award winner (Grant Wistrom). His last recruiting class (1993) posted a 60-3 five-year record, winning three national championships.

His strong record in overseeing Nebraska's recruiting efforts made Gillespie a natural fit to take over Solich's previous recruiting territory. Gillespie directs the Husker recruiting efforts in the majority of the eastern part of the United States, as well as Canada. In 1999, he also took over the talent-rich state of Florida.

Gillespie earned three letters as an I-back for the Huskers and earned his bachelor's degree from Nebraska in 1977. He received his master's degree in educational administration from the University of Nebraska in 1986.

Gillespie is married to the former Anne Van Pelt and they have three daughters, Katie, 19, Nicole, 16, and Emily, 13. Gillespie was born in the San Jose, Calif., area and graduated from Westmont High School in San Jose in 1973.

## Jeff Jamrog

### Defensive Line

Former Husker defensive end Jeff Jamrog is the newest member of the Nebraska coaching staff. He replaces Charlie McBride as defensive line coach. Jamrog will coach the Husker defensive tackles and nose tackles.

Jamrog spent the last three years as defensive coordinator and inside linebackers coach at New Mexico State.

At the Las Cruces, N.M., school, Jamrog helped Head Coach Tony Samuel, a former Husker assistant, turn around a program that had just two winning seasons in the previous 31 years until 1999. Last year, the Aggies went 6-5, the first winning season at NMSU since 1992.

Jamrog's defense ranked first in the Big West Conference and 14th in the country in pass efficiency defense. The Aggies ranked second in the conference in scoring defense and total defense, holding four opponents to a touchdown or less.

From 1994 to 1996, Jamrog was the defensive coordinator at Nebraska-Omaha under head coach Pat Behrns. His first year, Jamrog coached the defensive line, then moved to inside linebackers for the last two seasons. Jamrog helped the Mavericks win their first outright North Central Conference championship in 1996 and helped UNO make a turnaround from a 3-8 season in 1995 to a school-best 10-2 mark and No. 4 national ranking in 1996.

Prior to his stay at UNO, Jamrog spent four seasons as an assistant at South Dakota (1990-93), first under Coach John Fritch, then under Dennis Creehan. Jamrog helped Coach Creehan turn South Dakota around from a 1-8 season in 1991 to a 6-5 mark in 1993. At USD, Jamrog coached inside linebackers, was the special teams coordinator and also served as the academic coordinator.

Jamrog began his coaching career as a graduate assistant at Nebraska during the 1988 and 1989 seasons, earning his master's degree and an NCAA postgraduate scholarship. His duties included serving as the special teams coordinator and coaching the inside linebackers.

A former walk-on for the Huskers, Jamrog played for the freshman team in 1983, redshirted in 1984, then lettered three years as a defensive end playing for Coach Samuel, his position coach. As a senior, Jamrog had 66 tackles including 47 solo stops, eight sacks and 13 tackles for loss. He earned the Guy Chamberlin Trophy, given to the senior player who has contributed to the betterment of the University of Nebraska football squad by his play and actions, in 1987.

Jamrog earned his bachelor of science degree in business administration from UNL in 1987 and his master's degree in business administration from UNL in 1990. He is married to the former Connie J. Hoeven and together they have three children, Elizabeth, 9, Brett, 7 and Jared, 4.

## Milt Tenopir

### Offensive Line

Milt Tenopir heads into his 27th campaign as the Huskers' offensive line coach, the second-longest tenure on the NU staff. No college football program can boast the honors that Nebraska's offensive linemen have piled up during Tenopir's tenure.

In 1999 the Nebraska offensive line paved the way for yet another Big 12 rushing title, as NU averaged 265.9 yards per game on the ground.

The Huskers have won an amazing 11 NCAA rushing titles with Tenopir on staff, the most recent in 1997. That veteran unit paved the way for Nebraska to lead the nation in rushing for the fifth time in the 1990s, rushing for an average of 392.6 yards per game.

Tenopir's "Pipeline" played a major role in back-to-back national titles in 1994 and 1995. The 1994 unit keyed the Husker offense to 340.0 rushing yards per game.

The 1983 Husker offense is recognized as one of the best in college football history. Nebraska averaged a school-record 401.7 rushing yards per game in that season.

Under Tenopir's guidance, Nebraska has produced six Outland Trophy winners and a pair of Lombardi Award honorees.

In all, Tenopir has coached 18 All-Americans, 11 academic All-Americans, six NCAA Today's Top Eight Award winners and 46 all-conference selections. The Huskers have had at least one first-team all-conference lineman in each of Tenopir's 26 seasons on the sideline, while his O-line has had at least one academic all-conference selection for 22 straight years. From 1981 to 1983, the Huskers produced an unprecedented three straight Outland Trophy winners in Dave Rimington (1981-82) and Dean Steinkuhler (1983).

Tenopir has long been a strong force in Nebraska's recruiting success. He was the leading figure in Nebraska breaking the University of Oklahoma's stranglehold on the talent in the Sooner state. Tenopir also handles the recruitment of Kansas and west Texas. The veteran assistant is in charge of Nebraska's spring coaching clinic, which this past April brought about 1,200 high school coaches to campus.

## Dan Young

### Offensive Line/Kickers

Dan Young enters his 18th season on the Nebraska coaching staff and his 15th as the Huskers' offensive line and kicking coach.

Under Young's guidance the Nebraska kicking game has been at its best, boasting the top place-kickers and punters in school history. In 1998, place-kicker Kris Brown broke the school's all-time scoring record and became the NCAA's all-time leader in

PATs made and attempted (tied).

Young's punting team is consistently among the nation's best and ranked among the nation's top six in net punting from 1992 to 1994. Young also played a key role in the coaching of a 1999 Husker offensive line that guided Nebraska to the Big 12 rushing title and No. 4 national ranking, averaging 265.9 yards per game. While Young has assisted with the offensive line, the Huskers have won eight NCAA rushing titles and three NU offensive linemen have won the Outland Trophy.

The veteran assistant heads up Nebraska's in-state recruiting efforts, in addition to recruiting several other Midwestern states. In the last three years, Nebraska has signed 22 in-state players to scholarships. Young also directs the Husker summer football camp, which annually attracts more than 1,700 prepsters to Lincoln. Young and fellow assistant Turner Gill also head up the "Hire a Husker" program, matching Husker student-athletes with summer employers.

Young became an offensive line coach with Milt Tenopir when Cletus Fischer retired from coaching after the 1985 season. Young spent three years (1983-85) as head freshman/junior varsity coach, posting a 14-1-0 record, before joining the varsity staff.

Young came to NU after six highly successful seasons as the head coach at Omaha's Westside High School, where his Warriors were 55-11-0 from 1977 to 1982, reached the state championship game three times and posted back-to-back 12-0-0 state title seasons in 1981 and 1982. Young began his coaching career as head coach at Barneston (Neb.) High School from 1962 to 1964. After a year as an assistant coach at St. Paul (Neb.) High School, he served as an assistant at Westside for 11 seasons.

A graduate of Primrose (Neb.) High School, Young received his bachelor's degree from Kearney State in 1962. He has done graduate work at Nebraska, Nebraska-Omaha, Missouri and Reed College and earned his master's degree in liberal studies from Reed in 1972.

He has a son, Jeff, a daughter, Kris and five grandchildren. Dan and his wife, Ronda, were married in the summer of 1995.

# Always ready. Always there.

For over three hundred years, the National Guard has faced many threats, from weapons of war to devastating natural disasters. When our country and our communities called, we answered.

Today there are new threats, ones we can't see, hear, smell or touch. Biological and chemical weapons represent new challenges for the men and women of the Army and Air National Guard. Yet our mission remains the same—support

civilian emergency responders such as fire, rescue and police. Be there when America needs us. As we always have.

The more the world changes, the greater the challenges we face. We are citizen-soldiers and airmen, people just like you who are committed to serving our communities and our country. We are your National Guard.

## The Strength of Nebraska

# Husker Women's Golf

As the 2001 season approaches, expectations for the Nebraska women's golf program have risen to an all-time high.

NU Coach **Robin Krapfl** doesn't lie awake at night and wonder why. The Huskers produced a school history-making season in 2000 in which their list of accomplishments included a third-place Big 12 Conference finish, a ninth-place showing at the NCAA West Regional and an NCAA Tournament bid.

**Sarah Sasse**

The question, Krapfl said, is whether the Huskers can improve upon last season's historic performances. The 13-year coaching veteran thinks they can.

"The girls have been to the NCAA Tournament," Krapfl said, "They know what it's like now, and they're going to want to get back there. I don't want to put too much pressure on them, but if everyone improves as they should from year to year, we will be an even stronger team than last year."

The Huskers have reason for optimism. Four of Nebraska's top five players from the 2000 NCAA Tournament squad return, including junior all-Big 12 Conference honoree Lincoln product **Sarah Sasse**.

Sasse, the 2000 Nebraska Women's Amateur Golf Association Stroke Play Champion, led the Huskers with a 75.97 stroke average in 2000 and ranked sixth in the Big 12 in that category (76.37 regular-season average). The Lincoln High product placed eighth or higher in five of seven spring appearances in 2000. Sasse followed her successful spring with a second-place finish at the 2000 World University Golf Championships in Northern Ireland in July.

Other returning NCAA participants are **Amy Roux**, **Cathleen Fogelberg** and **Amanda Sutcliffe**. Krapfl said the Huskers will turn to Roux, the lone senior on the squad, for leadership. The Kearney High

product finished third on the team with a 78.84 average last season.

Fogelberg, who became a go-to player for the Huskers early in the spring when she placed 12th or higher in three straight meets, will also likely remain in the Husker lineup, as will Sutcliffe, who ranked fifth on the team as a sophomore with an 80.82 stroke average.

Sophomores **Amanda Krane** and **Stephanie Schaefer** and freshman walk-on **Lesley Vaughn** round out the squad. As a freshman, Krane cracked the Husker lineup twice during the spring and started for NU four times during the fall of 1999. Krapfl said all three golfers have the ability to contribute significantly.

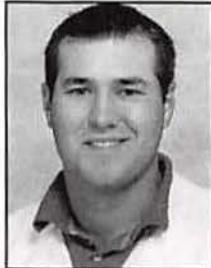

Nebraska will compete in six tournaments during the fall before kicking off the 2001 season Feb. 23-25 at the Midwest Classic in Dallas, Texas. The Huskers will compete in six tournaments in the spring, including the April 23-25 Big 12 Championships hosted by Iowa State in Ames, Iowa.

"We have a solid schedule," Krapfl said. "We'll face a lot of teams that have NCAA Regional experience or that will compete for a regional bid, and that will only help us."

# Husker Men's Golf

During the 1999-2000 season, the Nebraska men's golf team went through some serious growing pains. The Husker squad consisted of four freshmen (**Rob Arthur**, **Jim Troy**, **Marty Smith** and **J.J. Sullivan**) and sophomore **Seth Porter** after four of NU's best golfers completed their eligibility after the 1999 season.

Now, with a year of experience under their belts, the young and talented Huskers should show marked improvement in 2000-2001.

"I knew heading into the season that with how young we were it was going to be a tough year," NU Coach **Larry Romjue** said. "So it was disappointing but not unexpected. When you lose four seniors it makes things hard, and I had no choice but to play some guys that I would have liked to redshirt. From that though, the team gained a lot of quality experience that will help us improve this season and in the seasons to come."

The Huskers have everyone back from the 1999-2000 team that was headlined by Arthur and Porter, who played in the No. 1 and No. 2 spots for NU all season.

Porter's best outing was in the Missouri/Purina Bluffs Invitational in St. Louis, Mo., where he tied for second with a three-round total of 208.

Arthur showcased his talent at the Southwest Classic in Victoria, Texas with a sixth-place finish, firing a three-round total of 220.

Troy, a native of Clarendon Hills, Ill., ended his 2000 season on a high note by placing 43rd at the Big 12 Championships. He was the highest-placing Husker and ended the championships with a three-round

total of 231, including a first-round low of 71.

Both Smith and Sullivan had strong freshman campaigns. At his first collegiate competition, Sullivan tied for eighth at the Fairway Club Invitational. Smith didn't join the team until the beginning of the second semester but was able to contribute right away, helping the Huskers defeat

Texas-Pan American in a dual competition on Feb. 13th in Edinburg, Texas.

Rounding out the squad will be transfer **Blake Humbles** and Kearney native **Jonathan Aten**. Both will join the Huskers this fall.

"With all the guys we have coming back and the addition of a couple of recruits, I fully expect to have a better year," Romjue said. "I will be very disappointed if they don't use the knowledge they gained last year and improve this season. But I do know how tough the Big 12 Conference is and how difficult it is to move up. So I won't have unrealistic expectations for the team, but I do expect to see significant improvement."

## The Devaney Society

The University of Nebraska Athletic Endowment Program was established to ensure the quality of student-athletes who will represent the University in the future. In the past, Nebraska has been able to attract some of the best, brightest and most dedicated individuals to its academic classrooms and athletic programs by providing them with scholarships funded through athletic department revenue. To help offset the rising costs of supporting quality student-athletes, the Nebraska Athletic Endowment Program has established the Devaney Society, named in honor of Hall of Fame Coach Bob Devaney.

The following 12 scholarships have been established through the Nebraska Athletic Endowment Program specifically for Nebraska football team members.

## The Brook Berringer Memorial Scholarship

The Brook Berringer Memorial Scholarship was endowed in memory of former Nebraska quarterback Brook Berringer, who died in a plane crash on April 18, 1996. Brook was the epitome of a backup quarterback—patient, but always prepared, both mentally and physically to take over when needed.

Berringer served as Tommie Frazier's backup in 1994 until the starter's season ended because of blood clots. With poise and grace, Berringer calmly led Nebraska to eight consecutive victories and to the national championship game against Miami in the Orange Bowl.

An excellent student, Berringer graduated in December 1995 with a degree in business administration. He was expected to be selected in the 1996 NFL Draft on April 20-21, possibly as the fifth or sixth quarterback chosen, but did not get to live out his dream.

The Husker football program has established an award in his honor called the "Brook Berringer Citizenship Team."

The endowment was established by a benefit concert given on Aug. 27, 1997, by the members of the country singing group Sawyer Brown, who were friends of Brook Berringer.

*Nebraska student-athletes who continued with graduate school received more than \$86,500 in postgraduate scholarship money in 1999. NU football players accounted for \$57,000 of that total.*

# Memorial Stadium/Tom Osborne Field

Nebraska's continuing NCAA record of consecutive home sellouts passed the 200-mark in 1994 and is expected to reach 239 with six home sellouts in 2000. On Homecoming, Oct. 29, 1994, against the University of Colorado, Nebraska celebrated its 200th consecutive sellout. In 1999, Nebraska set a single-season home attendance record by averaging 77,729 fans for six home games, breaking the old record average of 76,342 set in 1988.

The string of consecutive sellouts started on Nov. 3, 1962, when 36,501 showed up for the Homecoming contest vs. Missouri. The last non-sellout in Memorial Stadium was Oct. 20, 1962, when the Huskers and Kansas State drew 30,701.

With the new additions for the 1999 season, the Cornhuskers' Memorial Stadium will have a seating capacity of 74,031, up from 72,700. Home attendance has averaged over 75,000 for the past 27 years, as NU has ranked in the top six nationally in attendance for many years.

In the fall of 1922, a drive for \$430,000 in stadium construction funds was undertaken by faculty, students, alumni and friends of the University of Nebraska. The quota was over subscribed. The Stadium was named Memorial Stadium to honor all Nebraskans who served in the Civil and Spanish-American Wars; the 751 Nebraskans who died in World War I; the 3,839 in World War II; the 225 in Korea; and the 422 in Vietnam. Construction was completed in a few more than 90 working days and Memorial Stadium was dedicated on Oct. 20, 1923, at the Homecoming game in which Nebraska was held to a scoreless tie by Kansas.

Inscribed on the four corners of Memorial Stadium and preserved despite construction is the following words, written by former UNL professor of philosophy Hartley Burr Alexander:

**Southeast:** "In Commendation of the men of Nebraska who served and fell in the Nations Wars."

**Southwest:** "Not the victory but the action; Not the goal but the game; In the deed the glory."

**Northwest:** "Courage; Generosity; Fairness; Honor; In these are the true awards of manly sport."

**Northeast:** "Their Lives they held their countrys trust; They kept its faith; They died its heroes."

As part of the continuing improvement of athletic facilities at the University of Nebraska, several major projects have been completed throughout the past 76 years enhancing the facility. The \$1 million Hewitt Center performance buffet/study hall area was opened in March of 1985, underneath the West Stadium adjacent to the massive strength complex. The weight room and the Hewitt Center were expanded and remodeled in 1989. The artificial turf was replaced again in 1992.

Prior to the fall of 1994, Nebraska installed two 17' feet high, by 23' feet wide replay boards, now known to Nebraska faithful as HuskerVision screens.

Following the 1997 season, construction began on a \$36-million improvement project which was completed for the start of the 1999 season. Included in the improvements were the addition of a new press box facility and 42 skyboxes, each of which houses 25 spectators on game day. In addition, club seating rose from approximately 350 to 1,500 per game. The improvement project also tripled the number of restrooms on both the East and West sides of the stadium, doubled the number of concessions in both East and West concourses and included concrete repair and waterproofing throughout the stadium. The renovations raised the capacity of Memorial Stadium from 72,700 to 74,031. It is also noted that the original four inscriptions will remain visible for the generations to come. The 1999 season also marked the debut of a new artificial surface called FieldTurf, making Nebraska the first Division I program to use the new surface.

## Seventy-Seven Years in Memorial Stadium

Nebraska football teams for the past 77 years have been glad to call Memorial Stadium home. Evidence for this is a 317-99-13 (.754) record posted by the Huskers in their home since it was opened in 1923.

## Under the Lights

Nebraska's first night football game was Nov. 30, 1951, at Miami's Orange Bowl when the Huskers lost to the Miami Hurricanes, 19-7. Ironically, Nebraska's first night football game at home was the 1986 opener against another team from the "Sunshine State," Florida State. Nebraska is 41-13-3 all time under the lights, including 9-1-0 at home.

Memorial Stadium as it appeared in 1931, just eight years after the original construction of the facility. The project required \$430,000 in funding.

# Husker Women's Swimming and Diving

Therese Alshammar

After placing third at the 2000 Big 12 Championships, the Nebraska women's swimming team will look to regain a place among the conference elite this season.

The Huskers return 13 letterwinners from last season's squad which placed 20th at the 2000 NCAA Championships, extending NU's streak of top-20 finishes to eight straight years, the longest streak in the program's history.

The Huskers return a trio of NCAA qualifiers in senior **Shandra Johnson** and sophomores **Lindsey Hightstrom** and **Elvira Fischer**.

**Johnson**, an eight-time All-American, is one of the most successful swimmers in the program's history, earning conference swimmer-of-the-year honors in 1998 and 1999. **Hightstrom** earned All-America honors on NU's 4x800-meter freestyle relay as a true freshman, while **Fischer**, who will compete for Austria in the Sydney Olympics, swept Big 12 titles in both the 100 and 200-meter backstroke, earning All-America status in the 100-meter backstroke.

In addition to the returnees, the Huskers also regain the services of **Therese Alshammar**, who sat out the 1999-2000 season to train for the Olympics. One of the world's top female swimmers, Alshammar broke four world records in three days at the 1999 European Short Course Championships and is a potential medalist at this year's Olympics. The Stockholm, Sweden, native placed fourth in both the 50 and 100-yard freestyle at the 1999 NCAA Championships, and the 14-time All-American's return this season greatly enhances the Huskers' hopes for another top-20 NCAA finish.

Annually, the Huskers compile one of the nation's toughest schedules to prepare for the Big 12 and NCAA meets. NU will play host to perennial powers Virginia and UNLV, along with Division II Drury and Division III Kenyon, at the

annual Husker Shoot Out and the adidas Sprint Classic in November.

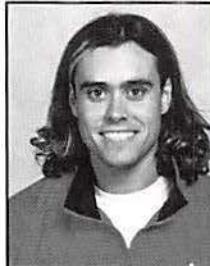

Perhaps the biggest non-conference challenge comes in February when Georgia, the two-time defending women's NCAA champion, and Michigan visit the Bob Devaney Sports Center Pool for a rare late-season triangular meet with the Big Red.

"We face a difficult schedule," Bentz said. "If you look at years past, and you see the people we've invited in and the places that we have traveled to, you'll see a high level of competition."

# Husker Men's Swimming and Diving

Javier Botello

To some, the 2000-2001 Nebraska men's swimming and diving season may appear like a chance to rebuild.

Gone are names synonymous with the program during the last four years, perhaps four of the most successful seasons in school history. Olympians Adam Pine, Carlos Asarta, Valery Kalmikovs and Michael Windisch all completed their eligibility. Gone, too, is All-America diver Erik Cook.

However, a closer look reveals that many of the key cogs of NU's 14th-place finish at the 2000 NCAA Championships remain.

Anchoring the squad will be senior **Peter Fry** and juniors **Anthony Rogis**, **Carlos Oliva** and **Javier Botello**. A total of 20 letterwinners return, including NCAA qualifiers **Erik Wiken** and **Bert Locklin**.

Although there will be many members of the team not competing for NU during the first semester due to their participation in the 2000 Olympics, Coach **Cal Bentz** doesn't think the team will be negatively affected.

"Once you change one area of the dynamic, the whole dynamic changes," Bentz said. "That will have to be an area that we focus on. As people come back to the team, we will integrate them into the team."

Couple the returning lettermen with the incoming freshmen, and the Huskers will bring a solid team to the table.

"We expect to have a much better team this year than we have had in years past," Bentz said. "Along with our returning players, we have some real strong recruits coming in."

Among the returning lettermen are five swimmers who garnered All-America honors in 2000 (Botello, Rogis, Fry, Wiken and Oliva). Of the five, Botello grabbed three All-American nods last season, while Rogis and Fry received two each.

Again this season, the Huskers will face a difficult schedule with defending national champion Texas, as well as top squads from SMU, UNLV and Virginia.

"Our goal is to always schedule the best teams," Bentz said. "We have to schedule teams that are at the level that we want to be at. It helps us stay at this level."

The Huskers will head to Austin, Texas, March 1-3 to compete at the Big 12 Championships. The season will conclude with the NCAA Championships in College Station, Texas, from March 22-24.

# Husker Bowling

Bill Straub

The Nebraska women's bowling team left the millennium as a candidate for the team of the 1990s after winning four national championships in 1991, 1995, 1997 and 1999, its second year as a varsity sport.

When the Huskers make their 2000 debut in October, NU Coach **Bill Straub** doesn't expect a letdown from his young but talented squad.

"Despite our young talent, we hope to make a run toward another successful season, and to keep adding to our trophy case," Straub said.

Straub knows the road leading to another national championship will challenge the Huskers. Nebraska, ranked No. 1 in the preseason poll, will face a difficult schedule. The Huskers will meet at least one top five team at each of their 11 tournaments. NU will face the No. 2 team in the country, Morehead State, five times.

The 2000-2001 NU squad consists of four returning letterwinners: juniors **Diandra Hyman**, **Amanda O'Hayre**, and **Christine Couvillon**, and sophomore **Kari Schwager**.

Leading the way is Hyman, one of the most celebrated bowlers in school history. Last year, Hyman averaged a national-best 212.57 per game and earned the 1999-2000 Collegiate Bowler-of-the-Year award. The reigning U.S. National women's amateur champion, Hyman is a two-time first-team All-American and a member of the U.S. National Team.

Coach Straub is not only looking to Hyman for an exceptional 2000-2001 season, but also to O'Hayre, who averaged 201.533 in her 12 tournaments appearances, Couvillon and Schwager.

"They (O'Hayre, Couvillon and Schwager) have developed to where they will be major contributors to what I feel will be a

very good team for the upcoming season," Straub said.

Other players contending for top spots include sophomore **Ashleigh Hieken**, junior **Amanda Yost**, and two redshirt freshman, **Christina Perez** and **Suzanne Medwell**.

"Perez and Medwell will push to replace returning starters and garner some well-deserved playing time for themselves," Straub said.

Straub is also optimistic about Nebraska's incoming freshmen. NU nabbed the 2000 U.S. High School Player of the Year, **Shannon Pluhowsky** from Phoenix, Ariz. and the Pennsylvania High School Player of the Year, **JoAnn Schmidt** of Middletown, Pa.

Nebraska, Nebraska  
We pledge you our true loyalty  
Nebraska, Nebraska  
A good life for you and for me.

### Verse 1

We have scarlet and cream as our colors  
And we wear them proudly to our games  
For the Pride of the Cornhusker legend  
And for the school that we cherish to remain.

### Refrain

### Verse 2

Here to learn for an undiscovered future  
And to build from a classical past  
We are proud of our dear Alma Mater  
We'll support her to help her always last.

### Refrain

### Verse 3

When the moon shone bright on the colors,  
And those memories make you say,  
When we kissed on that night at the columns  
And the sun shone bright on Ivy Day.

### Refrain

## There Is No Place Like Nebraska

There is no place like Nebraska,  
Dear old Nebraska U,  
Where the girls are the fairest,  
The boys are the squarest,  
Of any old place that you know.  
There is no place like Nebraska,  
Where they're all true blue,  
We'll all stick together in all kinds of  
weather,  
For dear old Nebraska U.

## Hail Varsity

Hail to the team,  
The stadium rings as everyone sings,  
The scarlet and cream.  
Cheer on for victory  
Echo your loyalty,  
So on mighty men,  
The eyes of the land,  
Upon every hand are looking at you.  
Fight on to victory,  
Hail the men of Nebraska U.

## The Official Field Song for Nebraska

Come a runnin' boys,  
Don't you hear that noise  
Like the thunder in the skies,  
How it rolls along  
In the good old song,  
For the sons of Nebraska.  
Now its coming near with a rising cheer  
That will sweep all foes away.  
So, with all our vim,  
We will fight to win,  
And we're going to win today.

## Chorus

For Nebraska and the Scarlet,  
For Nebraska and the Cream,  
Tho they go through many a battle,  
Our colors are still seen.  
So in contest and in victory,  
We will wave then for the team,  
And 'twill always stir a Cornhusker,  
The Old Scarlet and Cream.

# Husker Volleyball

John Cook

The Nebraska volleyball team will bear a totally new look in 2000, but Husker fans are optimistic the results will be the same.

After 22 years as Nebraska's head coach, Terry Pettit retired from coaching after winning his 20th Big Eight/Big 12 Conference title and leading Nebraska to its 18th consecutive NCAA Tournament appearance before handing the reins over to one of college volleyball's top young coaches, John Cook. After building Wisconsin into a top 10 program, Cook left the Badgers to take the position as associate head coach for the Huskers in 1999.

Cook's new staff, consisting of Staci Wolfe and Craig Skinner, is poised to take the Huskers to the NCAA Final Four for the seventh time in school history.

Cook's biggest challenge will be replacing two-time All-American **Nancy Meendering**, who will redshirt this season after training with the U.S. Olympic Team during the offseason. The result will be a more balanced offense, directed by sophomore **Grechaly Cepero**.

The Puerto Rican native will handle the sole setting responsibilities after the Huskers ran a two-setter offense in 1999. The Big 12 Freshman of the Year, Cepero earned first-team All-Big 12 honors as an outside hitter and will give Nebraska a sixth attacker in the lineup this season.

She will have a pair of talented middle blockers as her primary targets in 6-2 junior **Jenny Kropf** and 6-4 sophomore **Amber Holmquist**. Arguably the best blocking tandem in the Big 12, Holmquist ranked second in the league in blocks per game as a true freshman, while Kropf ranked fourth. An honorable-mention All-Big 12 selection, Holmquist also led the conference with the top hitting percentage, a .377 mark in conference games.

Senior **Kim Behrends**, sophomore **Laura Pilakowski** and freshman **Anna Schrad** will staff the outside hitter position. Senior **Angie Oxley**,

a three-year starter at outside hitter, will move to the right side this season in order to give the Huskers an experienced, steady attacker to fill in for Meendering.

Sophomore **Lindsay Wieschmeier**, who shared the setting duties as a freshman, will take over as a defensive specialist this season. Senior setter **Jill McWilliams**, will give the Huskers experience on the bench and will be ready to take over at any point in a match.

Sophomore middle blocker **Pam Krejci** will also be counted on after a strong offseason, while freshman outside hitter **Rachel Baumstark** will likely redshirt.

# HuskerVision: Enhancing Husker Fans' Excitement

Seven years ago, Nebraska Director of Athletics Bill Byrne had a "vision" to make Memorial Stadium the first college football stadium in the country to have big screen replay boards. Some people doubted that a college venue could make a project this big a reality, and they wondered if the screens would detract from the game itself.

However, when HuskerVision became a reality in 1994, Byrne's vision proved to be correct, as the big screen replay boards were an instant hit with the fans, enhancing their Husker game-day experience.

With its replay boards, the University of Nebraska became the first college football team in the country to have instant replay boards at an exclusive college venue. The only other college games which previously had boards available were those played in stadiums which are home to professional football teams.

The screens stand 17 feet high, by 23 feet wide, (388 square feet), and each screen is formed by more than 90,000 lighting dots. These dots form 5,632 lighting elements, units and module cabinets, plus video processing electronics are manufactured by Mitsubishi Electronics. The cost of the system is being paid entirely by commercial sponsorships.

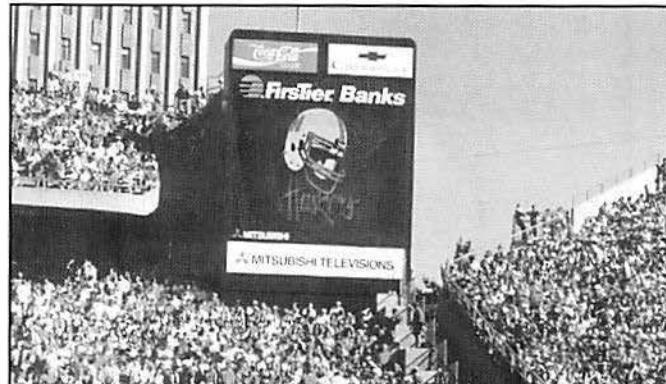

Beside the obvious advantage of being able to view replays and game action on two huge screens, HuskerVision has made several other changes to game day at Memorial Stadium.

First, the screens are the most important ingredient to one of the most dramatic team entrances in all of sports. Along with a 30,000 watt sound system, the replay boards help make "The Tunnel Walk" part of the atmosphere of Nebraska football.

HuskerVision's contributions to Memorial Stadium have not gone unnoticed by Nebraska fans. In a survey of season ticket holders, fans mentioned HuskerVision as one of the most worthwhile additions to Memorial Stadium in many years.

Like the Husker football team, the HuskerVision crew spends the week before a home game developing its own game plan. Starting on Sunday before a home game, the crew produces features for Saturday's game and spends much of the week preparing graphics, mug shots and other clips and features which appear on the boards throughout the game.

Game day is showtime for the HuskerVision crew. On a home Saturday, Director of HuskerVision Jeff Schmahl is in charge of eight control room personnel as well as five other members of the staff who are operating cameras on the field. Also operating in conjunction with much of HuskerVision's features is public address announcer Rich Schwieger as well as producer/director's Kirk Hartman, Michelle Glover, and Brandon Verzel and engineer's Shot Kleen and Jon Barnett. 24 University of Nebraska broadcast journalism students make up the

In 1994, Memorial Stadium became the first collegiate football venue to have video replay boards.

majority of the HuskerVision staff.

HuskerVision is housed in the state-of-the-art Michael Grace Production Studio located on the concourse level of West Stadium. Made possible by a generous donation in honor of former football player and NU Foundation fund-raiser Michael Grace, this area includes office space to accommodate four full-time employees and a staff of interns and student assistants. In addition, a broadcast quality control room, nonlinear editing room and a television production studio allow the HuskerVision staff to produce a multitude of video productions.

Last year, HuskerVision produced more than 100 television shows, including the Frank Solich Show, the Nebraska Football Kickoff Show, as well as coaches shows for men's and women's basketball, volleyball and the Olympic sports at Nebraska.

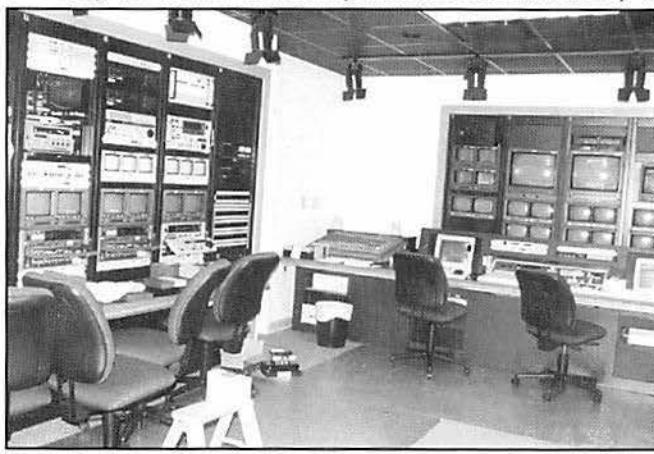

This season, The Frank Solich Show will be produced Saturday night after each game for a statewide broadcast on Sundays. In addition, The Husker Football Kickoff Show and Husker Volleyball Show will also be aired during the fall. During the basketball season, The Barry Collier and Paul Sandersford basketball shows will be broadcast on a statewide basis. Throughout the year, the Husker Show, an Olympic sports magazine program, features many of Nebraska's 24 varsity programs.

HuskerVision's duties also include the production of highlight tapes for all 24 varsity sports and running the new video board in the Bob Devaney Sports Center. The HuskerVision crew has annually produced and marketed highlight tapes on the Nebraska football season. Over the past six years, more than 100,000 tapes have been purchased by NU football fans.

Last fall, HuskerVision expanded to the Bob Devaney Sports Center. Two giant replay boards were installed on the East and West upper ends of the Sports Center that gave Husker fans a chance to view replays, features and other entertaining elements made possible by big screens. The Devaney Center HuskerVision boards are nearly the same size in terms of square footage as the screens in Memorial Stadium. The Devaney screens are among the largest indoor boards in the world, measuring 15 feet high and 26 feet wide, which makes their size compatible with the new HDTV wide screen format. These wide screen aspect ratio screens are part of a 162-foot wide display system on each end of the Devaney Center.

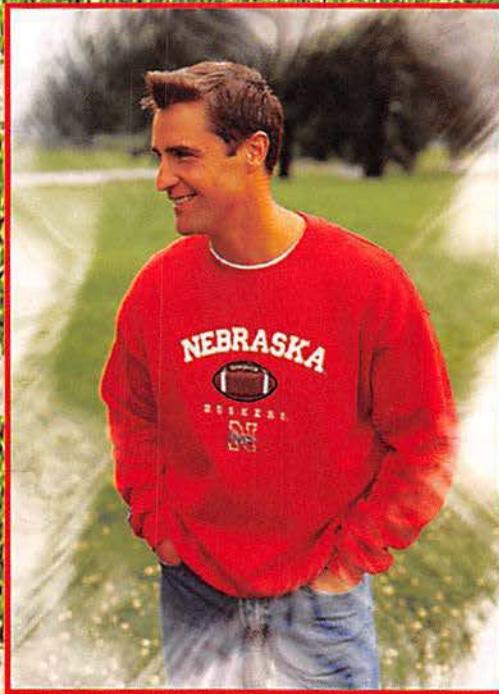

HuskerVision uses "cutting edge" technology to get their signal from the control room to the screens. The current control room in Memorial Stadium is used to send the signal to the Devaney Center screens. This is possible via fiber optic cable which allows multiple video and audio signals to travel long distances using this new technology.

Long known for having one of the best atmospheres in all of college football, Memorial Stadium has become an even better venue for fans with the addition of HuskerVision, making it one of the best stadiums in all of college football.

The state-of-the-art Michael Grace Production Studio, located on the West Stadium Concourse, helps the HuskerVision crew produce more than 100 shows during the year.

# Bowl Championship Series Information

Starting in 1998, the Bowl Championship Series (BCS) determined the Division I-A National Champion in football. In the BCS's first season, Tennessee defeated Florida State, 23-16, in the Fiesta Bowl to claim the national title. Last year, it was Florida State's turn as the Seminoles topped Virginia Tech 46-29 in the Sugar Bowl for their second national title in seven years.

The BCS Series consists of the Rose Bowl, Sugar Bowl, Orange Bowl and the Fiesta Bowl. Conferences with automatic berths include the Atlantic Coast, Big East, Big Ten, Big 12, Pac-10 and the Southeastern conferences.

At the conclusion of the 2000 regular season, the Orange Bowl will host the national championship contest. The game will be played on Jan. 3 at 7 p.m. in Miami. The Orange Bowl shall select the top two teams ranked in the BCS final regular season standings.

This past January, BCS members voted to extend the BCS agreement with ABC through the 2005 regular season and 2006 bowl season allowing each of the four bowls to host two national championship games.

The BCS also notes the importance of regional consideration regarding team selection. Specifically, as a member of the BCS, the Rose Bowl will host the Big Ten and Pac-10 champions in those years in which either the Rose Bowl does not have the national championship

game or the Big Ten and Pac-10 champion is not ranked No. 1 or No. 2. Other "regional consideration" tie-ins include the SEC champion in the Sugar Bowl, the ACC or Big East champion in the Orange Bowl and the Big 12 champion in the Fiesta Bowl.

Any Division I-A independent team or the champion of any Division I-A conference which is ranked sixth or higher in the BCS standings, will also be eligible for the Bowl Championship Series.

A year ago, over 1.2 million fans attended college football's 23 bowl games. This season, there will be 25 post-season bowl games, from the 87th Annual Rose Bowl, to the first-year galleryfurniture.com Bowl in Houston, Texas and the Silicon Valley Bowl in San Jose, Calif.

Other BCS games following the 2000 regular season include Rose Bowl on Jan. 1 at 4 p.m. CST, Fiesta Bowl on Jan. 1 at 7:30 p.m. CST and the Sugar Bowl on Jan. 2 at 7 p.m. CDT.

HUSKERS IN THE PROS

# NFL Pipeline

The Huskers are not only some of the nation's best prepared players for collegiate competition, but Nebraska's student-athletes are prepared for life after college as well. Nebraska consistently beats the odds by sending more than the national average to the pros. Nebraska tied for the Big 12 lead last year with 33 former Huskers active in the NFL.

Sheldon Jackson

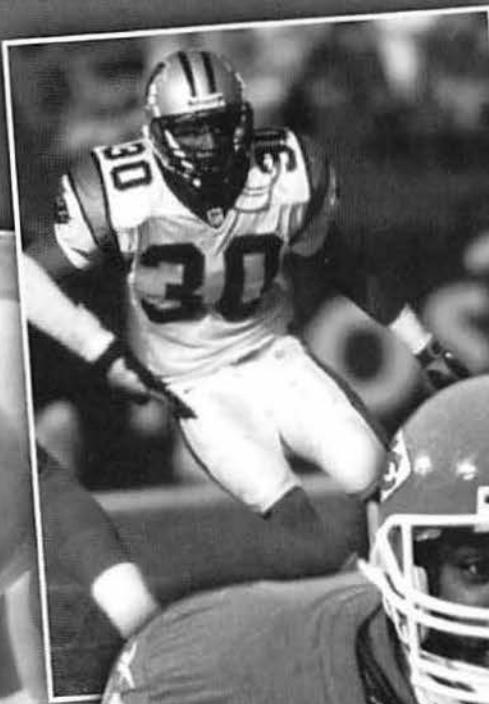

Grant Wistrom, Nebraska's fourth Lombardi Award winner, was a defensive leader on the 2000 Super Bowl Champion St. Louis Rams. Wistrom made 32 solo tackles, including 6.5 sacks, and returned two interceptions for touchdowns in 2000.

Pittsburgh Steelers' kicker Kris Brown tied an NFL record when he opened his career with 13 consecutive field goals in 1999. Brown ranks as Nebraska's all-time leading scorer.

Former Huskers Mike Rucker (upper left), Jason Peter (lower left) and Mike Minter (below) are major parts of the Carolina Panthers' defense.

#### Husker NFL Facts

- In the Bob Devaney, Tom Osborne and Frank Solich era, NU has had 242 players drafted, increasing the average to 6.5.
- Nebraska is tied for 10th on the NFL's all-time first-round draft list with 30, including 11 first-round selections in the last 14 drafts.
- Mike Brown and Steve Warren were both selected in the first three rounds of the 2000 NFL Draft.
- In the 90s Nebraska saw 66 players drafted to NFL teams.
- In addition to the numerous ball carriers and interior blockers NU has provided to the NFL in the last 11 years, the Huskers have had 20 receivers drafted or signed as free agents, and 16 defensive backs have been selected in the last eight drafts.

Almost a half century of tradition. Headquarters for all your Husker rallies.

We're always looking for solutions. For instance, the airlines' top complaints are lack of leg room and lost luggage. We suggest more leg room in the lost luggage waiting area. If you're a horse and someone gets on you, falls off and gets right back on, you should buck him off right away. Remember sometimes you can use a foreign language to make your point. Consider French. Open a conversation with *On t'a berce trop près du mur?* Which means "As a child, was your cradle rocked too close to the wall?"

# Husker Wheel Club

Automobile Dealers in Nebraska are contributing a large measure of help to the University of Nebraska athletic program through the loan of courtesy cars. Like other programs which are a part of the Cornhusker booster group activities, this project enables the Nebraska Athletic Department to make greater use of its funds. These sports-minded dealers around the state have earned a debt of gratitude from the University of Nebraska Athletic Department. They are an important part of the "team," which includes players, coaches, administration, faculty, staff, students, alumni, the Husker Educational Award group, the Husker Athletic Fund and the courtesy car program.

Measure 416 would ban ALL same-sex relationships in Nebraska, INCLUDING business partnerships between brothers, fathers/sons, sisters, and mothers/daughters. It is a bad amendment — bad for business, bad for people, and bad for Nebraska. Please read all of this amendment before you vote! Then join us in voting AGAINST Measure 416.

# Buckhalter Sacrifices Stats for Team Success

Correll Buckhalter

By Jeff Griesch  
Correll Buckhalter has grown up in the Nebraska football program.

From his first days at Nebraska as a true freshman in 1997 to his senior season in 2000, Buckhalter's presence in the

Husker backfield has been a stabilizing force in both the Nebraska offense and his life.

"I feel that I have matured and grown into a man during my time at Nebraska," Buckhalter said. "Since I'm 14 hours away from home, I've had to grow up and learn to make decisions for myself. I will carry my experiences at Nebraska with me the rest of my life."

The 6-0, 225-pound senior I-back has had to learn much more than just overcoming the homesickness he would get from moving to Lincoln from Collins, Miss.

First he had to learn to quickly grasp the massive Husker playbook before being thrown into the backfield as a true freshman because of injuries to Nebraska's top two I-backs.

He showed his growing maturity by rushing for 311 yards on 54 carries, the 10th-best freshman rushing total in school history. Nebraska's season ended with an Orange Bowl win over Tennessee and the Huskers' third national championship in four years.

Buckhalter immediately saw the importance of filling a role in order for the team to succeed.

"I have learned to do whatever I can to give it my all to help the team win," Buckhalter said. "That is my job — to work hard and help the team be successful."

After leading the Huskers with 799 yards in 12 games, including seven starts, as a sophomore, Buckhalter worked hard to become the featured I-back in Nebraska's offense. But the emergence of Dan Alexander led the duo to split time at the position, and Buckhalter started just one game. He finished with 662 yards as the Huskers' third-leading rusher behind Alexander (865) and quarterback Eric Crouch (889).

This season, Buckhalter is a co-No. 1 I-back with Alexander, who earned starts in Nebraska's first two games.

Despite sacrificing playing time and carries, Buckhalter said he gladly accepts his role in the Husker backfield.

"I look at it over the long run that whenever you have to sacrifice, good things always happen," Buckhalter said. "I haven't been fortunate enough to be the feature back here, but when I get my opportunity I always give it 110 percent."

And Buckhalter has been remarkably successful in his role.

With Alexander out with an injury for the

1999 Big 12 Championship Game against Texas, Buckhalter produced a season-high 136 yards to lead the Huskers to a 22-6 win over the Longhorns and a Big 12 title.

Buckhalter has totaled eight 100-yard rushing games, despite making just eight career starts. His most recent 100-yard performance came with 117 yards on just 13 carries against San Jose State in the season opener.

Buckhalter is on the brink of joining a distinguished list of 2,000-yard career rushers at Nebraska. With 1,932 career yards on 329 carries, Buckhalter has averaged 5.9 yards per carry during his career. He trails Tommie Frazier's career total of 1,955 by just 13 yards for the No. 20 spot on the career rushing list. And if Buckhalter can produce a similar season to 1999, he will gain a spot among the top 10 all-time rushers in Husker history.

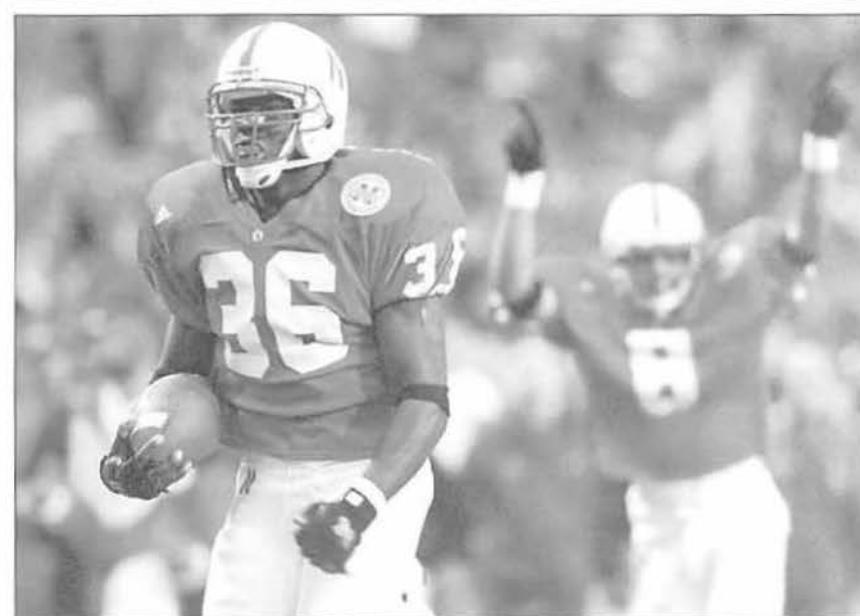

Buckhalter's team-first attitude and willingness to accept his role in NU's offense also has won the praise of Head Coach Frank Solich.

"The younger players look up to Correll because of the way he has handled things during his career," Solich said. "He's very team oriented. He is unselfish. He is not counting the number of carries that he gets. He is not counting the yards or the touchdowns that he gets. He is a guy that wants the football team to excel, and he plays a very big role in that."

Buckhalter said he has grown into his role as a leader, and that mentality has permeated the entire Nebraska backfield.

"The atmosphere with all the backs is just great. Willie (Miller), Dan (Alexander) and I have a great relationship," Buckhalter said. "We are all seniors, and we just go out and try to set examples for the younger guys. We work hard so that they will learn to carry on the tradition."

With the Nebraska offense averaging 389.5 yards rushing per game, Buckhalter's sacrifice and leadership have definitely translated to team success for the No. 1 Huskers.

Buckhalter led the Huskers with 136 yards rushing on 20 carries in a 22-6 win over Texas in the 1999 Big 12 Championship Game, despite suffering a turf toe injury during the game. Buckhalter galloped for a career-long 57-yard run against Missouri in 1999, while carrying the ball a career-high 25 times against the Tigers in 1998. He rushed for 43 yards on nine carries against Notre Dame before leaving the game with a hyper-extended knee. In 2000, Buckhalter has carried the ball 22 times for 160 yards.

# Guidelines for NU Athletic Department Boosters

The University of Nebraska Athletic Department takes great pride in abiding by the National Collegiate Athletic Association (NCAA) and the Big 12 Conference rules and guidelines that govern Division I competition. For the benefit of the many alumni, fans and booster club members who are so active in supporting and assisting the Huskers throughout the year, we would like to remind everyone of a few definitions and rules that apply to all athletic representatives and boosters.

## NCAA Principles

### Institutional Control

It is the responsibility of the University of Nebraska to control its intercollegiate athletic program in compliance with the rules and regulations of the NCAA.

### Responsibility

The University of Nebraska's responsibility for the conduct of its program includes responsibility for the actions of its staff members and for the actions of any other individual, booster or organization engaged in activities promoting the athletic interests of the institution.

### Compliance

The University of Nebraska must monitor its program to assure compliance and to identify and report to the NCAA instances in which compliance has not been achieved. An institution found to have violated NCAA rules is subject to disciplinary and corrective actions as determined by the NCAA.

## NCAA Definitions

### Athletic Representative/Booster

You are considered to be a University of Nebraska athletic representative if you:

- Are a present or past member of a University of Nebraska booster club or agency that promotes the Huskers' intercollegiate athletic program;
- Have made financial contributions to the athletic department or to an athletic booster organization of the University of Nebraska;
- Are, or have been, providing benefits (e.g., summer jobs, meals etc.) to enrolled student-athletes, their family members or friends;
- Are, or have been involved in any manner of promoting the University of Nebraska intercollegiate athletic program.

*Please note: Once an individual is identified as an athletic representative, that person retains that identity indefinitely. The University of Nebraska is ultimately responsible for the acts of all "representatives of athletic interests" in relation to NCAA rules and regulations.*

### Prospective Student-Athlete

A prospective student-athlete is a student who has started classes for the ninth grade or above, including students in prep schools and junior colleges as well as students who have officially withdrawn from a four-year institution and plan to transfer to another institution. In addition, a student who has not started classes for the ninth grade becomes a prospective student-athlete if the institution or a booster provides the individual or the individual's relatives or friends with any financial assistance or benefits that the institution does not provide to prospective students in general. A good rule of thumb is to treat ALL STUDENTS as prospects.

### Student-Athlete

A student-athlete is a student whose enrollment was solicited by a member of the athletic staff or other representative of athletic interests with a view toward the student's ultimate participation in the intercollegiate athletics program.

### Contact

A contact is any face-to-face encounter between a prospect, or the prospect's parent or legal guardian, and an institutional staff member or athletic representative during which any dialogue occurs.

### Recruiting

Recruiting is any solicitation of a prospect or a prospect's family member (or guardian) by an institutional staff member or by athletic representative of the institution, for the purpose of securing the prospect's enrollment and ultimate participation in the institution's intercollegiate athletic program.

## Guidelines and Reminders for Boosters

- A booster may **not** contact the prospect, prospect's coach, principal or counselor in an attempt to evaluate or recruit the prospect.
- A booster may **not** expend funds to entertain or provide transportation for a prospective student-athlete, family members or friends.
- A booster may **not** become directly or indirectly involved in making arrangements for a prospect, or the prospect's relative or friends to receive money or financial aid of any kind.
- A booster may **not** contact a prospective student-athlete through letter writing, telephone calling or other forms of communication.

### However, here are a few ways that a Husker Booster may be involved:

- **Do** discuss summer employment opportunities with a prospect after he/she has signed a National Letter of Intent with the University of Nebraska.
- **Do** attend high school athletic events without contacting prospective student-athletes.
- **Do** continue existing friendships with families and friends of prospective student-athletes.
- **Do** send recommendation letters, newspaper clipping or similar information about prospective student-athletes to Husker coaches.

## Extra Benefits Guidelines and Reminders for Boosters

### Extra Benefit

An extra benefit is any special arrangement by an institutional employee or an athletic representative to provide a student-athlete or the student-athlete's relative or friend a benefit not expressly authorized by NCAA legislation.

Boosters may **not** provide any special arrangement considered to be an extra benefit by NCAA definition. Examples of extra benefits include but are not limited to:

- Providing cash or loans of any amount;
- Signing or co-signing for a loan or other forms of financial assistance;
- Providing the use of a telephone to make local or long distance calls;
- Transporting a student-athlete or providing the use of a vehicle;
- Providing free or reduced rent housing;
- Giving gifts of any kind (i.e. birthday, Christmas, Valentine's Day);
- Promising a student-athlete post-graduate education or employment;
- Offering free services (i.e. clothing, airline tickets, laundry, car repair, haircuts, restaurant meals);
- Providing payment to a student-athlete for a booster club speaking engagement;
- Providing employment for relatives or friends.

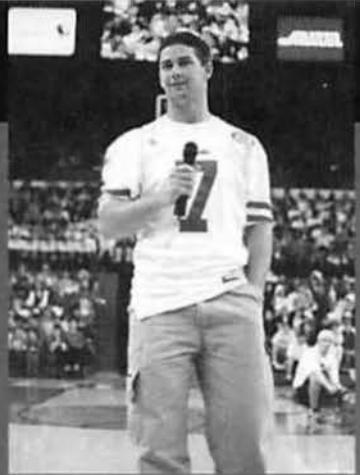

### However, here are a few ways that a Husker booster may help:

- **Do** invite a student-athlete to participate in non-profit, charitable or educational events.
- **Do** invite a student-athlete into your home for an occasional meal.
- **Do** contact the NU Athletic Compliance Office for approval prior to a student-athlete engaging in outside speaking or promotional activities.
- **Do** pay a student-athlete the commensurate rate for actual and legitimate employment.

*For further information regarding NCAA Guidelines for Athletic Representatives, please contact the Athletic Compliance Office at (402) 472-2042 or 1-(800) 927-7220. Inquiries may also be mailed to the Athletic Compliance Office at 300 West Stadium, P.O. Box 880219, Lincoln, NE 68588-0219 or faxed to (402) 472-4609.*

# Giving Back

The Nebraska football team gives back to the community in many ways. Husker players help mentor youths in local schools, visit children in hospitals and travel the state on the Dedicated to Excellence tour. The Huskers also play a large part in the yearly "School is Cool" Jam.

Husker running back Dan Alexander is a member of the NCAA's Good Works team and was named to all four Brook Berringer Citizenship Teams.

Alexander represents the University of Nebraska during the summer months as a Husker Ambassador.

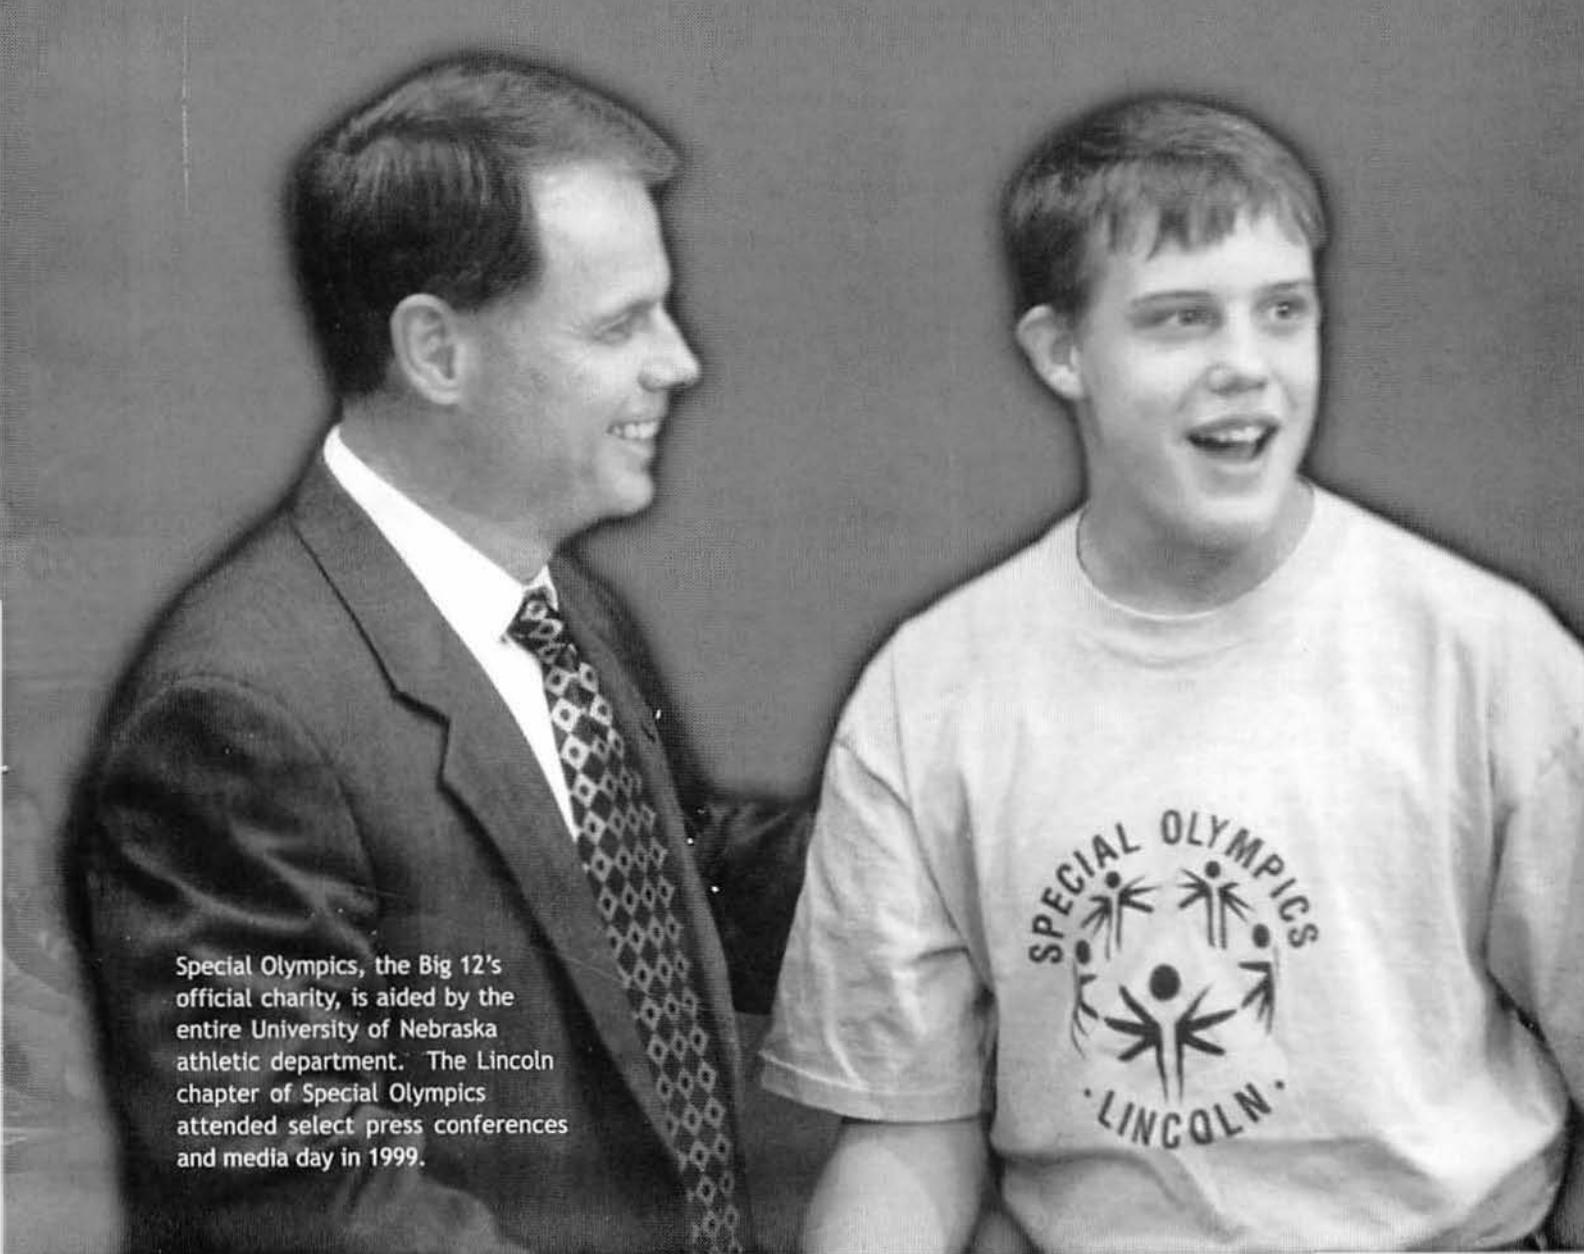

Nebraska athletes, coaches and staff hosted the ninth-annual School is Cool Jam in 2000, attracting more than 14,000 children to the Bob Devaney Sports Center. Both the NCAA and the National Consortium for Academics and Sports have endorsed the nationally acclaimed School is Cool Jam.

“The ability to deliver a motivational message that positively influences young people's lives is an intrinsically rewarding benefit of being a Husker.”

-Brian Shaw, B.K. Division I Scholar-Athlete of the Year

Husker team members visit children in area high schools and also find time to share with kids on bowl trips, where the players have visited children in hospitals.

Special Olympics, the Big 12's official charity, is aided by the entire University of Nebraska athletic department. The Lincoln chapter of Special Olympics attended select press conferences and media day in 1999.

# Pinnacle Sports Productions

Pinnacle Sports Productions begins its fifth year of producing and marketing the live broadcasts of the University of Nebraska football, men's and women's basketball, volleyball, baseball and softball games. Pinnacle was first awarded the broadcast rights on Feb. 9, 1996. The University renewed the Pinnacle Contract in May, 2000 worth \$10.4 million over an additional five-year term to begin Aug. 1, 2001 and to end July 31, 2006.

Criteria used in evaluating bids included guaranteed annual fees; confidence in the bidder's ability to realize such fees; ability to put together a network; additional proposed programming; availability of a viable radio production facility and personnel; coverage of women's sports; other sports coverage committed; air wave coverage of the state of Nebraska and key out-of-state locations; and willingness and ability to promote the University of Nebraska in all areas, including non-athletic concerns.

Pinnacle Sports Productions is owned by Paul Aaron of Elkhorn, Neb., and Dale Jensen of Phoenix, Ariz.

Pinnacle Sports Productions heads up a large network of state and national affiliates, allowing Husker games to be heard nationwide. For the 2000 season, KKAR (1290 AM) and KZFX (101.9 FM) are the Omaha affiliates and KLIN (1400 AM) and KFGE (98.1 FM) are the Lincoln affiliates. As of press time, Pinnacle Sports had put together a 59-station network, including 37 in-state and 22 out-state stations, covering 14 states.

The Pinnacle Sports Productions staff includes Paul Aaron, President; John Andrews, General Manager; Patricia Aaron, Marketing; Colleen Hitz, Marketing and Sales Manager; Jamie Linn, Marketing; David Lacey, Business Manager; Mike Elliott, Technical Director; Terri Elliott, Producer; Lesia Woodruff, Billing and Traffic Director.

## Pinnacle Sports Announcers

Veteran sportscaster Warren Swain begins his fifth year as the play-by-play voice of Husker football and men's basketball. Swain has been in the sports radio business for nearly three decades and was the radio voice of University of Virginia football, basketball and lacrosse from 1986 to 1996.

Swain has also held play-by-play assignments at Drake University, the University of Oregon, Iowa State University and Hastings College. Swain was named Virginia Sportscaster of the Year six times, most recently in 1994, as well as earning Iowa and Oregon Sportscaster-of-the-Year honors.

After growing up in the Midwest, Swain welcomed the opportunity to work with the University of Nebraska.

Former Husker Adrian Fiala provides color for football broadcasts. Fiala played football (linebacker) and baseball (catcher) for the Huskers (1967-69). Fiala previously provided color commentary for KFOR radio in Lincoln, working with Ray Scott, Tim Moreland and Dick Perry. Since 1985, he has worked as the analyst for telecasts of the Omaha Golden Spikes games on the Nebraska ETV Network and in Omaha, on Cox cable. He has provided color commentary for the Nebraska baseball team for the past 10 seasons.

Jim Rose joins Swain and Fiala in the broadcast booth each week for his comments and insights. Rose is also the women's basketball play-by-play announcer and is the program director at KLIN. Sideline reports are delivered by KKAR's Gary Java. Other announcers and studio personnel include, KLIN's John Bishop, John Baylor and Gary Sharp.

# Husker Soccer

Jenny Benson

After producing the best season in Nebraska soccer history in 1999, the Huskers want only one thing in 2000 -- more.

Nebraska advanced to the Elite Eight in the NCAA Tournament for the second time in school history and finished with a 22-1-2 record but came up one sudden death penalty kick short of its first trip to the Women's College Cup in San Jose, Calif. The Huskers did not advance after a four-overtime tie with Notre Dame in front of a school-record crowd of 3,702 at the Abbott Sports Complex.

Now, despite losing a senior class that included All-Americans Lindsay Eddleman, Isabelle Morneau, Sharolta Nonen and Amy Walsh, Coach **John Walker** and the Huskers think they have what it takes to repeat as Big 12 champions and advance to the Women's College Cup.

"We're not satisfied with what we accomplished last year," Walker said. "Sure it's nice to finish in the top five, but our goal is to get to the Final Four and win the national title. At Nebraska, the goal will always be to win the national championship."

The Huskers run for the Women's College Cup will be led by an experienced defense. Senior goalkeeper **Karina LeBlanc**, who ranked fifth nationally with a 0.51 goals-against average, returns after a summer as a starter for the Canadian National Team. Senior defender **Christine Gluck**, who has started 47 straight games, returns after earning All-Big 12 Tournament honors. Senior defender/midfielder **Jenny Benson**, who is Nebraska's all-time assist leader and one of the nation's most creative players, also returns as a three-time All-Big 12 pick.

Sophomore **Breanna Boyd**, who is a starting defender for the Canadian National Team, completes a solid backfield, while All-Big 12 midfielder **Meghan Anderson** is back to head Nebraska's attack. The junior from Omaha led the Huskers and ranked 18th nationally with 54 points on 21 goals and 12 assists.

Junior **Shannon Tanaka** and sophomore **Kori Saunders** should also find starting jobs in the midfield. Second-team All-Big 12 forwards **Kelly Rheem** and **Christine Latham** should help lead an offense that ranked second nationally with 4.32 goals per game in 1999. Juniors **Becky Preston**, **Najah Williams** and **Danica Carey** and senior **Lauren Tatum** will all battle for starting time in the midfield or at forward. **Brooke Jones**, **Paige Phillips** and **Leah Lamale** should see significant playing time.

Nebraska's returnees will be joined by a group of seven newcomers, including **Lindsey Greenwood**, **Christy Harms**, **Kelly Haxton**, **Marie-Claude Henry**, **Becca Malesa**, **Erin Miller** and **Lacey Woolf**.

"We want to finish our season in San Jose," Walker said. "We think we have the potential to get there."

# Husker Rifle

Nicole Allaire

The Husker rifle team made history last year when it qualified for the NCAA Championships in just its second season. Not only did the Husker shooters fire their way to a third-place finish with three freshmen and two sophomores on the roster, but they were also the only all-female team in the competition.

Although it will be tough to duplicate last year's accomplishment, Head Coach **Karen Anthony** said she expects Nebraska to be among the top five teams in the country during the 2000-01 season.

"We will have excellent depth in air rifle, with five athletes capable of shooting 390 or better," Anthony said. "We're not as deep with the smallbore rifle, but we'll be significantly better than last year."

The Huskers will again rely on **Nicole Allaire**, who was named a National Rifle Association All-American in both air and smallbore rifles as a freshman. The reigning NCAA individual champion in the smallbore, Allaire also competed in the individual air rifle competition, placing 15th.

Nebraska will also be bolstered by the return of sophomore **Amanda Trujillo**, who earned second-team NRA All-America honors in both rifles, and junior **Terim Richards**, who finished fifth in the NCAA individual air rifle competition. Trujillo, who hails from Brush, Colo., placed ninth in the NCAA individual smallbore competition and could challenge for NRA first-team honors this year.

Lincoln native **Rachel Spiry** returns for her third season. The team leader, Spiry has added 66 points to her smallbore personal-best and

has also improved in the air rifle.

**Sophomore Victoria Ridge** (Langhorne, Pa.) is also back and could challenge for a top-four spot on the smallbore team.

Three freshmen join the Huskers for the 2000-01 season, led by **Heather Pisos** from

Wheeling, W.V. Pisos, a second-year member of the National Development team, finished second to Richards in air rifle and was the runner-up to Allaire in smallbore at the 2000 National Junior Olympic Shooting Championships.

The Huskers will also gain some international experience with the addition of Victoria, British Columbia, native **Karen Aspden**. Aspden, who shoots primarily air rifle, finished fourth at the 1999 Canadian National Rifle Championships and should contribute immediately to the team.

Rounding out the recruiting class is **Melissa Downsborough** from Bellefonte, Pa. Downsborough, only 17, competed at the 1999 USA Shooting National Championships, and should see marked improvement in her scores throughout the season, according to Anthony.

Mark Manning

After three seasons as the head coach at Northern Iowa, **Mark Manning** will take over the helm of a Nebraska squad that finished eighth nationally last season and returns four NCAA qualifiers, three All-Americans and a national champion.

Although Manning is excited about his new position at Nebraska, he said he isn't quite sure when it will sink in that he is now a member of the scarlet and cream instead of the purple and gold of Northern Iowa.

"As the season gets going I think it will set in," Manning said. "This is a great opportunity for me professionally. I coach to help young men grow in wrestling and in life. I want to help each one of our team members meet their goals on and off the mat."

Manning will rely on senior **Brad Vering** to lead the Huskers toward those goals. Vering gave Nebraska its seventh national champion after defeating Iowa State's Zach Thompson in the 197-pound finals at the NCAA Championships in St. Louis last year. The Howells, Neb., native posted a 38-3 record during the 1999-2000 campaign and is at the top of InterMat's preseason rankings.

Senior **Todd Beckerman** enters the 2000-01 campaign as the second-ranked 133-pounder in the nation after earning his first All-America honor in 2000. Beckerman posted a 31-10 mark last season and was the team leader in major decision victories with 11.

Manning's third returning All-American is junior **Bryan Snyder**. The Easton, Pa., native was an All-American and Big 12 Champion at 157 pounds in both 1999 and 2000 and posted a 43-3 overall record, including a perfect 18-0 dual record last season. Snyder's 43 wins in

1999-2000 tied him for second on NU's single-season win chart.

Despite his regular season success, Snyder faltered at NCAAs, falling in the first round. With that loss still fresh in his mind, Snyder will be ready and focused when March 15 rolls around in Iowa City, Iowa.

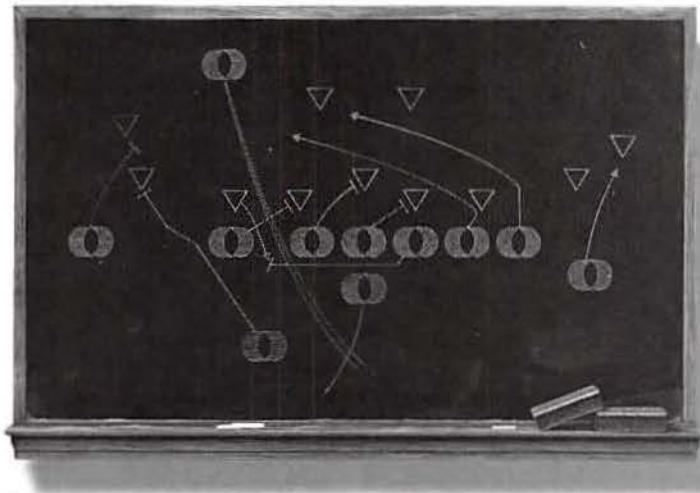

"Our whole regular season will prepare us for the NCAA tournament," Manning said. "Our guys will know that when they step on that mat in Iowa City, they need to be ready to go."

Other projected starters include: redshirt freshman **Jason Powell** (125), sophomore **Justin Flores** (141), true freshman **Travis Schufelt** (149), junior **Tony Denke** (165), senior **Ati Conner** (174), senior NCAA qualifier **Charles McTerry** (184) and sophomore **Pat Miron** (HWT).

"I believe we have a number of guys who are very talented and have the wrestling experience to have a lot of success this season," Manning said. "We want to make a brand of wrestling that is exciting to watch."

# Husker Women's Gymnastics

Amy Ringo

The question heading into the 2001 season for Nebraska Women's Gymnastics Coach **Dan Kendig** is what to do for an encore.

Last season, the Huskers went 25-5, won their first regional title in 17 seasons and placed fourth at the NCAA Championships, equaling the best finish at nationals in the program's 25-year history. In addition, Heather Brink won the NCAA all-around and vault titles, while also capturing the Honda Award, presented to the nation's top collegiate gymnast.

Despite the difficult task of replacing Brink and All-American Nicole Wilkinson, Kendig is optimistic about the upcoming campaign. The Huskers return six letterwinners, including a trio of All-Americans, and regain the services of **Bree Dority O'Callaghan**, who missed all of last season with a knee injury.

"We are excited about the upcoming season," said Kendig, who is 123-26 in seven seasons at NU. "We are going to miss Heather's consistency, but we will have a lot more routines to draw from because we gained five athletes and lost only two. On paper, we should be a better team than last season."

Much of the leadership will be provided by all-arounders **Amy Ringo** and **A.J. Lamb**, as the duo both earned All-America honors last season. The lone senior on the roster, Ringo was NU's most consistent all-arounder, scoring 39 or better in each of the last nine meets, placing fifth in the all-around at the Big 12 Championships and at the NCAA Region 3 Championships. Lamb made an immediate impact in her first season for the scarlet and cream, earning first-team All-America honors on floor exercise and finishing second in the all-around at regionals. She set freshman records in three events and was the Big 12 Co-Newcomer of the Year.

If the NCAA Championships were any indication, junior **Laura Goss** is poised to have a breakthrough season in 2001. The Austell, Ga., native scored 9.825 or better in all six of her routines at nationals, barely missing out on All-America honors on three events. She is also the Huskers' top returning vaulter, placing second at the Big 12 Championships with a career-best 9.90.

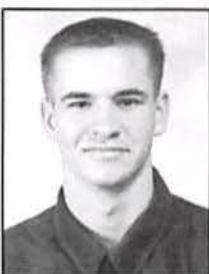

If Dority O'Callaghan can return to her freshman season form, the Huskers will have another top all-arounder in the lineup. She had an impressive freshman season in 1999, taking Big 12 Newcomer-of-the-Year honors and placing 17th in the all-around at the NCAAs in Salt Lake City with a career-best score of 39.175, barely missing out on All-America honors. O'Callaghan suffered a knee injury and was redshirted, but has been in the gym working on her routines since last spring.

In addition to Lamb, a trio of freshmen were mainstays in the NU lineup in 2000, and all have the potential to contend for conference and national honors this season. **Julie Houk** is the Huskers' third returning All-American. The sophomore from Hamilton, Ohio, won the Big 12 title on the uneven bars and was among the national leaders in the event all season. Fellow sophomores **Jess Wertz** and **Jen French** were both three-event performers last season. Wertz competed on all four events last season and is one of the Huskers' top performers on uneven bars and floor exercise, while French was one of NU's top beam workers and led off the Husker vault lineup last year.

Joining the returnees is one of the nation's top recruiting classes. **Alicia Ingram** was a former national team member who competed at the U.S. Nationals in late July. In addition, **Gina Bruce**, **Tami Harris** and **Libby Landgraf** all have extensive experience competing at Junior National competition.

Nebraska faces a tough schedule featuring the Masters Classic with LSU, North Carolina State and Denver the last weekend in February.

# Husker Men's Gymnastics

Dusty Jakub

Nebraska men's gymnastics Coach Francis Allen predicts the Huskers will have luck on their side during the 2001 season after suffering through the unluckiest season in the program's history last year.

The Huskers lost national champions Jason Hardabura and Marshall Nelson as well as All-American Blake Bukaek to injuries in 2000.

"Last season, if we had not had the injuries that we did, there is not a doubt in my mind that we would have been a top competitor for the national championship," Allen said.

"But the thing is, this year's team could be even better than the squad we were going to have last year if everything goes according to plan and we have a little luck."

Allen has reason for optimism. Nebraska will field an experienced and talented squad despite the departure of a 2000 senior class that included one national champion and three All-Americans.

**Jason Hardabura** headlines the 2001 team. The 1999 NCAA all-around and floor exercise champion, Hardabura competed in just two meets during the 2000 season because of shoulder soreness. In late February, he underwent season-ending surgery to repair a torn labrum, fixing the tendon that connected his right shoulder to its socket.

Allen said Hardabura, who holds the NU record for all-around scores of 58 or higher in a single season with six, returned to full speed faster than expected.

"Even though Hardabura missed last season, he is still going to be a guy that everyone wants to beat," Allen said. "He has to be a favorite for the all-around title again this year."

The Huskers' second returning All-American is **Dusty Jakub**. A Lincoln High product, Jakub was a fixture in Nebraska's pommel horse and parallel bars lineups throughout the 2000 season before capturing All-America honors with a fifth-place finish in the parallel bars competition at the NCAA Championships in April.

Senior **Grant Clinton** and junior **Martin Fournier** also bring championship experience to the Nebraska lineup. Clinton advanced to the NCAA finals on high bar last season despite battling back and shoulder soreness throughout 2000. When healthy, Clinton competes in five events and is one of NU's best still rings performers.

Fournier competed in the all-around eight times for NU during the 2000 season and scored 54 or higher five times. His best event is parallel bars, where he captured three event titles.

"Martin Fournier will be a great gymnast," Allen said. "He hurt his wrist in December last year and never really recovered. I'm expecting much more out of him this year."

Junior **Jeff Kelly**, a ring specialist, and sophomores **Nick Batliner** and **Ryan Sneed** also return for NU. They will be joined by freshmen **Steven Friedman**, a South African national team member, and **Orzata Julian** and **Suciu Silviu**, both Romanian national team members.

The three newcomers will not join the Huskers until the second semester because each will compete in the 2000 Olympics this fall.

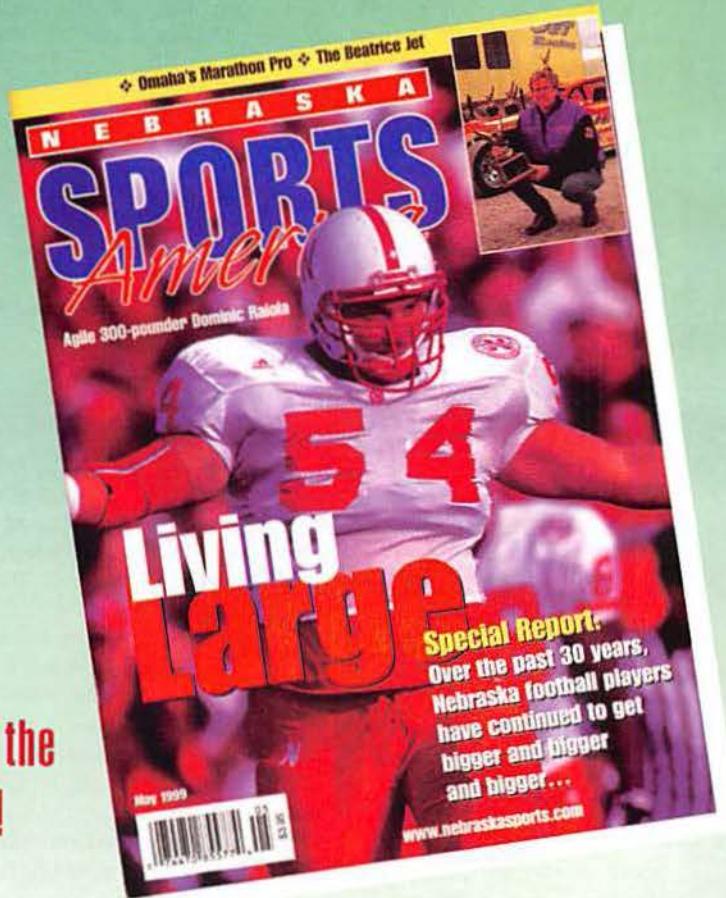

"Both Romanian guys are tough, rugged gymnasts," Allen said. "They are scoring 56 all-arounds at the Olympic level, which is like a 57 or 58 in college. Steven Friedman is also very talented, and he's a great rings guy. I'm expecting to see terrific things from all three of the new guys."

# Husker Cross Country

Amie Jorgensen

With the loss of All-Big 12 Conference runner Michelle Brooks and 1999 team captain Jaime Pauli, the **2000 Nebraska women's cross country team** would appear to be hard pressed to duplicate its 16th-place finish at last year's cross country championships.

In addition to Brooks and Pauli, the Huskers will also find themselves without the services of Jeannette Zimmer, who was Nebraska's top finisher in each of the meets in which she competed as a freshman. Zimmer, who was limited to four meets last year, was forced to give up running because of stress fractures in both legs.

However, NU Coach **Jay Dirksen** still has reason for optimism. Nebraska returns three runners from the 1999 squad that earned the program's highest finish at the national meet since 1994.

"I think we've got four pretty solid returnees, and we've added some really good freshmen," Dirksen said. "This is one of the toughest conferences in the nation, and we're hoping to place in the top half."

Leading this year's squad will be **Amie (Finkner) Jorgensen** (Kearney, Neb.) and **Jaimie Kruger** (Pierce, Neb.), a pair of seniors who were among Nebraska's top runners last season. Injuries have plagued Jorgensen her entire collegiate career, and she missed the 2000 indoor track season with a stress fracture. However, with a great spring track season in which she placed eighth at the conference meet in the 10,000-meter run, and a solid summer of training, Jorgensen is on pace to have her best season ever this fall.

Kruger, who now has a year of Division-I experience after transferring from Nebraska-Kearney in 1998, could battle for a spot in the top three.

Another returner who will compete for the top spot on the team is sophomore **Kathryn Handrup** (Aurora, Neb.). Handrup was consistently among the top four runners on the Husker squad despite starting her collegiate career on only half a summer of training because of injuries. Last season she finished 22nd in the competitive Big 12 and will look to improve that finish in 2000.

Also returning to the team is senior **Deb Osteen** (Clayton, Calif.), junior **Jenna Lucas** (Rapid City, S.D.) and sophomore **Melissa Drozda** (Omaha, Neb.).

Osteen has been slowed by a pelvic injury, which may cause her to redshirt this season.

Lucas (Rapid City, S.D.) could be among the top five runners on the team. Last year Lucas made tremendous strides in cross country and on the track, but Dirksen believes she has yet to reach her full potential.

Drozda (Omaha, Neb.), who struggled last season because of complications with her allergy medication, will also attempt to break the top seven. Sophomore **Christy Linnell** (Papillion, Neb.) has taken a little longer to adjust to running at the collegiate level, but after turning in some good races last year, she is expected to add depth to the team.

Dirksen has added three freshmen to the squad for the 2000 season, including **Ann Gaffigan** from Springfield, Ill. Gaffigan, the 1998 Illinois cross country champion, suffered from mononucleosis her junior year but rebounded to win the 2000 Illinois Class AA 3,200-meter run in a personal-best time of 10:27.6. If Gaffigan can adjust quickly to running at the collegiate level, Dirksen expects her to battle for the top spot on the squad and to rank among the top runners in the conference.

Joining Gaffigan are **Morgan Hartman** (Scottsbluff, Neb.) and **Hillary Laird** (Kansas City, Mo.). Hartman missed the entire high school cross country season because of injury but came on strong in the spring. She suffered a stress fracture before her high school district

meet and just resumed training in July. Laird, the Missouri state two-mile Class AA champion, came on strong her senior year in high school and will provide depth to a strong Nebraska team.

The **2000 Husker men's cross country team** could be the surprise of the year in the Big 12 Conference. The Huskers, a very young squad last year with four freshmen among the team's top seven runners, have gained a year of experience and hope to improve on last year's sixth-place finish at the conference meet.

"I'm really excited about our men's team," Dirksen said. "We have two seniors who are really good leaders, and that's something we haven't had in a while. We also gained three really solid recruits. I think that makes for a pretty darn good team."

Senior **Marcus Witter** (Kearney, Neb.), Nebraska's top runner in 1999, returns, along with classmate **Aaron Carrizales** (Morrill, Neb.), who ended the season as the Huskers' No. 2 runner.

Witter has made tremendous improvement throughout his collegiate career and has the potential to be among the top 10 runners in the conference, Dirksen said. Smith, a tough competitor and hard worker, could also be among the top runners in the league.

Last season Carrizales was knocking on the door of being one of the top 25 runners in the conference, finishing 31st at the Big 12 meet and 26th at the NCAA Regional meet.

The Huskers also boast six solid sophomores, who will battle for a spot in the top seven.

Perhaps the key to this year's squad is how **Ian Gray** (Eugene, Ore.) performs. Gray missed the first three meets of the season in 1999 while he recovered from a broken foot suffered the previous summer. Although inexperienced in collegiate racing, his ability to train at high levels should bridge that gap quickly.

**Jed Barta** (Idaho Falls, Idaho) struggled during the cross country season last year because of sinus trouble but has recovered and should be among the top five runners on the team.

Dirksen is also looking for big things from **Mike Kamm** (Bellevue, Wash.). Kamm came out of high school as a good track runner but surprised everyone with his ability on the cross country course. Another strong sophomore, **James De Bruhl** (Ontario, Calif.), is a very talented middle distance runner with tremendous speed and the ability to be a good distance runner.

**Phillip Davis** (Watertown, S.D.) and **Hunter Kosman** (Scottsbluff, Neb.) have improved and will add depth to an extremely talented team.

Three freshmen will join the squad but may find it hard to crack the team's top seven. Headlining this year's recruiting class is **Eric Rasmussen** (North Platte, Neb.), the Nebraska 3,200-meter champion. Joining him is **Kyle Wyatt** (Albion, Neb.), the Class C mile champion, and **Jon Jenkerson** (La Crosse, Wis.).

# 1970 National Champions - 11-0-1

Early in the 1970 season, Jerry Murtaugh predicted Nebraska would win the national championship. Murtaugh was a senior linebacker and co-captain who, in just three seasons, set the Cornhusker career record for tackles. A quarter of a century later, Murtaugh's mark still stands.

It was obvious that Murtaugh was capable of backing up whatever he said, which, in the case of the 1970 season was not without some justification. Nebraska had been 9-2 the previous season, winning its final seven games, including a decisive 45-6 victory against Georgia in the Sun Bowl.

After the Sun Bowl game, Georgia coach Vince Dooley said the Cornhuskers hadn't belonged in El Paso, Texas; they deserved better competition than his team could provide.

Still, 1970 was a new season. And though Nebraska had several starters returning on offense, Murtaugh was one of only three defensive starters returning. Dave Walline and Jim Anderson were the others.

Besides, winning a national championship wasn't something over which a team had complete control. It would depend not only on being successful, but also on the votes of writers and broadcasters in the Associated Press poll or of selected coaches in the United Press International poll.

Two games into the season, Murtaugh's brash prediction became a longshot, at best. After opening with a 36-12 victory against Wake Forest, the ninth-ranked Cornhuskers played Southern California to a 21-21 tie at the LA Coliseum. The Trojans tied the score with 8:16 remaining, after a failed 12-yard field goal attempt, resulting from a poor center snap, kept Nebraska from putting the game away.

"We should have won the game," Johnny Rodgers said years later.

Rodgers was a sophomore in 1970, his first varsity season.

A tie at USC was certainly no disgrace. Coach John McKay's team was ranked No. 3. Nebraska even moved up in the next week's Associated Press poll. But No. 8 was still a long way from No. 1.

And the Cornhuskers' record had a blemish, however slight.

Nebraska returned to Memorial Stadium to defeat Army 28-0 the next week, to begin what would be a 23-game winning streak and include not one but two national championships.

The Cornhuskers rolled through the Big Eight, moving up to No. 3 in the AP rankings after a 51-13 victory against No. 20 Kansas State in the next-to-last game of the regular season. Nebraska intercepted Wildcat quarterback Lynn Dickey a school-record seven times, and Cornhusker I-back Joe Orduna rushed for 105 yards and four touchdowns against what had been the conference's best defense.

Orduna, a senior who sat out the 1969 season as a medical redshirt, led Nebraska in rushing in 1970.

A week later, the Cornhuskers won the Big Eight championship outright by defeating Oklahoma 28-21 at Memorial Stadium. Though unranked, the young Sooners could have earned a share of the conference title with a victory. Nebraska had to come from behind twice during

the game. Junior quarterback Jerry Tagge scored the winning touchdown, capping a 53-yard drive, with 7:42 remaining.

Nebraska finished 10-0-1, its first undefeated regular season since 1965, and ranked No. 3 in both wire service polls, behind two unbeaten and untied teams: No. 1 Texas and No. 2 Ohio State. The UPI didn't conduct a poll after bowl games, so Texas was its national champion for 1970.

The Cornhuskers were matched against No. 5 LSU in the Orange Bowl game on New Year's night. Texas played Notre Dame, which had been No. 1 until a late-season loss to USC, in a rematch of the previous year's Cotton Bowl. And Ohio State drew Stanford in the Rose Bowl.

Nebraska's hopes of earning the AP version of the national championship were slim. Both Texas and Ohio State would have to lose, and the Cornhuskers would have to win. But it happened.

Notre Dame upset Texas 24-11, and Stanford staged a fourth-quarter comeback to defeat Ohio State 27-17. Nebraska learned of the latter result during the Orange Bowl's pregame warmups.

The Cornhuskers appeared ready to seize their opportunity, jumping ahead of LSU 10-0 in the first 13 minutes of the Orange Bowl. But the Tigers controlled the ball during the second and third quarters, scoring on a 31-yard pass on the final play of the third quarter to take a 12-10 lead.

Nebraska responded by driving 67 yards for the winning touchdown, scored by Tagge from 1 yard away with 8:50 remaining. Junior linebacker Bob Terrio, a junior college transfer who had arrived at Nebraska as a fullback, preserved the victory by intercepting a Bert Jones pass with 45 seconds left.

Notre Dame Coach Ara Parseghian argued that his team should be the AP national champion because it had defeated top-ranked Texas. But Nebraska was a de-

cisive No. 1 in the final AP poll. "I was afraid Ara's comments might influence the voters, but I guess the writers are too smart to take some coach's word," Cornhusker Coach Bob Devaney said. "The writers knew who was best."

Nebraska also received a national championship endorsement from President Richard Nixon, who proclaimed the Cornhuskers No. 1, to the delight of 8,000 at the NU Coliseum, on Jan. 14, 1971. Co-captains Murtaugh and fullback Dan Schneiss joined Devaney alongside Nixon.

It was just as Murtaugh had predicted.

# THE CALL

The rare play, quirky bounce or bizarre situation can give college football referees instant headaches, especially since they are expected to make immediate decisions during the heat of battle. Under the gun, could you make the right call?

Touchdown Illustrated gives you the whistle. Below are rulebook headaches designed to test your knowledge of the game. You be the ref!

**HEADACHE #1****BOSTON COLLEGE vs. SYRACUSE**

BC tailback Cedric Washington runs to the outside, where he's hit hard at the BC 36-yard line by Orangemen defensive end Duke Pettijohn. Washington's helmet flies off, but he remains upright. Hoping to outmaneuver Pettijohn, he runs backwards, where he fumbles. The fumble is recovered by Syracuse linebacker Morlon Greenwood, who's immediately stopped at the 30.

**YOU'RE THE REF:**

What happens next?

**ANSWER**

The play is dead, and the ball belongs to the runner's team at that spot. Section 1, Article 34, when a runner's helmet comes completely off, Rule 4 keeps possession, and the ball is spotted at the 36. According to Rule

**HEADACHE #2****NEBRASKA vs. TEXAS A&M**

Nebraska quarterback Eric Crouch throws for split end Matt Davidson in the end zone, but Aggies safety Michael Jameson steps in and makes the interception. Jameson catches the ball on the 2-yard line, but backpedals into the end zone, where he is taken down by Davidson.

**YOU'RE THE REF:**

What happens next?

**ANSWER**

Texans A&M's ball on the 2. According to Rule 8, Section 5, Article 1, when a player intercepts a pass or fumble between the five-yard line and the goal line, and his momentum carries him into the end zone, where the ball is declared dead, his team gets the ball at the spot of the interception or fumble recovery.

**HEADACHE #3****WISCONSIN vs. MICHIGAN STATE**

Down 26-24, with four seconds on the clock, the Badgers have the ball on the Spartans 15-yard line. Quarterback Brian Bollinger rolls out of the pocket, but can't find an open receiver. With time expired, and Spartan linebacker Josh Thornhill bearing down on him, Bollinger drop kicks the ball towards the end zone, and through the goal post.

**YOU'RE THE REF:**

What happens next?

**ANSWER**

It's good! Rule 8, Section 4, Article 1 says that any scrimmage kick that passes through the uprights is a field goal. Wisconsin wins by a point.

**HEADACHE #4****ARMY vs. NAVY**

Naval academy wide receiver Brandon Rampani is lined up on the far right. After the snap, Army defensive back Derrick Goodwin pushes him at the line of scrimmage, and he steps out of bounds. He steps back in bounds, runs down the field, and catches a pass in the end zone from quarterback Brian Broadwater.

**YOU'RE THE REF:**

What happens next?

**ANSWER**

Tough down, Navy. A receiver who steps out of bounds is normally ineligible, but if he is blocked out of bounds and immediately returns inbounds, he retains his eligibility.

# 1971 National Champions – 13-0

Nebraska's 1971 season came down to a single game at Owen Field in Norman, Okla., on Thanksgiving Day. At least, that's how it is most often remembered. The No. 1-ranked Cornhuskers played No. 2-ranked Oklahoma in what still is regularly regarded as college football's "Game of the Century."

The teams were undefeated and untied, and they included 17 of 22 first-team All-Big Eight players. Nebraska had the nation's top-ranked defense. Oklahoma had its most productive offense.

The cover of the issue (November 22, 1971) of Sports Illustrated published the week of the game included photographs of Nebraska linebacker Bob Terrio and Oklahoma running back Greg Pruitt, nose-to-nose, beneath the headline: "Irresistible Oklahoma Meets Immovable Nebraska."

The game was equal to its buildup. Johnny Rodgers opened the scoring less than four minutes into the first quarter with a 72-yard punt return, and Rich Sanger finished it by kicking an extra point with 1:38 remaining, following a dramatic, 74-yard drive capped by Jeff Kinney's 2-yard run.

Rodgers' punt return is among the most memorable moments of the game. But he also made a key play to keep the winning touchdown drive alive, improvising on a pass route to get open on third-and-8, then making a diving catch of a Jerry Tagge pass for a 12-yard gain and a first down.

Cornhusker middle guard Rich Glover, who made 22 tackles that afternoon, put the finishing touches on Nebraska's 35-31 victory, deflecting a fourth-down, Jack Mildren pass with barely a minute left.

Except for the Oklahoma game, Nebraska was never seriously challenged in its quest to repeat as national champion. The Cornhuskers overwhelmed 12 other opponents, including Alabama in the Orange Bowl, to earn themselves a place among the best teams in college football history.

Coach Bear Bryant's Crimson Tide went to Miami undefeated, untied and ranked No. 2. It left a 38-6 loser, providing proper payback for Nebraska's 39-28 and 34-7 bowl losses to Alabama following the 1965 and 1966 seasons. The first of those losses, in the 1966 Orange Bowl game, cost Coach Bob Devaney's Cornhuskers a perfect season and, most likely, a national championship.

Although Nebraska averaged what was then a school-record 437.7 yards on offense, including a Big Eight-leading 179.3 yards passing, and ranked third nationally in scoring, averaging 39.1 per game, it was defense that set apart the Cornhuskers — as the Sports Illustrated headline pointed out.

Nebraska ranked second in the nation in rushing defense (85.9), third in scoring defense (8.2) and fifth in total defense (202.9). The Cornhusker Blackshirts included seven first-team All-Big Eight selections, four players who would earn consensus All-America recognition during their careers and two Outland Trophy winners: Glover and tackle Larry Jacobson. Glover would win both the Outland and Lombardi awards in 1972. They were joined in the starting lineup by junior end Willie Harper, like Glover, a two-time All-American. John Dutton, an All-American in 1973, was a sophomore backup.

Besides Glover, Jacobson and Harper, the other first-team all-conference defenders were Terrio, Jim Anderson, Bill Kosch and Joe Blahak. Anderson, Kosch and Blahak played in the secondary.

Anderson and Tagge, one of five Cornhuskers on the All-Big Eight first-team offense, were the captains. Both were from West High School in Green Bay, Wis., as was starting monster back Dave Mason, a junior who had sat out the 1970 season as a medical redshirt.

The other first-team offensive players were Rodgers, Kinney, Carl Johnson and Dick Rupert.

Wingback Johnny Rodgers was a key to the Huskers' national title run in 1971. Rodgers made a name for himself as a junior in 1971, before winning the Heisman Trophy in 1972.

managed two touchdowns, and Oklahoma, of course, scored four. The only time all season that Nebraska even trailed during a game was against the Sooners.

The Cornhuskers opened conference play with back-to-back shutouts against Missouri (36-0) and Kansas (55-0), during a stretch in which they posted 12 consecutive scoreless quarters.

In addition to everything else, the Cornhuskers almost always had good field position because of the punt and kickoff returns of Rodgers, a key to their success, according to Tom Osborne, an assistant who designed and coordinated the offense. "As great as that team was, take Johnny Rodgers out of there on kickoff and punt returns, and it probably wouldn't have gone 13-0," Osborne said.

Nebraska extended its winning streak to 23 games and its unbeaten streak to 32 games in 1971. Repeating as national champions "wasn't automatic," Rodgers said.

But going into the season, "we were pretty doggone confident."

The Cornhusker defense was opportunistic as well as immovable, contributing to a school-record plus-26 turnovers. Nebraska recovered 20 opponents' fumbles and intercepted 27 passes.

Nebraska was No. 2 in the Associated Press pre-season rankings but moved to No. 1 after opening with a 34-7 victory against Oregon at Memorial Stadium. Bobby Moore, now known as Ahmad Rashad, scored the Ducks' lone touchdown with just over three minutes remaining in the game.

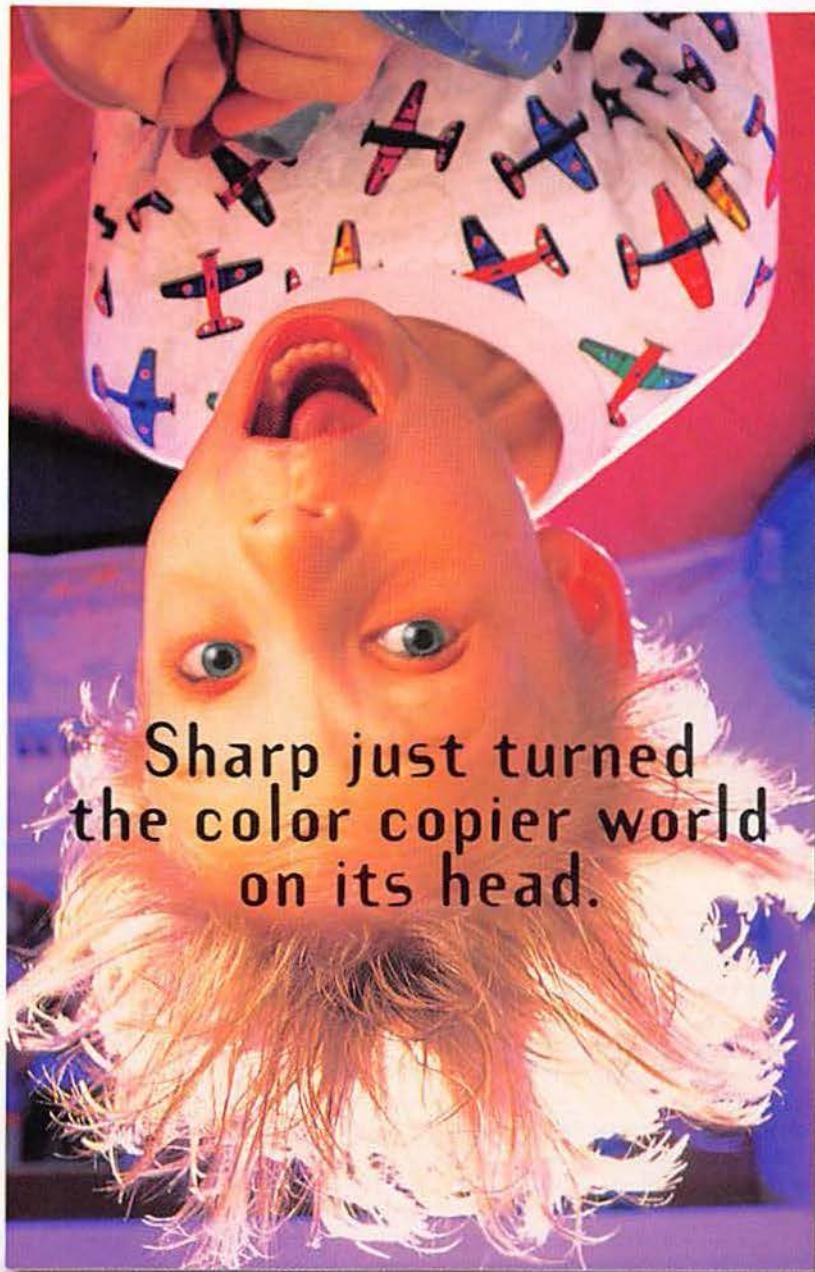

Only three opponents scored more than one touchdown against the Cornhuskers. Oklahoma State and Kansas State each

# 1994 National Champions - 13-0

Byron Bennett's 45-yard field goal attempt sailed wide left in the final second of Nebraska's 18-16 loss to Florida State in the 1994 Orange Bowl game. With that miss, an 11-game Cornhusker winning streak ended. And the run to Coach Tom Osborne's first national championship began.

Nebraska's focus for the 1994 season was finishing the business that had been left incomplete on the night of Jan. 1, 1994, in Miami. The actual process started with a 31-0 victory against West Virginia in the Kickoff Classic in late August, and it concluded with a come-from-behind, 24-17 victory against Miami, on the Hurricanes' home field, in the 1995 Orange Bowl game. To a degree, that game characterized the season.

An important subplot to the drama of 1994 involved the Cornhusker quarterbacks. Junior Tommie Frazier, a two-year starter, opened the season as if he might run away with the Heisman Trophy before being sidelined by blood clot problems in his right knee after the fourth game.

Frazier's misfortune represented an opportunity for junior Brook Berringer, who came off the bench to lead Nebraska to the Big Eight championship and the Orange Bowl game. Berringer was 7-0 as a starter, passing for 1,295 yards (14th on Nebraska's all-time, single-season list) and 10 touchdowns, in what amounted to only eight full games. He threw just three passes in the first three games.

When Berringer was slowed by a partially collapsed lung, a problem that occurred in back-to-back games, sophomore walk-on Matt Turman stepped up and directed the Cornhuskers. Although Berringer had been cleared to play, Turman gained a 7-6 lead against Kansas State at Manhattan that ended 17-6.

Turman had come on to replace Berringer the previous week, directing Nebraska to 23 second-half points in a 32-3 victory against Oklahoma State in the Cornhuskers' Big Eight opener.

The quarterback sequence was somewhat similar in the Orange Bowl victory. Frazier, who had been included on the travel roster for the final regular-season game at Oklahoma (but did not play), started against Miami. Berringer replaced him and got Nebraska on the scoreboard in the second quarter, with a 19-yard touchdown pass to tight end Mark Gilman. Then Frazier returned to finish it and earn game MVP honors.

Nebraska trailed the Hurricanes 10-7 at halftime and fell behind 17-7 less than two minutes into the third quarter. But during the intermission, Osborne had described to the Cornhuskers the way the second half would go if they maintained their composure and continued to play smart physical Husker football. They did.

Afterward, Osborne's halftime speech was made public. It was eerily prophetic.

Even though Nebraska finished its business by going 13-0, it remained for voters in the Associated Press and USA Today/CNN polls to certify the Cornhuskers as national champions. Penn State also went through the season undefeated and untied at 12-0. The Nittany Lions argued to no avail.

Nebraska began the season ranked No. 4 by the Associated Press, moved to No. 1 after the Kickoff Classic, then inexplicably dropped to No. 2 following a 42-16 victory at Texas Tech. Sophomore safety Mike Minter suffered a season-ending knee injury during the game televised by ESPN.

In many ways, Minter was to the defense what Frazier was to the offense. His loss was significant; a fact underscored during an unexpectedly close, 42-32 victory against pass-happy Wyoming.

The Cornhuskers dropped to No. 3 in the AP poll after the Kansas State victory, before finally moving to No. 1 following the Colorado game. The Buffaloes came to Lincoln undefeated, untied and ranked No. 2 by the AP and No. 3 by USA Today/CNN. Nebraska was No. 2 according to the coaches. The Cornhuskers remained No. 2 in the USA Today/CNN rankings another week, before ascending to the top spot on the strength of a 45-17 victory over Kansas, despite a Penn State victory against Indiana.

Nebraska earned the voters' respect with an offense that featured one of the best lines in school history and a new 4-3 defense that allowed only 55 points in conference play. Led by linebacker Ed Stewart, a consensus All-American, the Cornhuskers ranked second in the nation in scoring defense, fourth in total defense and rushing defense, and 10th in pass defense.

The offensive line included Outland Trophy winner Zach Wiegert at tackle. Along with winning the Outland, Wiegert was a consensus first-team All-American. His linemate Brenden Stai earned All-America honors of his own at guard.

Rob Zatechka, the other tackle, was a four-time academic All-Big Eight who graduated with a perfect 4.0 grade-point average in biological sciences. Along with Joel Wilks, the other guard, and center Aaron Graham, the only non-senior among the starters, the group was nicknamed the "Pipeline."

Nebraska led the nation in rushing, with sophomore Lawrence Phillips gaining 1,722 yards, the second-highest single-season total in Cornhusker history. He finished eighth in the Heisman Trophy voting.

Phillips, Graham, Wiegert and Stai all earned first-team all-conference honors on offense.

Stewart, Troy Dumas, Donta Jones, Barron Miles and Tyrone Williams represented the defense on the All-Big Eight first team. Stewart, Wiegert, Zatechka and Terry Connealy were the Husker captains.

A crowd estimated at 14,000 to 15,000 stood in line and braved frigid temperatures for an opportunity to cheer the Cornhuskers at the Bob Devaney Sports Center on their return from Miami.

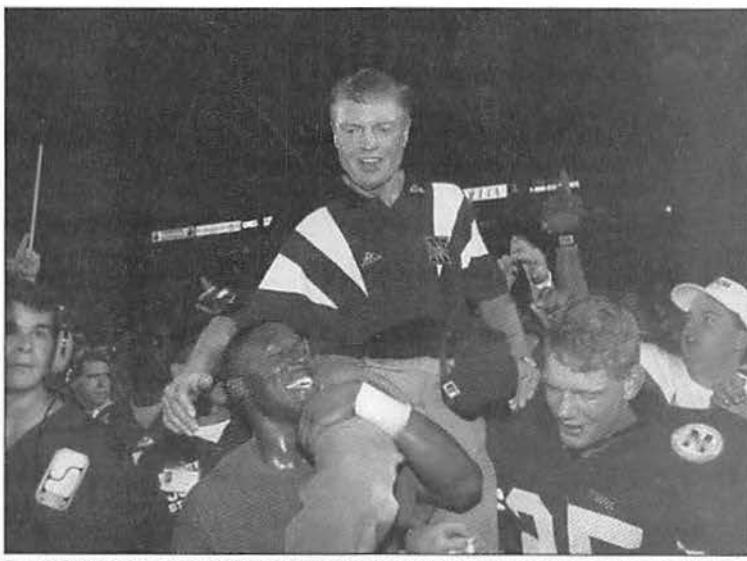

"We didn't just win this for ourselves, we won this for the whole state of Nebraska," Connealy said.

Coach Osborne receives a victory hoist from Jon Vedral and Kareem Moss after the Huskers defeated Miami in the Orange Bowl for Osborne's first national title.

It's all about the beer.™

# 1995 National Champions - 12-0

Tom Osborne's 23rd Nebraska team was arguably his best. The 1995 Cornhuskers were among the best in college football history.

Though such a sweeping assertion cannot be proven, it can be supported. Nebraska's 1995 national championship team was No. 1 on a list of the top major college teams since 1956. The list was compiled by computer analyst Jeff Sagarin, whose rankings are regularly published in USA Today.

The 1971 Cornhuskers were No. 2 according to Sagarin's power ratings. Both were well ahead of the remaining 23 teams on the list, which also included the 1972 and 1970 Cornhuskers.

Nebraska was never seriously challenged in 1995, as it extended a school-record winning streak to 25 games and repeated as national champion—something that has been accomplished only eight other times since the Associated Press initiated its national college football rankings in 1936.

The closest any opponent could come to the Cornhuskers was 14 points. But even that was deceptive. Washington State trailed Nebraska 28-7 after three quarters, in the fifth game of the season. The Cornhuskers scored 20 points in the second quarter to overcome a 7-0 first quarter deficit.

After that, the outcome was never in serious doubt. The final score was 35-21.

Nebraska, which began the season ranked No. 2 by the Associated Press, didn't move to No. 1 until back-to-back victories against No. 8 Kansas State (49-25) and No. 7 Colorado (44-21). After completing a third consecutive undefeated and untied regular season and winning a fifth consecutive Big Eight championship, including four in a row outright, the Cornhuskers eliminated any doubt about their claim to a second consecutive national title by overwhelming No. 2 Florida, 62-24, in the Fiesta Bowl.

Despite the Cornhuskers' success, the 1995 season was one of mixed emotions, resulting from much-publicized off-the-field problems. "It was a terrible year, and it was a great year," Osborne said after the Fiesta Bowl. "It was taxing. On the other hand, it was very gratifying to work with a group of players who had the kind of focus and drive to carry them through. That was the redeeming factor.

"There were times I was running on empty. I take my spiritual life very seriously. I relied on my faith more than I ever have. I was grateful for the sustaining strength that was there."

The star-crossed nature of the 1995 team was further underscored in the spring, when Brook Berringer, a quarterback who had just completed his eligibility, died in the crash of a light plane.

Osborne again had to turn to his faith to handle the tragedy.

"The Brook I knew, there was nothing he could have done better," Osborne said. "The length (of his life) was not what you would have liked. But the quality couldn't have been better."

Berringer, who had stepped in for an injured Tommie Frazier during the 1994 national championship season, accepted his role without complaint and contributed as a proven backup in 1995.

Frazier, fully recovered from the blood clot problems that sidelined

him much of his junior season, broke the Cornhusker career record for total offense (5,476) and touchdowns produced (79). He earned All-America recognition, finished second to Ohio State's Eddie George in balloting for the Heisman Trophy and received the most valuable player award in the Fiesta Bowl game.

Frazier, whose record in four years as a starter was 33-3, established himself among the best quarterbacks in Cornhusker history.

"I would say if I were to choose one player who has had the most impact on the outcome of the greatest number of games over the longest period of time since I've been at Nebraska, it would be Tommie Frazier," said Osborne, who began as a graduate assistant in 1962.

Under Frazier's direction, Nebraska's offense was even more productive than that of the "Scoring Explosion" team in 1983. The Cornhuskers ranked No. 1 in the nation in both rushing (399.8) and scoring (52.4) and No. 2 in total offense (556.3). The 1983 team was slightly better rushing the ball, averaging a school-record 401.7 yards, but it averaged slightly fewer points (52.0) and total yards (546.7).

Ahman Green, who began fall camp down the list on the depth chart, became the starting I-back and broke the school rushing record for a freshman. He gained 1,086 yards and scored 12 touchdowns.

Green would have broken the school scoring record for a freshman were it not for Kris Brown, the place-kicker. Brown, like Green a true freshman, scored 97 points—a school record for kicking.

In addition to Frazier, center Aaron Graham and outside linebacker Jared Tomich earned first-team All-America honors. Graham also was a Cornhusker co-captain, along with tight end Mark Gilman, defensive tackle Christian Peter, safety Tony Veland and linebacker Phil Ellis.

Tomich, a junior who originally walked on, was among five Blackshirts who received first-team All-Conference recognition. The other defensive players were Peter, linebacker Terrell Farley, rush end Grant Wistrom and cornerback Tyrone Williams. Frazier and Graham were joined on All-Big Eight first-team offenses by Green, tackle Eric Anderson and guards Chris Dishman and Aaron Taylor.

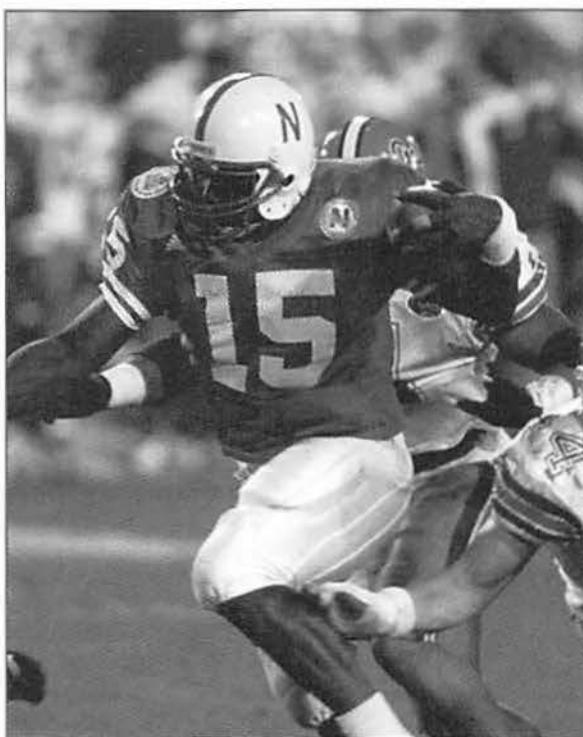

Rarely has college football seen such a team. Maybe never.

Quarterback Tommie Frazier directed Nebraska to a second straight national title, capped by a spectacular Fiesta Bowl performance.

# 1997 National Champions - 13-0

A pajama-clad Tom Osborne was packing for home in the early-morning hours of Jan. 3, 1998, when he heard the news. "By that time, I was wrung out enough that there wasn't much emotion left," he would say later that morning during a post-Orange Bowl game news conference.

His response to the news was typically low-key.

"Naturally, I was very pleased, very gratified," he said.

The source of his pleasure had been the announcement on ESPN — the television set in his room at the Sheraton Bal Harbour on Miami Beach had been tuned to the network "by chance," he said — that his 25th and final team had been voted the USA Today/ESPN coaches' national champion.

The Cornhuskers, No. 2 going into the Orange Bowl game, had squeezed ahead of Michigan in the coaches' poll on the strength of their 42-17 victory against No. 3-ranked Tennessee.

The Wolverines retained the top spot in the Associated Press media poll.

"Being a coach, I know a little bit how they think," said Osborne, who was among those with a vote in the USA Today/ESPN poll. "They probably looked at the fact we were 13-0, and to be unrewarded in some way would be . . . I don't mean to say an injustice. But it wouldn't be a good thing."

No major college football team has gone 13-0 and been deprived of a national title. On the other hand, Michigan argued, no No. 1 team had ever won its bowl game and been dropped from the top.

The split title seemed a reasonable solution.

That was Cornhusker quarterback Scott Frost's point immediately after the decisive victory against Tennessee. "I can't see how any coach outside of the Big Ten or Pac-10 would vote for Michigan because if somebody from North Carolina, Florida State, wherever it might be, Notre Dame, coaches from there, if they were undefeated and won the Alliance bowl game, they would expect to share the national title," the senior from Wood River, Neb., said on the field, in front of CBS television cameras.

"It's been split before. It's OK to split it. It should be split."

Frost was well-versed on national championship history. The title had been split nine times previously since the coaches' poll was established in 1950, most recently in 1990 and 1991.

Nebraska's first national championship in 1970 was split with Texas. Cornhusker defensive tackle Jason Peter was less sharing than Frost.

"If you ask me, I don't think it should be a split title," he said after the Orange Bowl game. "I mean, we proved today that we're the best team in the country, without a doubt."

There probably wouldn't have been much doubt in anyone's mind had it not been for Nebraska's dramatic 45-38 overtime victory at Missouri in November. The Cornhuskers traveled to Columbia with the No. 1 ranking in both polls but returned to Lincoln ranked No. 4.

That same weekend, Michigan went from No. 4 to No. 1 on the strength of a 34-8 victory against No. 2 Penn State, and Florida State, which subsequently lost to Florida, went from No. 3 to No. 2.

Michigan might have slammed the door on Nebraska's national championship aspirations with a more decisive victory against Washington State in the Rose Bowl game, but the door was open "at least a crack," Osborne told his team after it watched the Wolverines win 21-16 on New Year's Day.

Coaching the Cornhuskers to a third national championship in four seasons was a fitting conclusion to Osborne's Hall of Fame career. The National Football Foundation waived its three-year waiting period for

induction, allowing Osborne to be enshrined alongside the game's greatest coaches without delay.

Nebraska became only the second major college football program since the Associated Press began ranking teams in 1936 to earn three national titles in four seasons. Notre Dame won national titles in 1946, 1947 and 1949.

Peter and rush end Grant Wistrom, the Lombardi Award winner and two-time Big 12 Defensive Player of the Year, were the heart and soul of Nebraska's 1997 national champions.

"Those two guys, among some others, ramrodded that football team," Osborne said. "They decided a year ago they were going to come back and get the thing done. Their leadership was invaluable."

Peter and Wistrom earned All-America honors, as did offensive guard Aaron Taylor, the first Cornhusker to be named an All-American at two positions. He played center in 1996. Taylor was voted the Outland Trophy winner, with Peter being one of two runners-up.

Frost and I-back Ahman Green were among other key players on offense. Frost became only the 10th player in major college history to rush for 1,000 yards and pass for 1,000 yards in the same season, finishing with 1,095 and 1,237, respectively. His 2,332 yards of total offense were one short of the Nebraska single-season record, set by Jerry Tagge in 1971.

Green rushed for 1,877 yards, which were second in the nation. His yards also ranked second on the Cornhuskers' all-time single-season list, behind 1983 Heisman Trophy winner Mike Rozier's 2,148 yards.

Every Cornhusker, from freshman Matt Davison, whose touchdown catch of a deflected Frost pass on the final play of regulation against Missouri kept the title hopes alive, to scout team players such as senior Doug Seaman, contributed in varying degrees to Nebraska's fifth national title.

The 1997 national championship team was "somewhere in between" the 1994 and 1995 national championship teams, according to Osborne. It was "probably a little more talented than '94, certainly not near as controversial as '95. That was nice," he said. "So it was just kind of a nice way to go."

"Great leadership on the part of the players, and I didn't have to do much."

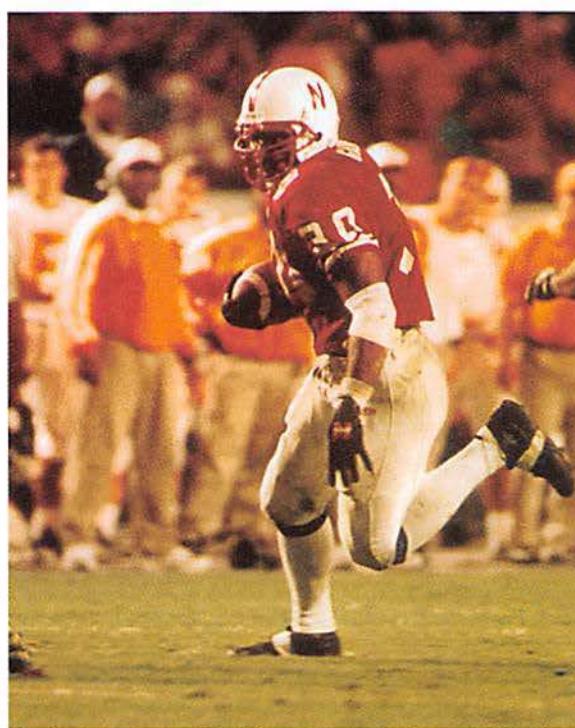

He was being overly modest, of course. The record will attest to that.

# The University of Nebraska

The Esther L. Kauffman Academic Residential Center, under construction north of the Nebraska Union, will provide a high-tech living and learning environment as home to the J.D. Edwards Honors Program in Computer Science and Management. The program prepares graduates to use computing foundations, information technology, and business principles to meet the challenges of industry in the 21st century.

For 131 years, the University of Nebraska-Lincoln has been the leading institution of higher education in the state. With more than 22,000 current students and about 190,000 graduates, the University of Nebraska-Lincoln is the largest campus in the university system and its principal doctoral degree-granting institution. While dedicated to providing the best educational experience for its students, the University also is committed to serving the citizens of the state with a variety of outreach and extended education programs.

The University of Nebraska was chartered by the Legislature in 1869 as the state's public university and land-grant institution. It was the first college west of the Mississippi River to confer graduate degrees. As the University system's most comprehensive entity, the Lincoln campus includes the agricultural components organized within the Institute of Agriculture and Natural Resources.

The University is a Carnegie Foundation Research Institution I, a member of the Association of American Universities and has been accredited by the North Central Association of Colleges and Schools since 1913.

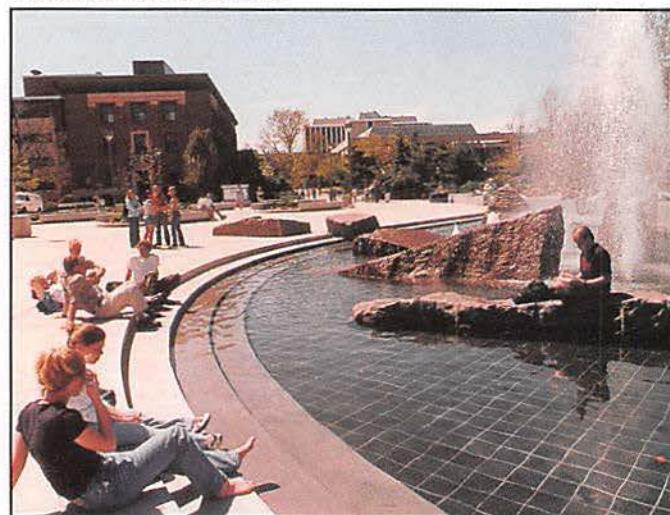

The university offers 36 doctoral programs, 63 master's degree programs and five six-year specialist degree programs. The College of Law has a professional degree program and jointly administers with the Graduate College eight programs that combine a master's or doctoral degree with a law degree. Nine undergraduate colleges (Agriculture and Natural Resources, Architecture, Arts and Sciences, Business Administration, Engineering and Technology, Fine and Performing Arts, Human Resources and Family Sciences, Journalism and Mass Communications, and Teachers) offer more than 120 baccalaureate degree programs in the arts, sciences, humanities and professions.

A Comprehensive Education Program embodies the ideals of a liberal arts education. The program acquaints all undergraduates with the basic research tools and the global human context and introduces them to a wide variety of academic subject areas. It emphasizes strong written and oral communication skills and critical thinking. A co-curricular component encourages student leadership and involvement in campus activities and in the wider community.

The George W. Beadle Center for Genetics and Biomaterials Research was dedicated in 1995 and is one of the University's major facilities for science and technology. The center contains state-of-the-art laboratories devoted to research and development in biotechnology, biochemistry, biological materials and related fields. The center is named in honor of a Nobel Prize-winning geneticist and University alumnus.

The University reaches thousands of citizens across the state each year through outreach activities. The Cooperative Extension Service provides all Nebraskans with information and assistance in agriculture and natural resources, home economics, family living, 4-H and community resource development. Continuing Studies offers alternatives to formal on-campus education with programs, including Internet courses, summer reading courses, evening classes, independent study by correspondence, telecourses and study tours.

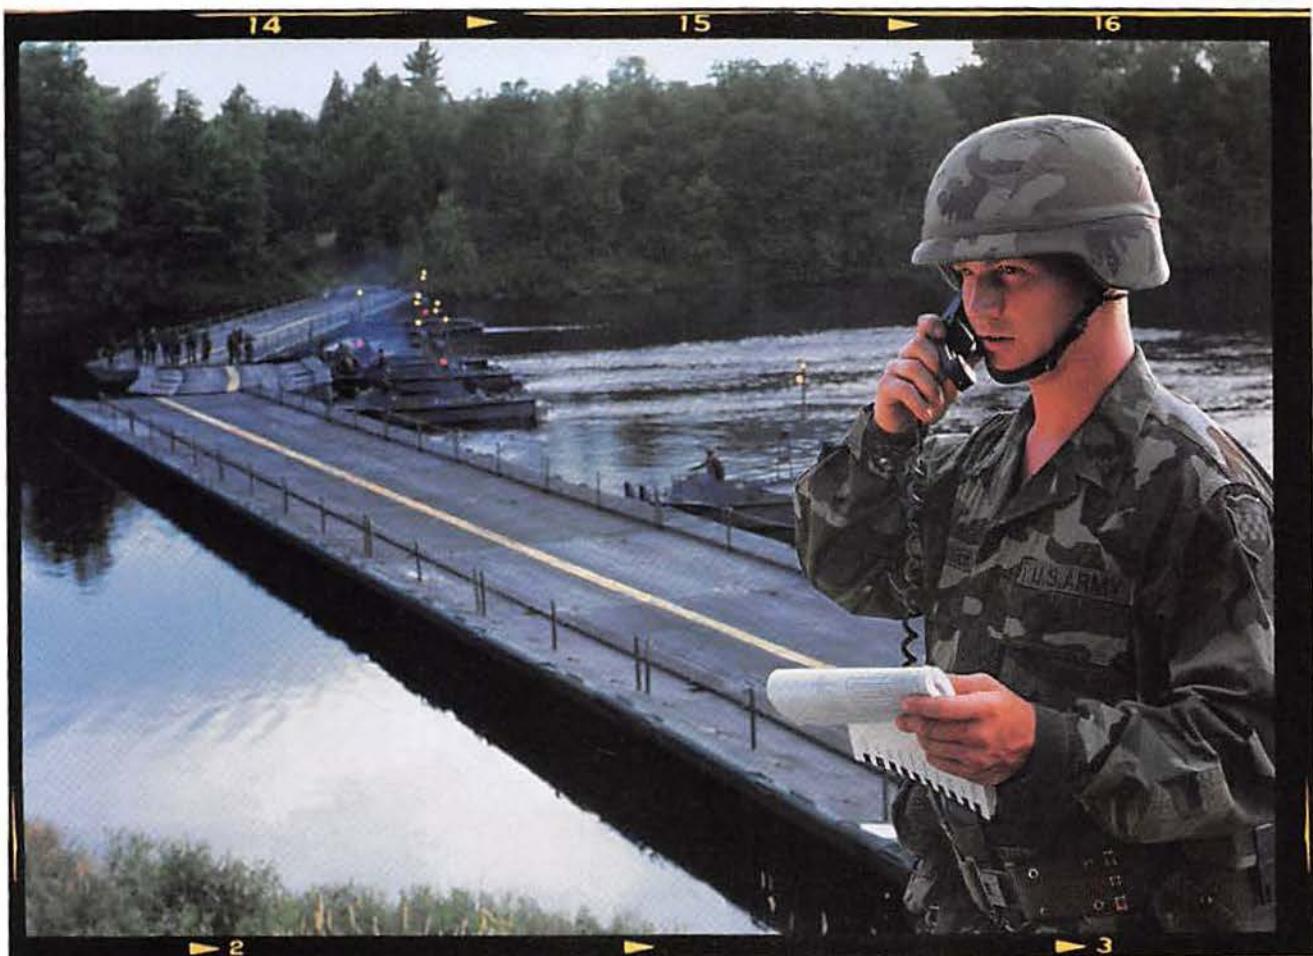

A number of specialized centers offer assistance to the state's citizens. For example, the Bureau of Business Research is a valuable resource for individuals and local governments. The Food Processing Center has helped hundreds of businesses with everything from product development to marketing, and the Technology Transfer Office expedites the movement of university-developed knowledge into real-world products and processes. The campus is home to the nationally renowned Sheldon Memorial Art Gallery and Sculpture Garden, the Christlieb Collection of Western Art and several other galleries. The Lied Center for Performing Arts draws big-name acts in contemporary entertainment, and the University of Nebraska State Museum boasts a world-class fossil collection.

# Gibson Matures into Leader for NU Receivers

John Gibson

By Jerod Dahlgren

Although John Gibson is not a marquee player, the senior wingback has become a cornerstone of the Nebraska offense.

"You can see the senior in him coming out," Husker

receiver's coach Ron Brown said. "In his own quiet way, he has become a leader. As a coach, when I look at him I see him as the cement. You don't see the cement, you just see the building or the structure. The cement keeps things together, and that is how I see John right now."

Touted as one of the top recruits coming out of Nebraska in 1996, lofty expectations were set for the Papillion native. Those expectations faced the test of many adversities, developing Gibson into a mature individual and a key ingredient in NU's offensive success. His perseverance throughout his career earned the respect of his coaches and teammates, despite his tendency to draw attention to himself with his exotic hair styles and pets.

Voted Nebraska's high school player of the year by USA Today in 1995, Gibson accounted for more than 1,500 yards during his senior campaign. So far in his career at Nebraska, he has caught four passes for 37 yards, but that doesn't bother him.

"When I came in I didn't expect to get as big of numbers because it is not a passing offense," Gibson said. "But I have given a pretty good contribution to the team in other ways as far as my blocking goes."

Those lofty expectations seemed well within the grasps of Gibson after his first game as a Husker in 1997.

After catching two passes for 18 yards as a redshirt freshman in the season-opener against Akron, Gibson's stock was rising among the NU receiving corps.

But in a fall open-week scrimmage six days later, Gibson tore his right ACL, ending his promising season.

"It was real disappointing," Gibson said. "I had a good fall camp. In the first game I got in on a lot of plays and each day I was improving on my blocking and everything, but when I got hurt it was real disappointing. All my goals I had set for that year were just kind of shattered."

Brown picked up on the disappointment, but has also seen Gibson bounce back and excel.

"He was on the verge of really taking off as a player during his redshirt freshman year,"

Brown said. "He had a good opener and looked like he was ready to turn the corner. Then he had that freak injury and he really never got it back until last year."

Even though Gibson was back at full speed, he still had other obstacles in the way.

"John fought through a lot of stuff, and he could have gone under," Brown said. "Some kids do go under. You get a tough injury that knocks you out of it, you come back there is Shevin Wiggins, Bobby Newcombe and Lance Brown ahead of you. You have to just fight back. I would imagine there were times for John, where he must have felt that he was running in quick sand."

Now in his senior season, Gibson has settled into his role as NU's No. 2 wingback alongside Newcombe.

"It was pretty tough at first, but I have adjusted," Gibson said. "I have learned that I have a certain role to play on this team and to just go out there and do it."

Gibson's work ethic and attitude has not gone unnoticed among his peers either.

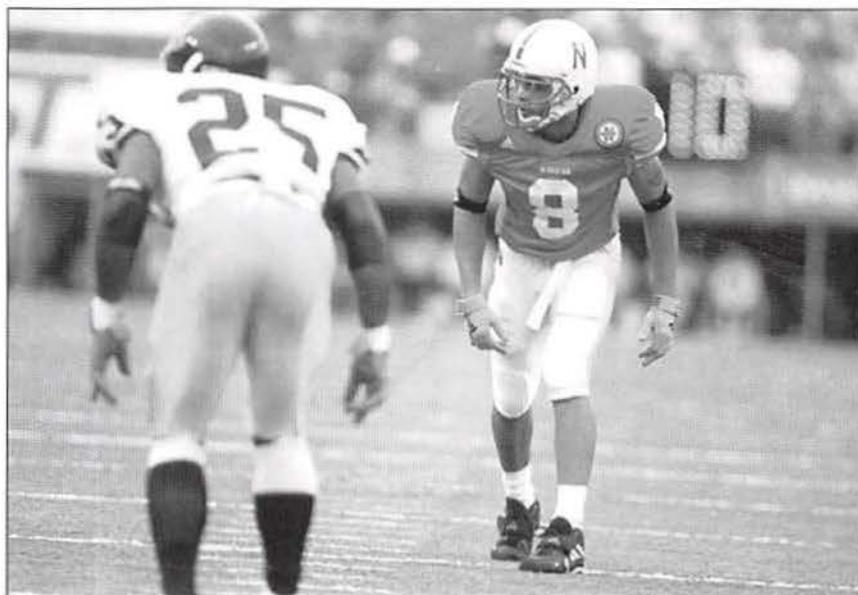

"He's really worked hard this last summer and spring and is a lot better player now than he has ever been," senior split end Matt Davison said. "He has had a tough road, but now he is really getting it done."

Off the field, Gibson has trouble not sticking out. During his first couple years on campus, Gibson wore his hair in braids or sported a large afro. Lately, Gibson has toned it down, going with the short, more conservative look.

"When you go out into the real world, you can't go walking around with long hair all of the time," Gibson said. "First impressions when trying to find a job are a must."

Despite the adjusted exterior image, Gibson still wanders off the beaten path. Currently Gibson is the owner of a baby Honduran boa.

"John is an independent young man," Brown said, smiling. "He beats to his own drum. He is not a rebellious kid. He is a very cordial young man and is easy to coach. But he has his own step and that is what makes him unique and delightful to me."

# No. 3 Husker Soccer Team Led By Omaha Duo

By David Wilson

Somehow, **Becky Preston** and **Meghan Anderson** always seem to find each other on the soccer field.

The one-time Omaha Burke High School teammates have helped the third-ranked Nebraska soccer team to an 8-0-0 start, connecting four times for goals, including the game-winning goal against then-24th-ranked Purdue on Sept. 10.

Anderson leads the Big 12 Conference with 21 points on six goals and nine assists, while Preston sits among the league leaders with 16 points on five goals and six assists.

"They seem to have a nice understanding," Nebraska Head Coach **John Walker** said. "That probably comes from years of playing together. And they're both off to excellent starts this year."

The two grew up together on the same block in Omaha and were club and high school teammates. Preston has assisted an Anderson goal twice this season and four times in her career. Anderson has assisted a Preston goal twice this season and four times in her career, as well. In all, the two juniors have connected with each other eight times in the last three seasons.

"Somehow, we just always seem to find each other," Preston said.

Preston has always displayed blazing speed and tremendous ball-winning ability for the Huskers. The first-team academic All-Big 12 pick started all 25 games for the 22-1-2 Huskers as a sophomore in 1999, scoring 11 points on four goals and three assists. She also played in all of Nebraska's 22 games with one start as a true freshman in 1998.

Preston, a 5-6 forward, has already scored a career-high five goals this season, including a two-goal performance against Florida on Sept. 8, notching the first multiple-goal game of her career. In all, Preston has taken 13 shots, scoring 39 percent of the time.

"I'm so pleased with Becky," Walker said. "She's been someone that we've had to push to shoot the ball. That's the final piece of the puzzle."

Unlike Preston, Anderson has never shied away from taking a shot. This season, Anderson has unleashed 31 shots, the second-highest total on the team to sophomore forward **Christine Latham**. Anderson, a 5-7 midfielder, has scored 94 points in her career and ranks fourth on Nebraska's all-time scoring chart. She could challenge Lindsay Eddleman's school-leading career mark of 128 points by the end of the season.

One of the best finishers in all of college soccer and a U.S. Under-21 National Team player, Anderson recorded her second multiple-goal game of the season and seventh of her career against Purdue. She added her sixth goal of the season in a 2-0 win over Dartmouth on Sept. 15, at the UConn Classic in Storrs, Conn. She has also posted a league-leading nine assists this year.

Although Anderson did not manage a goal or an assist in Nebraska's 2-0 win over No. 20 Connecticut in the UConn Classic on Sept. 17, she did earn a spot with three other Huskers, including senior forward **Lauren Tatum**, on the all-tournament team.

"Before it's all said and done, Meghan just might be the most complete player that we have ever had at Nebraska," Walker said. "She just does everything so well, and she continues to raise her level of play every game. She has already had a remarkable career here, and she still has almost two full seasons left."

Aside from Preston and Anderson, several other Huskers have played big roles in helping Nebraska back into the national championship hunt for the fifth straight season. The Huskers have also raced to an early lead in nearly every Big 12 Conference offensive category this season.

Latham scored her league-leading eighth goal against Dartmouth, boosting her season point total to 17.

Latham, who is also a starting forward for the Canadian National Team, ranked third on the 1999 Nebraska squad with 29 points as a true freshman to earn second-team All-Big 12 honors. Anderson finished with 54 points, while Eddleman recorded 32.

Nebraska's Meghan Anderson ranks among the nation's leading scorers again in 2000 with 21 points on six goals and nine assists, while guiding the No. 3 Husker soccer team to an 8-0-0 record.

Even this year's crop of freshmen is getting in on the scoring action. Midfielder **Christy Harms** has seen significant playing time in every game for NU this season, scoring 13 points on five goals and three assists. Three of her goals came in NU's 11-0 win over Drury on Sept. 3, which also marked the first start of Harms' career.

Freshman forward **Kelly Haxton** has added nine points on three goals and three assists, while **Lindsey Greenwood** and **Marie-Claude Henry** also have made important contributions to Nebraska's success.

While the Huskers have been one of the nation's most potent offensive teams, Nebraska's defense is also making a name for itself.

Senior goalkeeper **Karina LeBlanc**, a finalist for the Hermann Award (soccer's version of the Heisman Trophy), has posted six shutouts and allowed just three goals through Nebraska's first eight games.

After a 2-0 shutout of No. 20 Connecticut, LeBlanc lowered her Big 12-leading goals-against average to 0.46. She also earned a spot on the UConn Classic All-Tournament team. The Maple Ridge, British Columbia, native is also the starting goalkeeper for the Canadian National Team.

Defensively, the Huskers have been helped by veteran defenders **Christine Gluck**, **Jenny Benson** and **Breanna Boyd**. Benson, a four-year starter, is a three-time All-Big 12 Conference performer as a midfielder, while Gluck has been one of the most solid defenders in the league the past two years. Boyd, a sophomore from Calgary, Alberta, joined LeBlanc, Anderson and Tatum on the UConn Classic All-Tournament team last weekend. She is also a starting defender for the Canadian National Team and one of the fastest players in college soccer.

After battling Baylor in the Big 12 Conference opener on Friday night in Waco, Texas, the Huskers play host to Creighton tomorrow at 7 p.m. at the Abbott Sports Complex, located 1 1/2 miles north of Cornhusker Highway on 70th Street.

# Huskers Seek Olympic Gold in Sydney

By Adam Froemming

*Note: This is the first of a two-part series on Nebraska athletes competing at the 2000 Olympics. For updates during the Olympics, log on to [www.Huskers.com](http://www.Huskers.com).*

While many Husker student-athletes are entertaining thoughts of capturing national titles in football, volleyball and soccer this fall, others are working their way toward gold medals in Sydney, Australia, at the Olympics.

This year, there are 18 current or former Huskers representing their homelands in the land down under. Two wrestlers, two wrestling coaches, one former gymnastics coach, one volleyball player, three runners and 11 swimmers make up the Nebraska contingent in Sydney.

Husker head wrestling coach **Mark Manning** is in Sydney as a volunteer assistant coach for the Team USA freestyle wrestling team, while wrestling assistant head coach **Terry Brands** is competing in the 127-pound weight class for Team USA. Former Husker wrestler **Matt Lindland** made the trip to Sydney to represent America as a member of the 167-pound weight class in Greco-Roman wrestling. **Rulon Gardner** will also represent Team USA in Greco-Roman at heavyweight. Gardner earned All-America honors as a senior in 1993, placing fourth at the NCAA Championships.

Swimmer **Therese Alshammer** will don the colors of her native Sweden. Alshammer, who was recently featured in the Sports Illustrated Olympic Preview issue, is the world-record holder in the short course 50- and 100-meter freestyle. Other Husker swimmers in Sydney include: **Juan Benavides** (Spain), **Javier Botello** (Spain), **Elvira Fischer** (Austria), **Valery Kalmikovs** (Latvia), **Helene Muller** (South Africa), **Marion Reiff** (Austria), **Razvan Florea** (Romania) and **Michael Windisch** (Austria).

Medal hopes also rest with two other former Husker swimmers also in Sydney: 1996 South African Olympian, double-gold medalist and NCAA champion **Penny Heyns** and 2000 NCAA champion Australian **Adam Pine**. Heyns became the first NCAA champion in school history by winning the 100-yard breaststroke in 1996, while Pine became the first male swimmer in school history to capture an NCAA title in swimming after capturing the 100-meter breaststroke in a U.S. Open and NCAA record time of 51.23.

Many of the swimmers will be experiencing their second or even third Olympiad. Heyns, Muller, Fischer, Benavides, Alshammer and Kalmikovs all swam in Atlanta in 1996. Heyns also competed at Barcelona in 1992. For Muller, the chance to compete in the Olympics again is special.

"I feel like I am getting a second chance to perform better than I did the first time (in 1996)," Muller said. "I know now what to expect and what is going to happen."

Former All-American Kalmikovs has a special connection to the Olympics, as his mother is the Latvian coach and his sister swims the 100- and 200-meter butterfly for Latvia.

For Husker swimming and diving head coach **Cal Bentz**, the Olympics are a chance for Husker athletes to showcase their skills on a world-wide level.

"I think that we have developed a program that shows that given the talent, we are capable of taking kids to the next level," Bentz said. "We have done that with a lot of student-athletes. We have a lot of great athletes here at Nebraska."

Bentz isn't the only Husker coach with multiple student-athletes competing in the games. Track and field coach **Gary Pepin** has a trio of Olympians as well in Columbian **Jimmy Pino**, Yugoslav **Jelena Stanisavljevic** and **Merlene Ottey** of Jamaica.

"We've had at least one athlete in every Olympic Games since 1956," Pepin said. "That speaks highly for the level of athletes that we have here at Nebraska. We're extremely pleased that the tradition will continue."

Ottey will be competing in her sixth Olympics, as she has competed every year since 1980. Ottey has captured two silver and five bronze medals. She is the most decorated track and field athlete in school history, capturing 14 indoor and outdoor NCAA titles.

# Hire a Husker Program

The student-athletes at the University of Nebraska know what being part of success is all about. They understand the commitment that they make each year to their coaches and teammates will serve them well in their "quest to be the best" on the field of competition. During the summer, players make tremendous gains physically and the "team chemistry" starts to come together. In order to work out in Lincoln each summer, most players need some help financially. Huskers also realize that everything they do as student-athletes in preparation of winning championships will transfer with them throughout life into a successful employment opportunity and professional career.

When you hire a Husker, you are employing young adults who have qualities and strengths that will complement your business and associate needs. Husker student-athletes are self-motivated, disciplined and responsible. As they work to master their sport skills for competition, they too are gaining valuable experience in time management and organizational skills. A student-athlete from the University of Nebraska understands the demands of a full day, which typically includes attending classes, practice, strength and conditioning workouts, team meetings and studying. Huskers are prepared to accept the challenges of your employment opportunity. They are willing to learn and capable of doing the job you request.

## Why is the Program Important?

Because of NCAA limitations on the number of athletic scholarships that are allowed to award each year, not every student-athlete who is a member of the football team is receiving a scholarship. Many of our athletes are walk-on team members who must endure the expenses of attending the university on their own. These athletes must work during the summer vacation period as well as during the academic year to offset registration fees and cost of living expenses. These non-scholarship athletes play an integral part in the success of our football program and without employment, would not be able to attend the university or participate on the football team. An employment opportunity for these young men simply make their dreams of becoming a Husker come true.

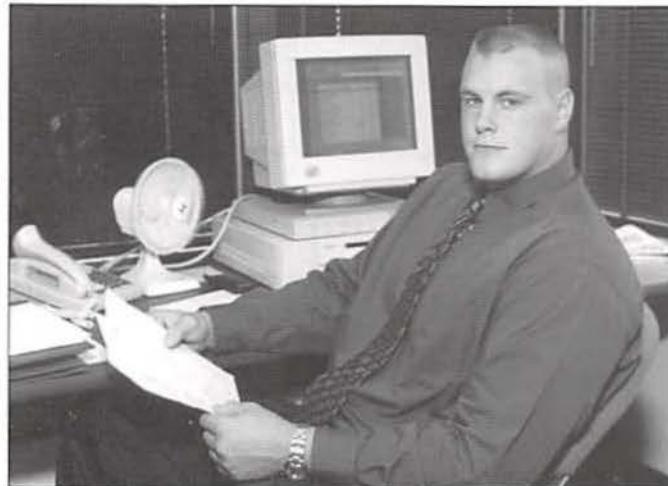

A football student-athlete who is receiving an athletic scholarship has all of his academic related expenses provided. These expenses include tuition, room and board and books and fees. However, all other personal expenses, such as return home travel, clothing needs, medical or dental services, telephone access, etc., are the responsibility of the student-athlete. The student-athletes who receive athletic scholarships also benefit greatly from summer and academic year employment. Employers who provide job opportunities for any of our football athletes play a very important role in the support system for our student-athletes.

## Who to Contact About the Student-Athlete Employment Program

If you are interested in employing a Husker football player during the summer vacation period, you should contact the Nebraska Football Office at (402) 472-3116. Coaches Turner Gill and Dan Young along with football secretary Joni Duff will coordinate the placement of football athletes for your employment needs.

During the academic year, contact should be made with Theresa Becker, Assistant Compliance Director for the Athletic Department, located at 300 West Stadium. Proper forms and documentation regarding the employment of a student-athlete must be completed before beginning of employment as well as at the conclusion of the employment appointment. Feel free to call (402) 472-7009 with questions or concerns.

For more information regarding NCAA rules on student-athlete employment, please contact the University of Nebraska Compliance Office at (402) 472-2042.

Russ Hochstein was one of the Nebraska football players who participated in the "Hire a Husker" program last summer.

# Getting Down and Dirty with Science

By Kelly Bartling, Public Relations

Scrambling along the musty, dry lake bed, the scavengers descend logs and crusty chunks of cattle manure.

"You guys ready to flip over this cow pie?" calls senior biology major Heidi Baumert to her classmates. It was still somewhat moist, so the women hesitate, hinting only momentarily at dread.

"You've got to love to get your hands dirty," says Baumert. "That's what this class is about. You have to get your hands in there."

Buckets and jars fill with insects that the young scientist hope are infected with parasites. With luck, the students will find microscopic parasitic intruders in their specimens. And back at their lab, they will compare cricket parasites to those of damsel and dragonflies netted at nearby Dunwoody Pond.

This is field parasitology at Cedar Point Biological Station, UNL's field research site that nestles among the arid sandstone bluffs, cedar canyons, shortgrass prairie, lakes and springs near Lake O'gallala. In their final days of a summer five-week class, the students are accustomed to the dirt, heat, muck and the associated exhausting physical rigor that comes with participation in this twice-a-week class.

"It's a good time," says student Josh Krejci, also a biology major. "It's the best way you can spend your tuition dollars. By far. You're actually getting out here and doing things instead of listening."

That was the intent of biosciences professor

At Dunwoody Pond near Cedar Point, students collect lake vegetation in the hunt for parasites, insects, leeches and other materials.

John Janovy and his colleagues Brent Nickol and Gary Hergenrader who 25 years ago took over a former Girl Scout camp to arrange a scholarly refuge for university students, researchers and instructors. They envisioned a place where biology could be experienced. Over those 25 years the station has grown from its original 30 acres to a two-square-mile site with 19 buildings comprising student and faculty living units, labs and a central lodge. During the summer, as many as 70 people a day sleep, eat

and study at Cedar Point, working around the clock.

Hosting classes like field parasitology, aquatic microbiology, prairie ecology; and research projects on birds, parasites, and insect herbivory, today's Cedar Point enjoys a wide reputation. Students emerge from their summer studies as field scientists.

"In 1983, I was an undergraduate out here, and took two classes. That would change all my career goals and why I was a biology

Biology students Ashley Jones and Scott Coleman collect various specimens for later study in their field parasitology lab.

Alison Benson grasps a handful of sand containing tenebrionid larvae.

major," said Richard Alward, a biologist and now associate director at Cedar Point. "I realized you could get paid for doing biology in the field. Here, you get out and find the organisms. You know their whole environment. It's not just microscope work or preserved organisms from a catalog."

Baumert, Krejci and the other 20 students spent about three hours that August morning collecting specimens at three sites, using dip nets and their bare hands, wading into streams and greenish ponds, while scores of wild turkeys ran, a rattle snake was uncovered in the log brush, mosquitos bit and dust stuck to sweaty brows. After the group returned to the lodge for lunch, they spent the afternoon under Janovy's watchful eye dissecting their catches, creating slides, and tediously sorting and characterizing the identifiable parasites found inside insect families. Following the evening meal, the students returned to their slides and did several hours of computer-matrix conversion for the parasite characteristics.

Their day had started at 7 a.m. and ended about 10 that night. Many would be up for several hours more preparing for aquatic microbiology the next day, with lights burning into the early morning hours.

"The camaraderie is a big part of the experience," said Julie Shaffer, a biology professor at the University of Nebraska at Kearney and instructor of the microbiology class. "This class is small; seven students, and I'm with them all the time. We do things together, eat together, they know where I live because my place is just a few yards away from theirs, and they can find me any time.

Biosciences professor John Janovy collects specimens for research.

That's a lot closer relationship, and I believe a valuable experience."

Meals together and round-the-clock study at the station prompt a different view of the possibilities of biology, the teachers and students said.

"One thing you get at Cedar Point that you don't get anywhere else is such a high degree of interaction with scientists, both in your field but also unrelated to your field," said doctoral candidate Ben Hanelt, a researcher in parasitology. "You get a different perspective here than when you're on main campus or holed

up in your lab. You analyze your data and talk about the implications, you see and learn for yourself."

Janovy said access to a diverse environment is what fuels both the scientists' learning and their study.

"When you study microorganisms there is diversity everywhere, but this particular site and the surrounding 100 miles is a very rich source of teaching and research for us," said the biologist, who also uses the Cedar Point landscape and experience as fodder for most of his books. "It's real easy to teach here. There's a lot of stuff. It's all at your fingertips, it's all alive, and it's all in the proper context."

"You can never order a field program from a catalog."

If you could, it might be a lot like Cedar Point.

"Getting away from all the distractions of city campus, and being surrounded by like-minded people as much as anything tells us what education ought to be about," Janovy said. "When students are surrounded by peers and are focusing on problems they are interested in, they're seeing the value of studying the material. Not because it is a course requirement, but because it interests them. That's a principle that goes well beyond biology."

The field program is the place where teaching, research and original experience, and the beauty of nature all merge together, and are inseparable. That's what biology is all about."

The lounge area of the Cedar Point lodge is popular for students to study or hang out between labs and classes.
